# FASHION WE **A**EK

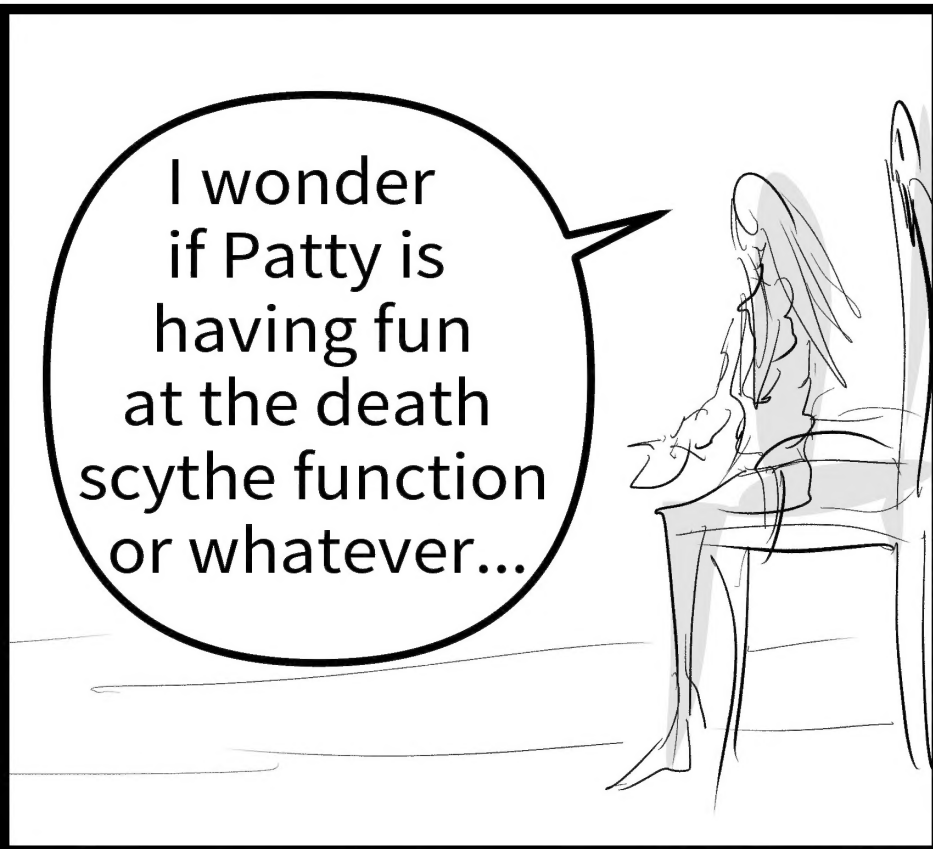

\*sigh\*...

WAY TOO MUCH \$

Even designer clothes get boring by oneself

I wonder if Patty is having fun at the death scythe function or whatever...

-and that's why we're proposing to redeploy those death scythes to the relevant regions

Any objections, miss Thompson?

ugh...

Why did I  
even bother  
with the  
napping hat

Take this  
seriously!

I am, that's why  
I let you blabber  
about the stuff I  
have no idea on

The sooner you  
are done with it,  
the faster we can  
get to the most  
important thing:

Finding

Kid

Haha, that can wait!

Can it really, lord Death?

Won't you

forget again?

I like the stationery!

Lord Death, this is serious, and don't even try to deflect by saying "I am hoho!"

Shit...

A black and white sketch of a hand holding a letter. The hand is positioned in the upper right, with fingers curled around the letter. The letter is rectangular and has some faint, illegible markings on it. The background is filled with loose, expressive lines suggesting movement or a dramatic scene.

This letter was a warning

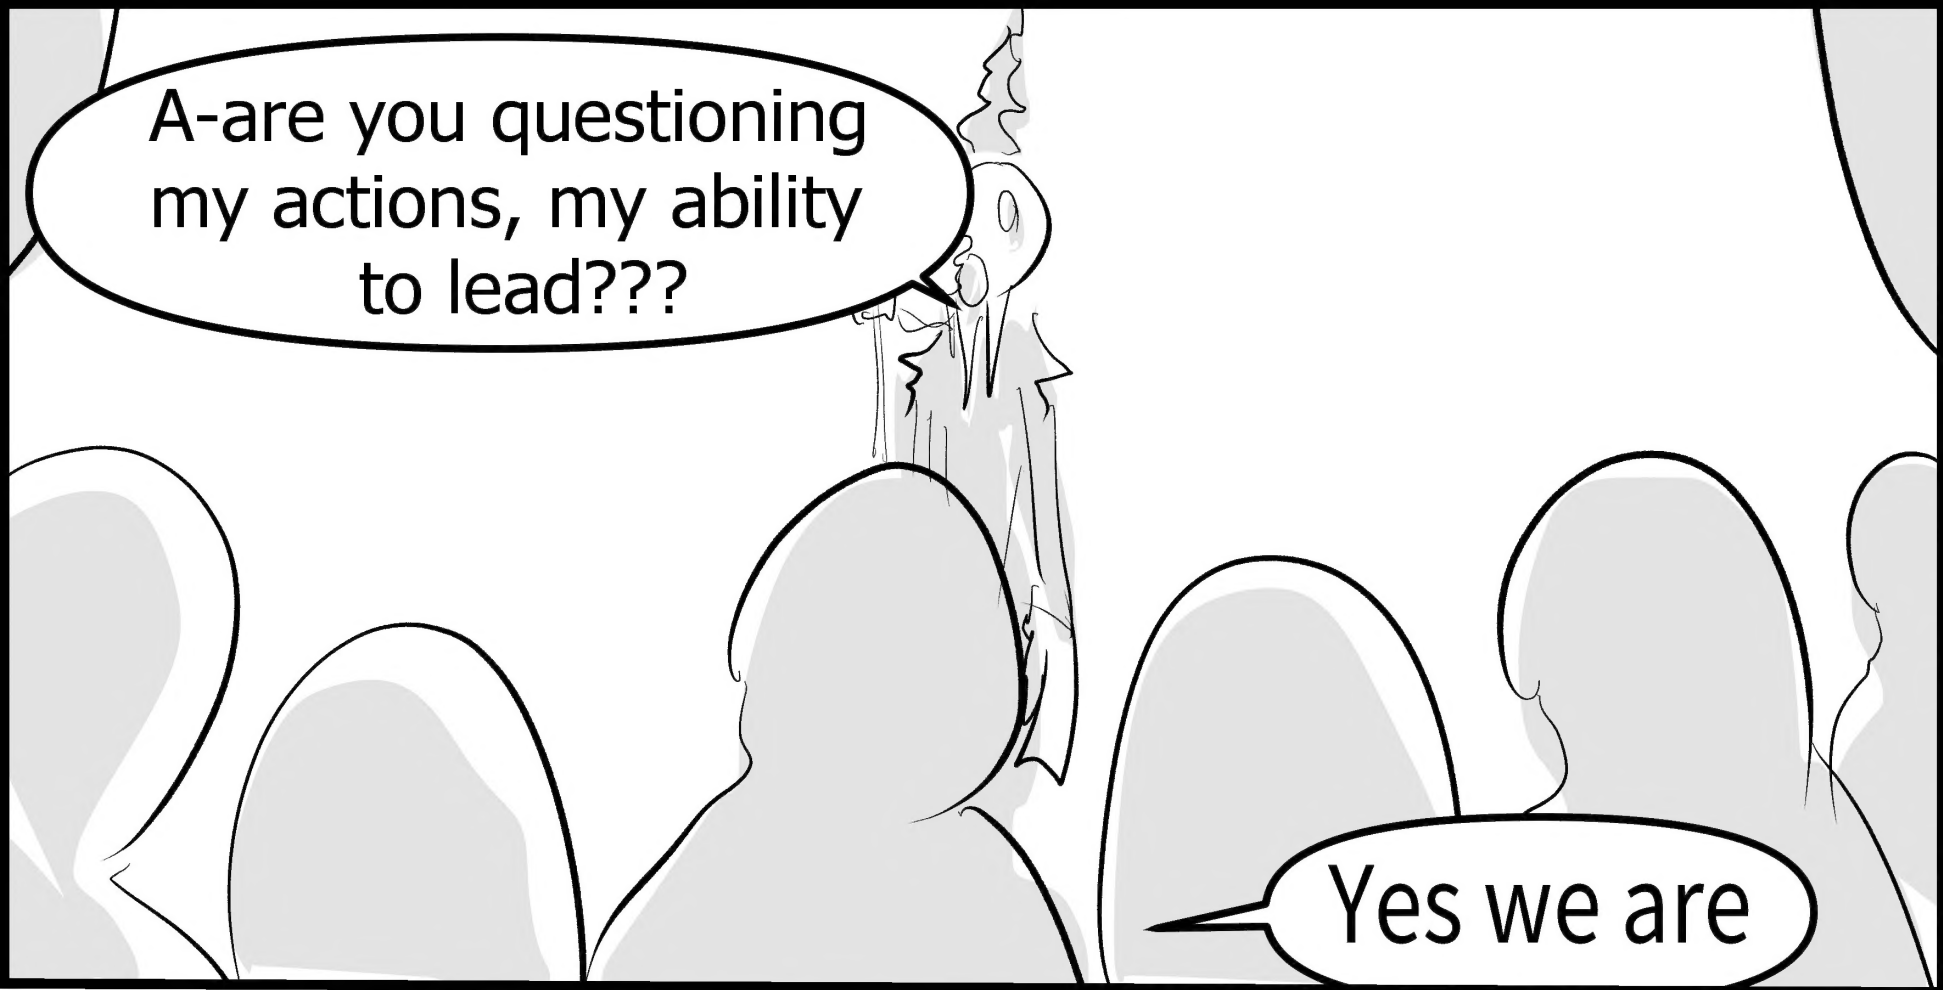

Telling us about the witch attack  
that lead to Maka's kidnappig

A black and white sketch of a character's face, shown in profile, laughing heartily. The character has spiky hair and a wide, open mouth showing teeth. The background is filled with dynamic, swirling lines that emphasize the laughter and the chaotic nature of the scene.

And that took  
care of itself!  
Haha!

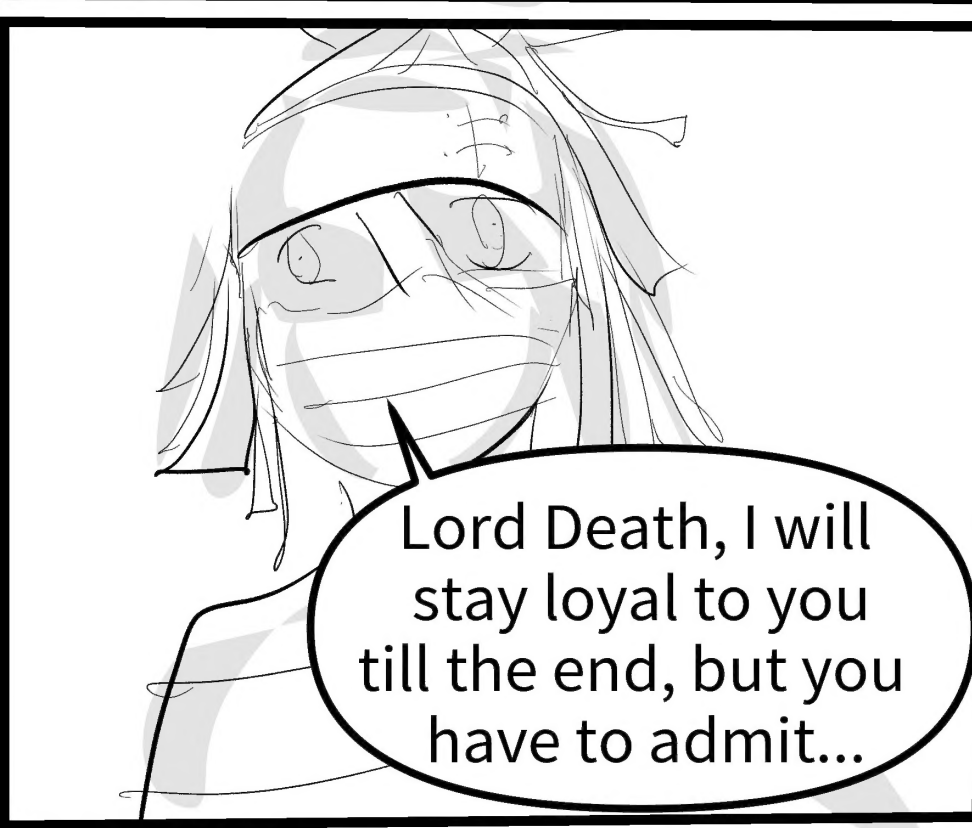

Such an careless  
attitude does only  
lead to catastrophe

As it did in  
her father's  
case

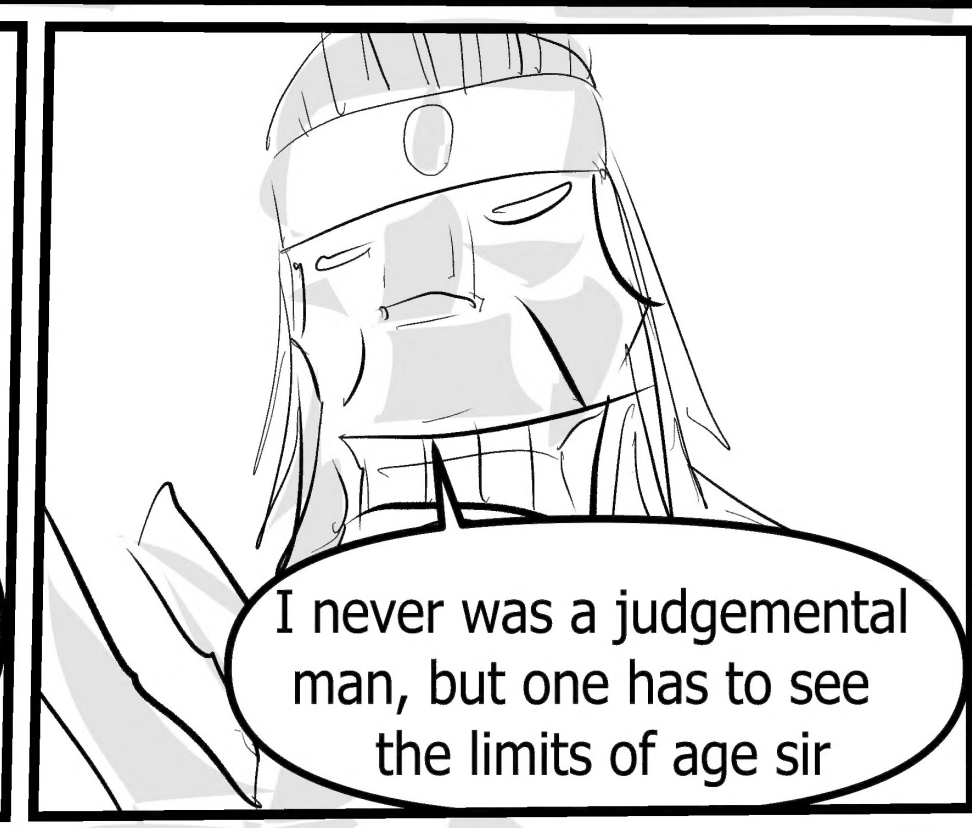

A-are you questioning  
my actions, my ability  
to lead???

Yes we are

Lord Death, I will  
stay loyal to you  
till the end, but you  
have to admit...

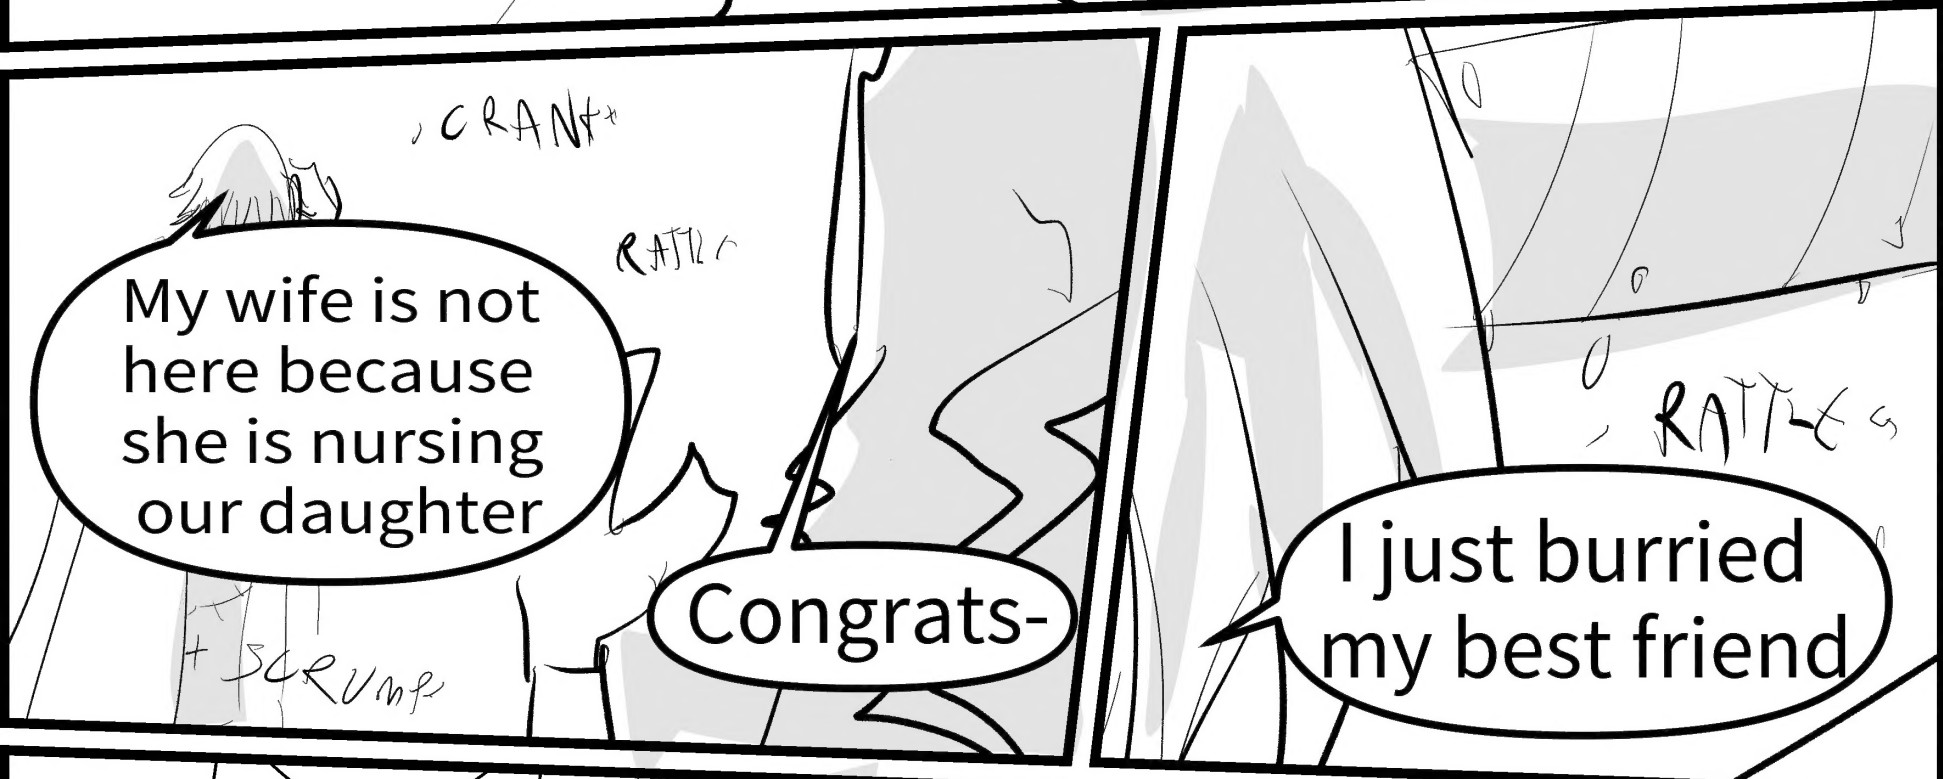

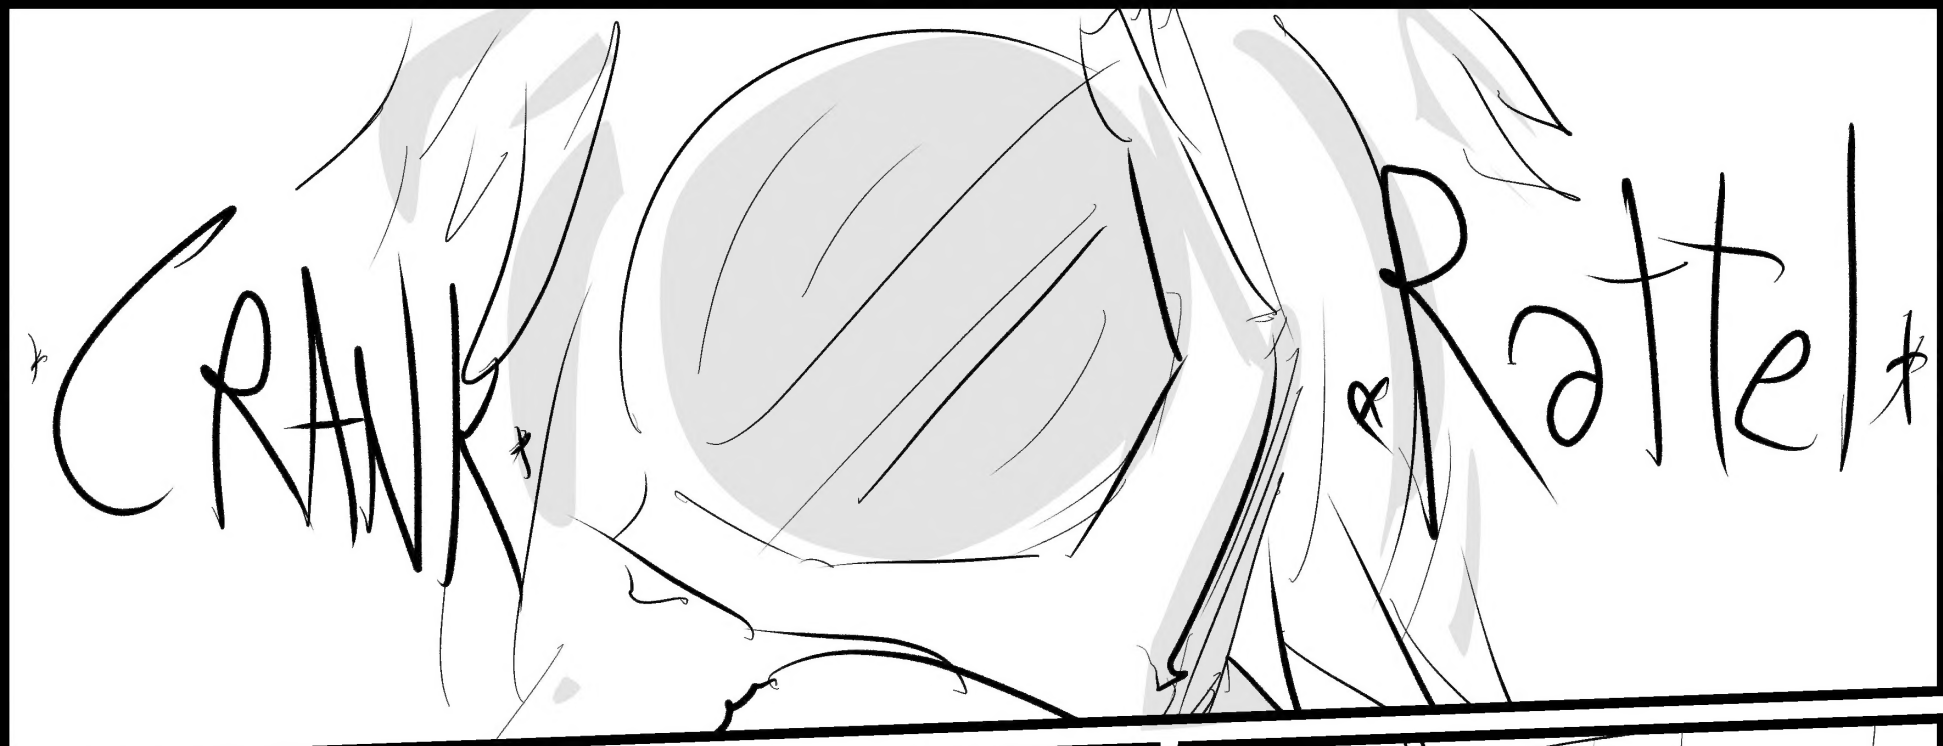

I never was a judgemental  
man, but one has to see  
the limits of age sir

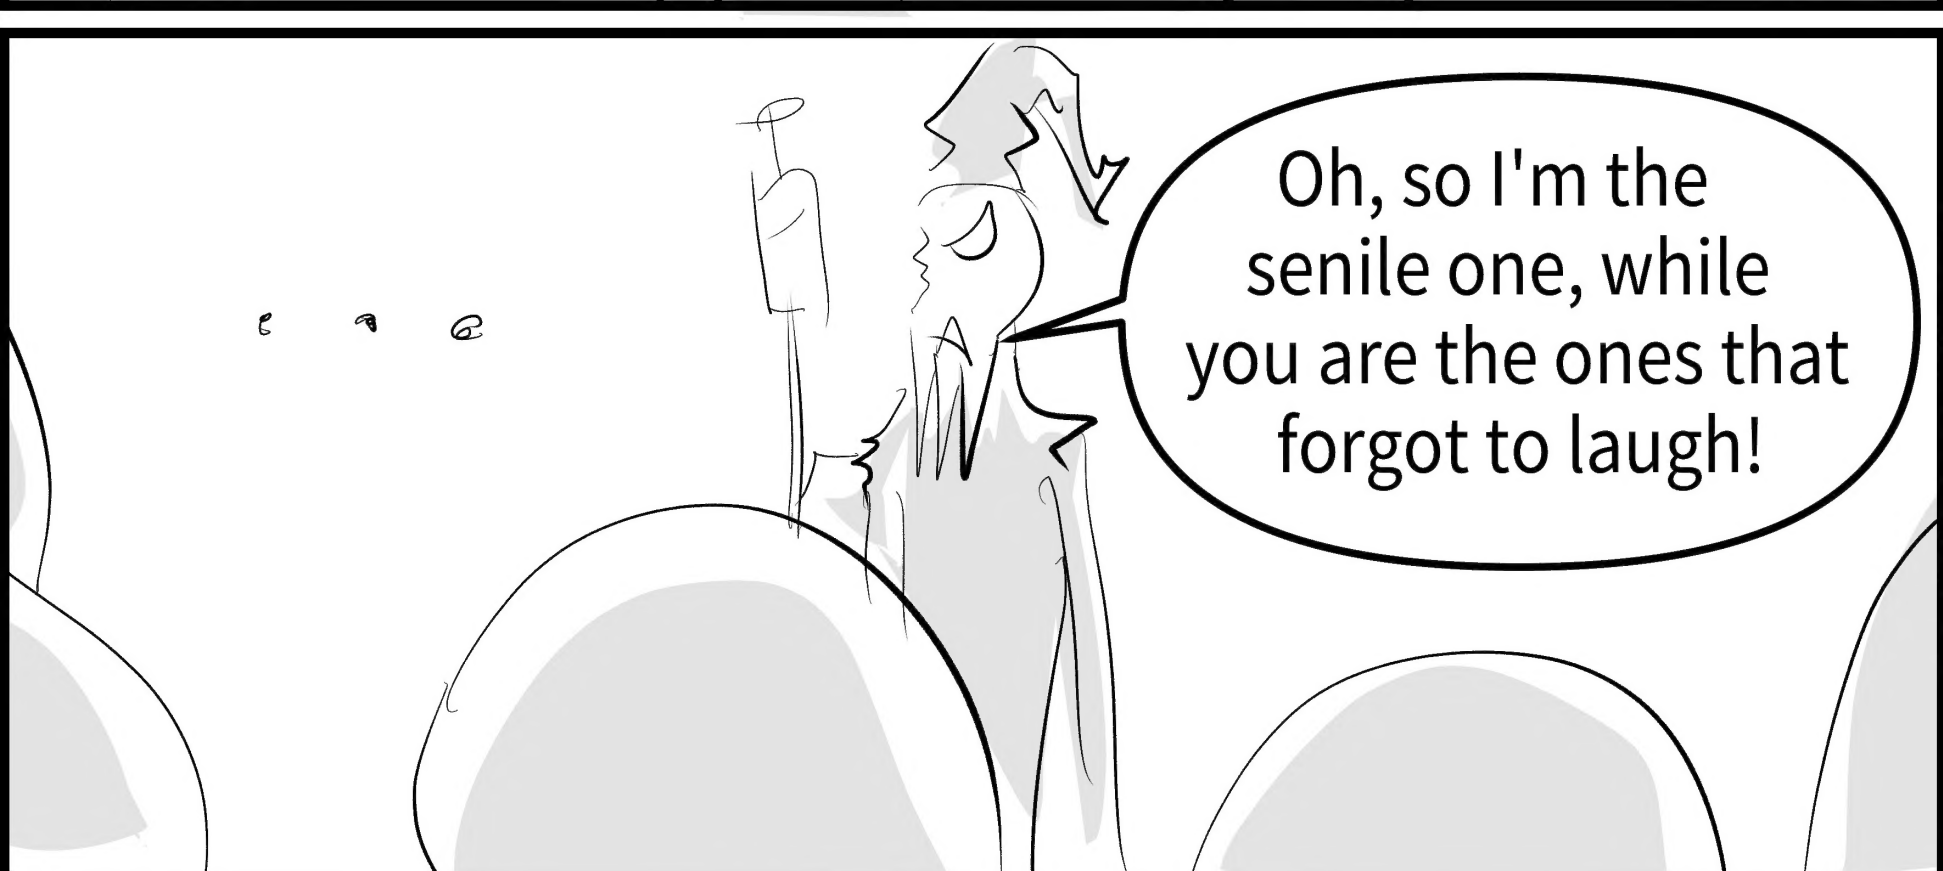

Is this some  
mutiny \*cough\*

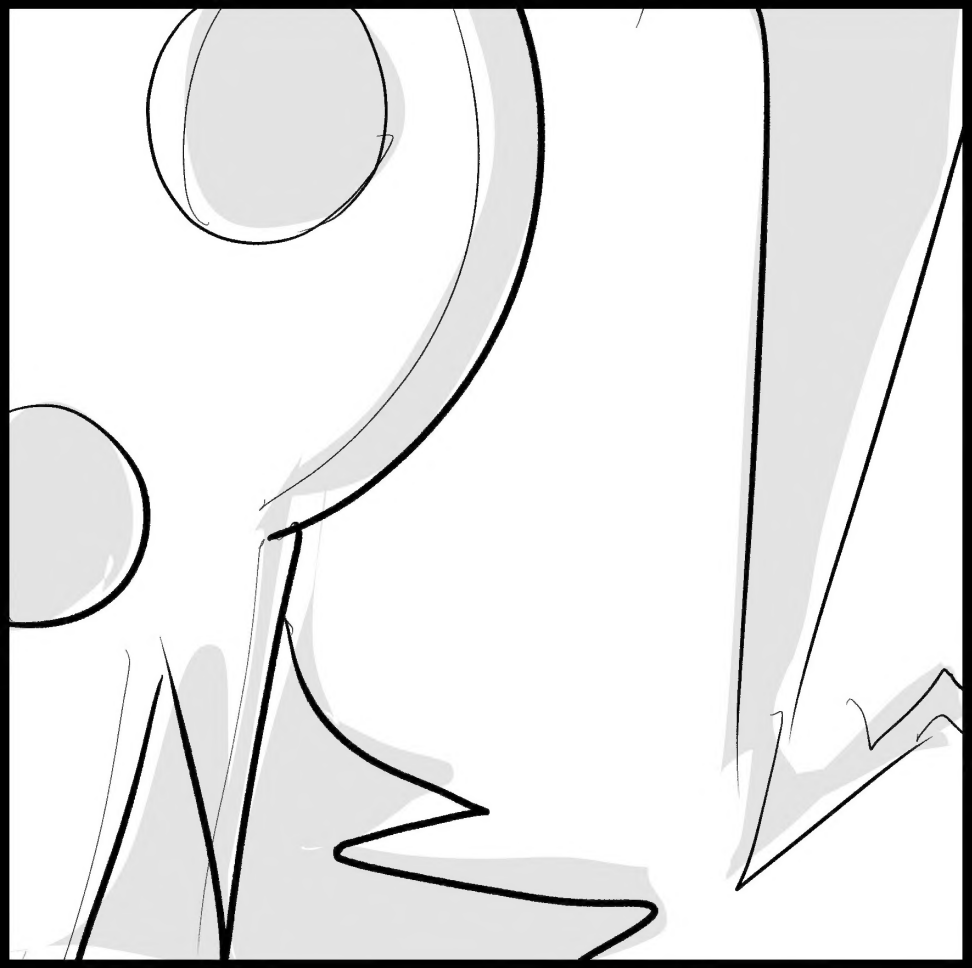

After ruling  
humanity with  
an iron but fair  
fist for aeons-

You're right! I'm  
just an old fool!

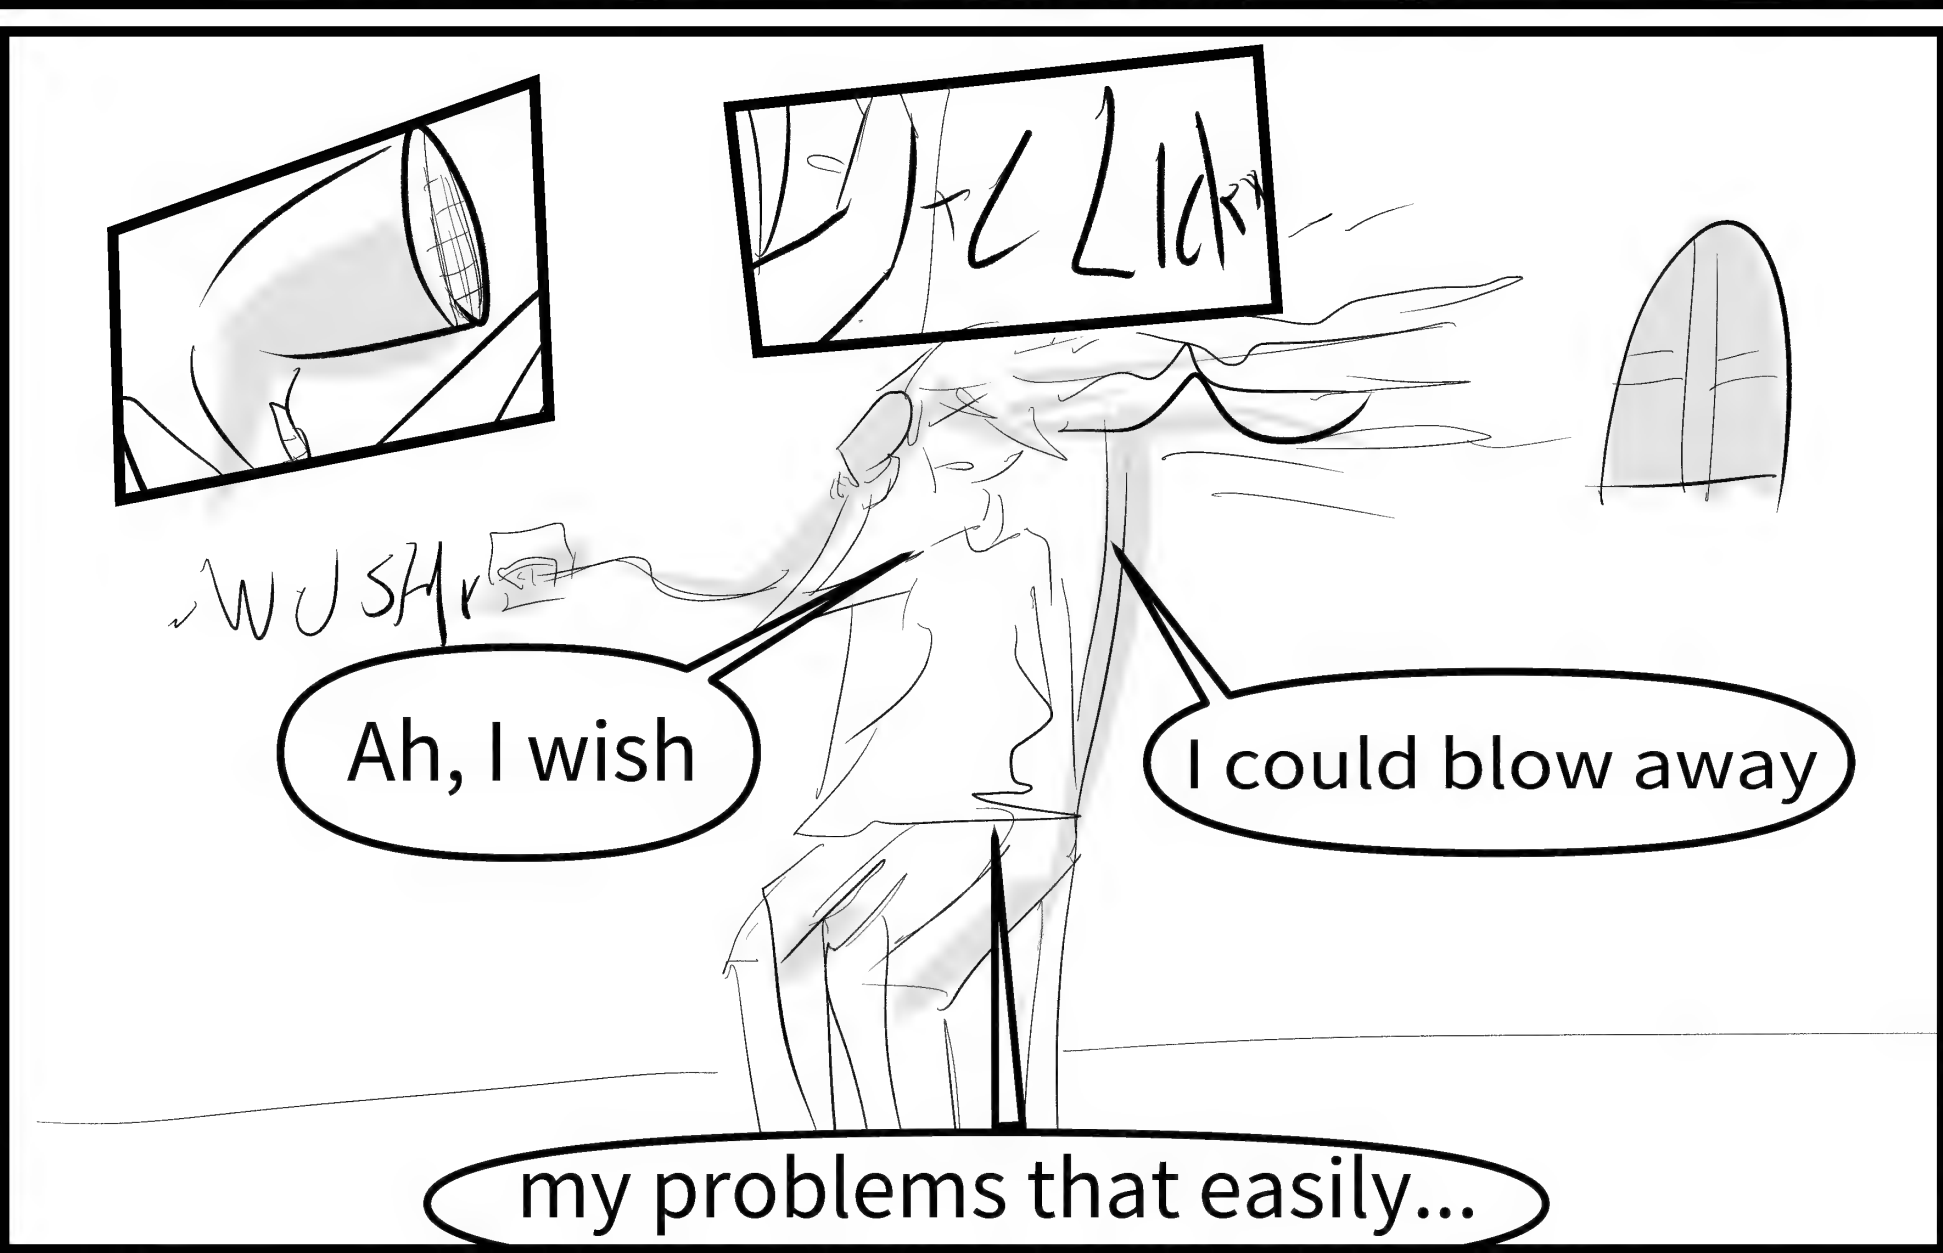

But I just  
can't admit it!

I, the God of Order-

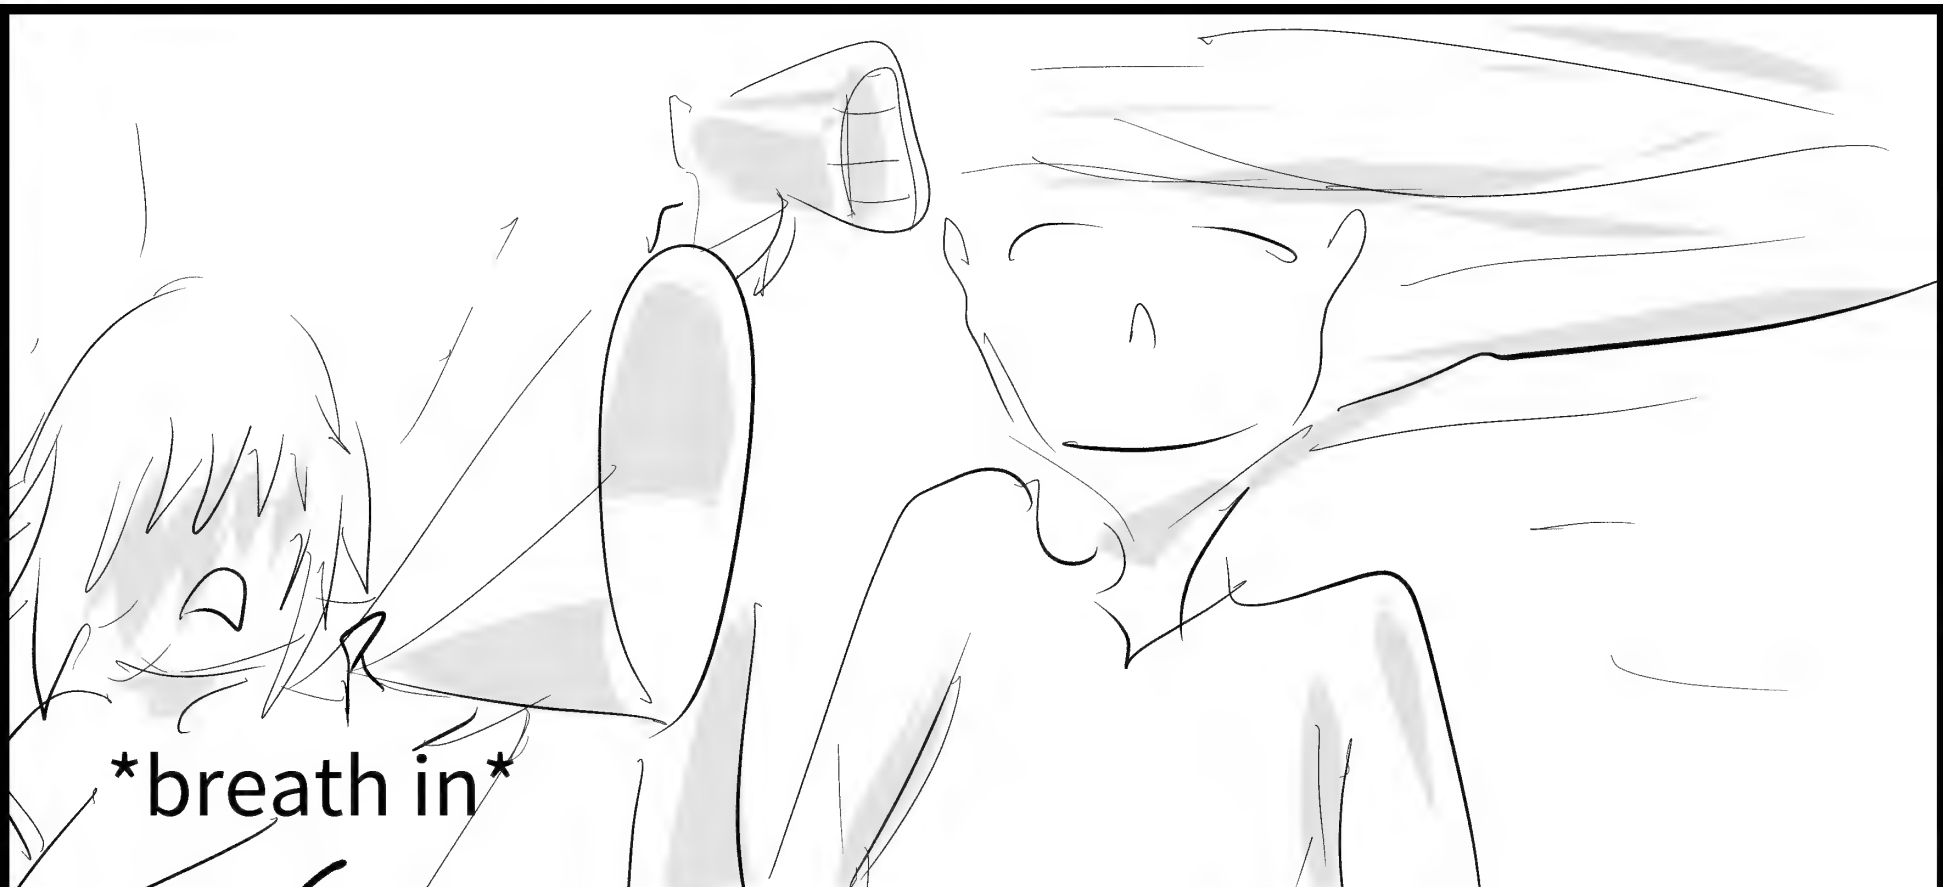

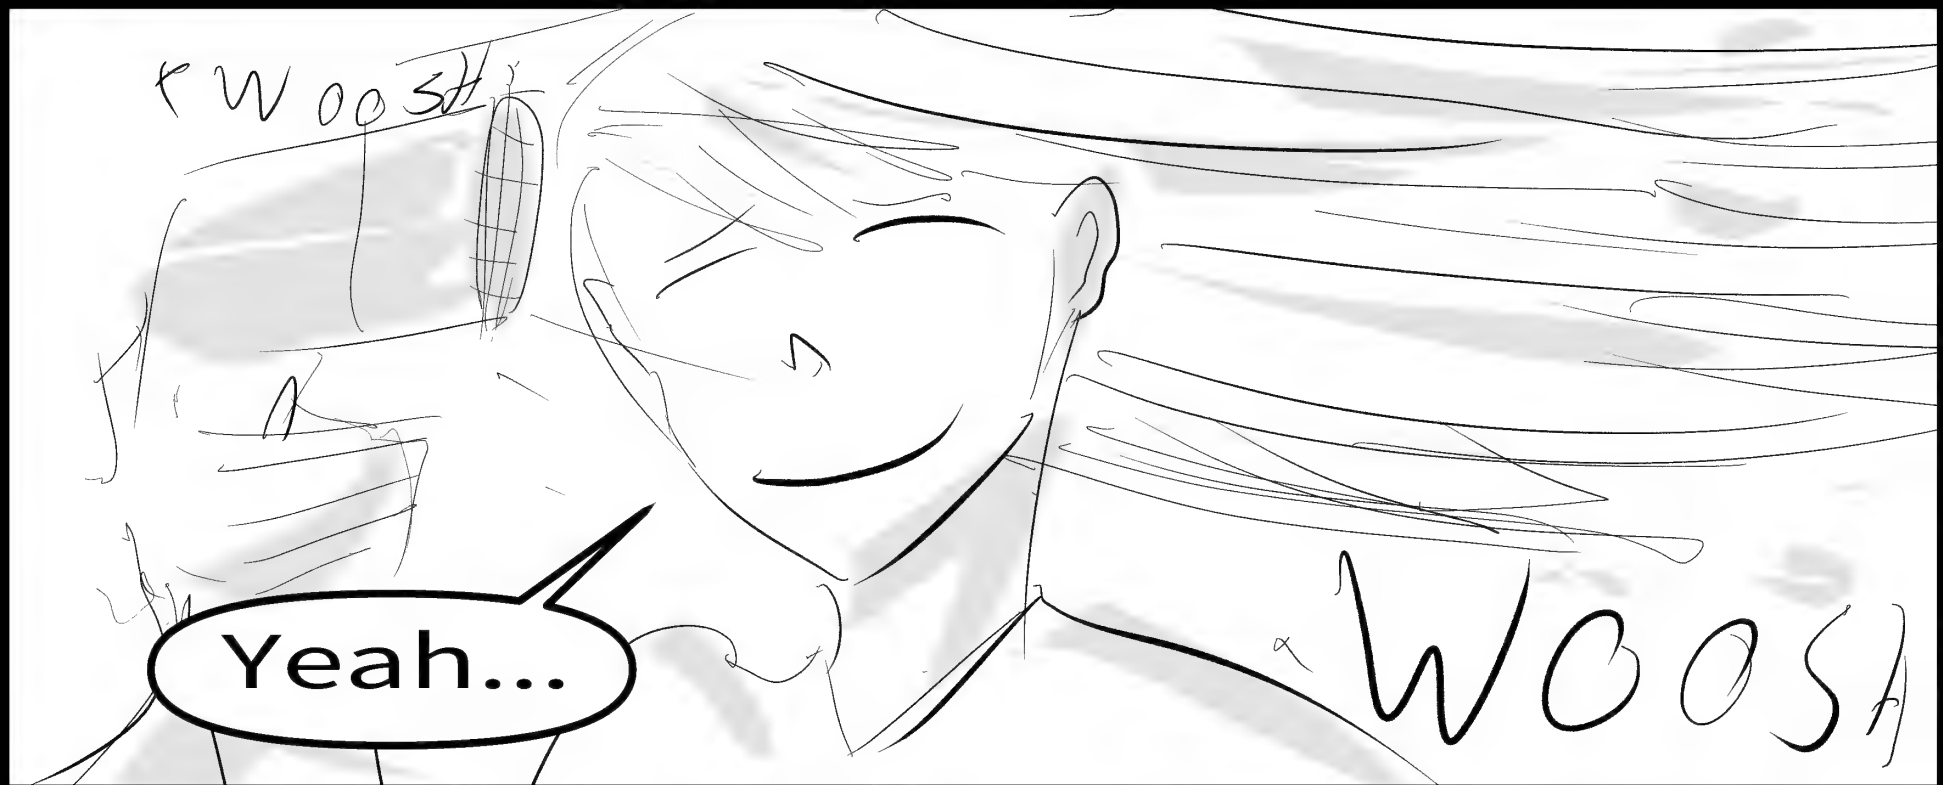

H-how did I...

Become such  
a wet towel!

Patty!

Wow, great hairstyle Liz

Tch, changing it after Maka and Tsubaki did it would be more than old

Speaking of old, Kid's greazer of a dad finally admitted that he is!

That sounds kinda depresing

I'm just a fad,  
I'm just a fad,  
nothing more  
than that...

Well it's hard to say if it was more that or funny

But it lead him to the point of admitting,  
that Kid missing is not as consequence free  
as missing one's midterm exams

My baby!  
We have to  
save my  
baby!

Aaaaaah!!!

So yeah Kid is as  
good as saved heh

There is a whole  
plan and all

That you didn't get?

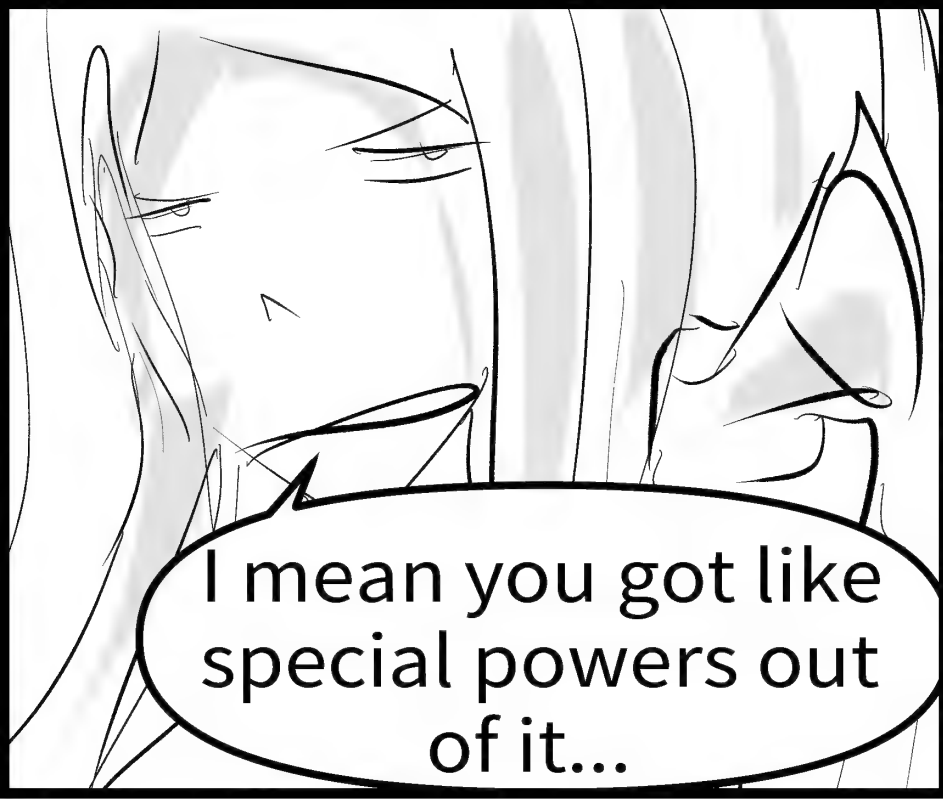

Nah, I'm  
just to busy  
to repeat it

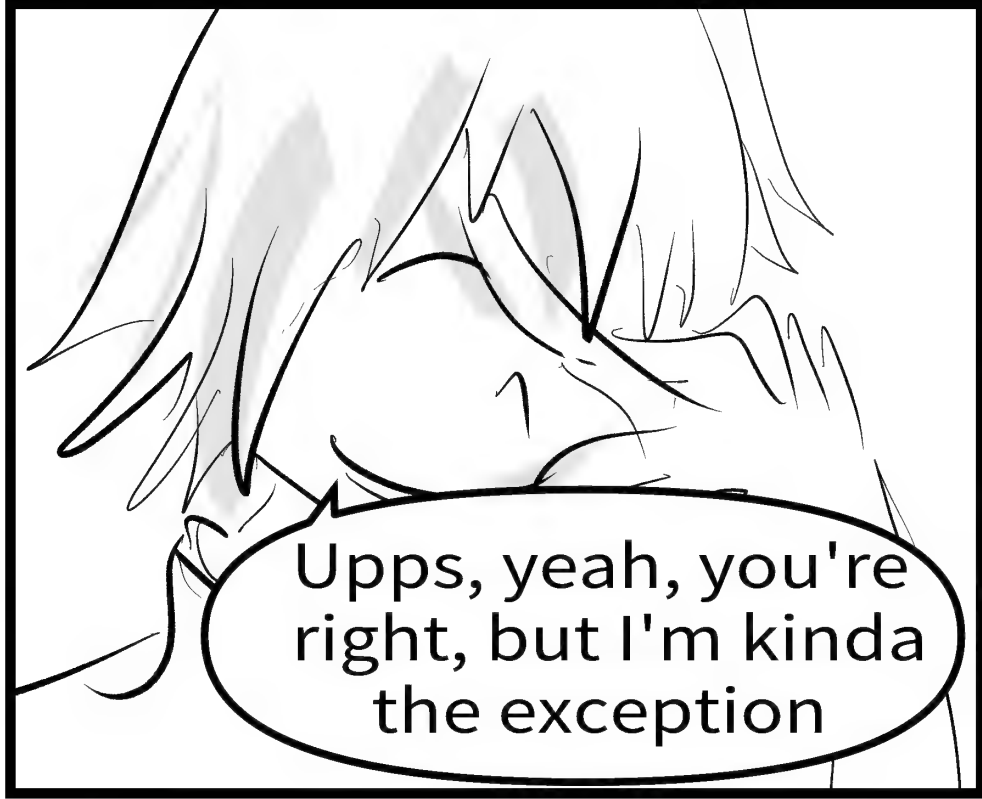

So then I gotta go!

Nah, they will handle it, better not do anything silly, I learned that from experience!

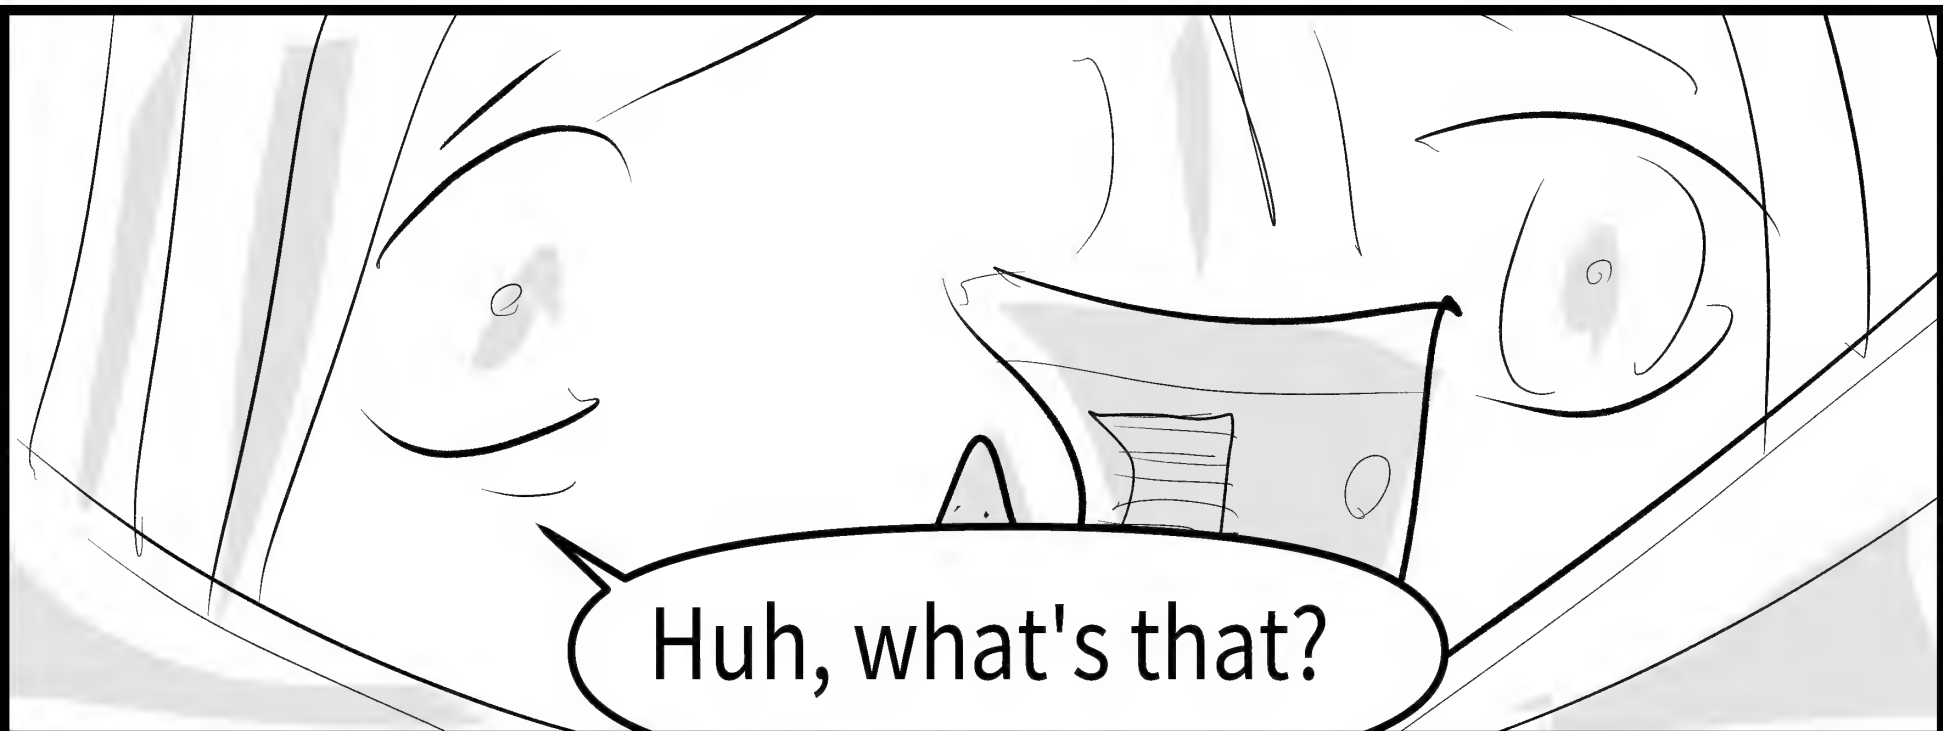

I mean you got like special powers out of it...

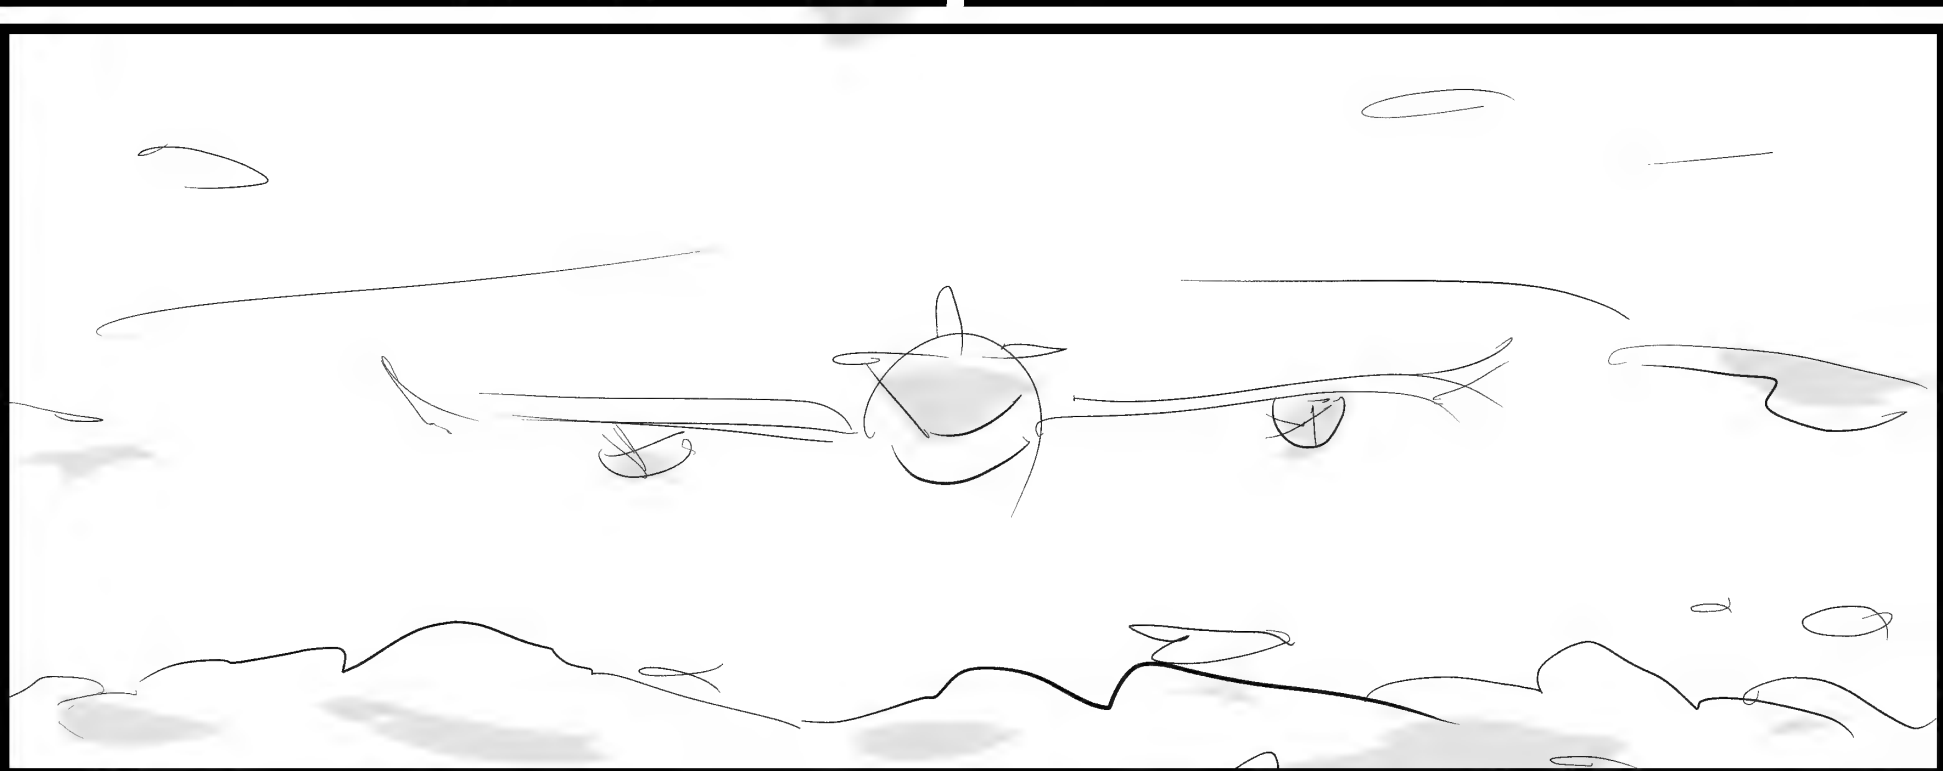

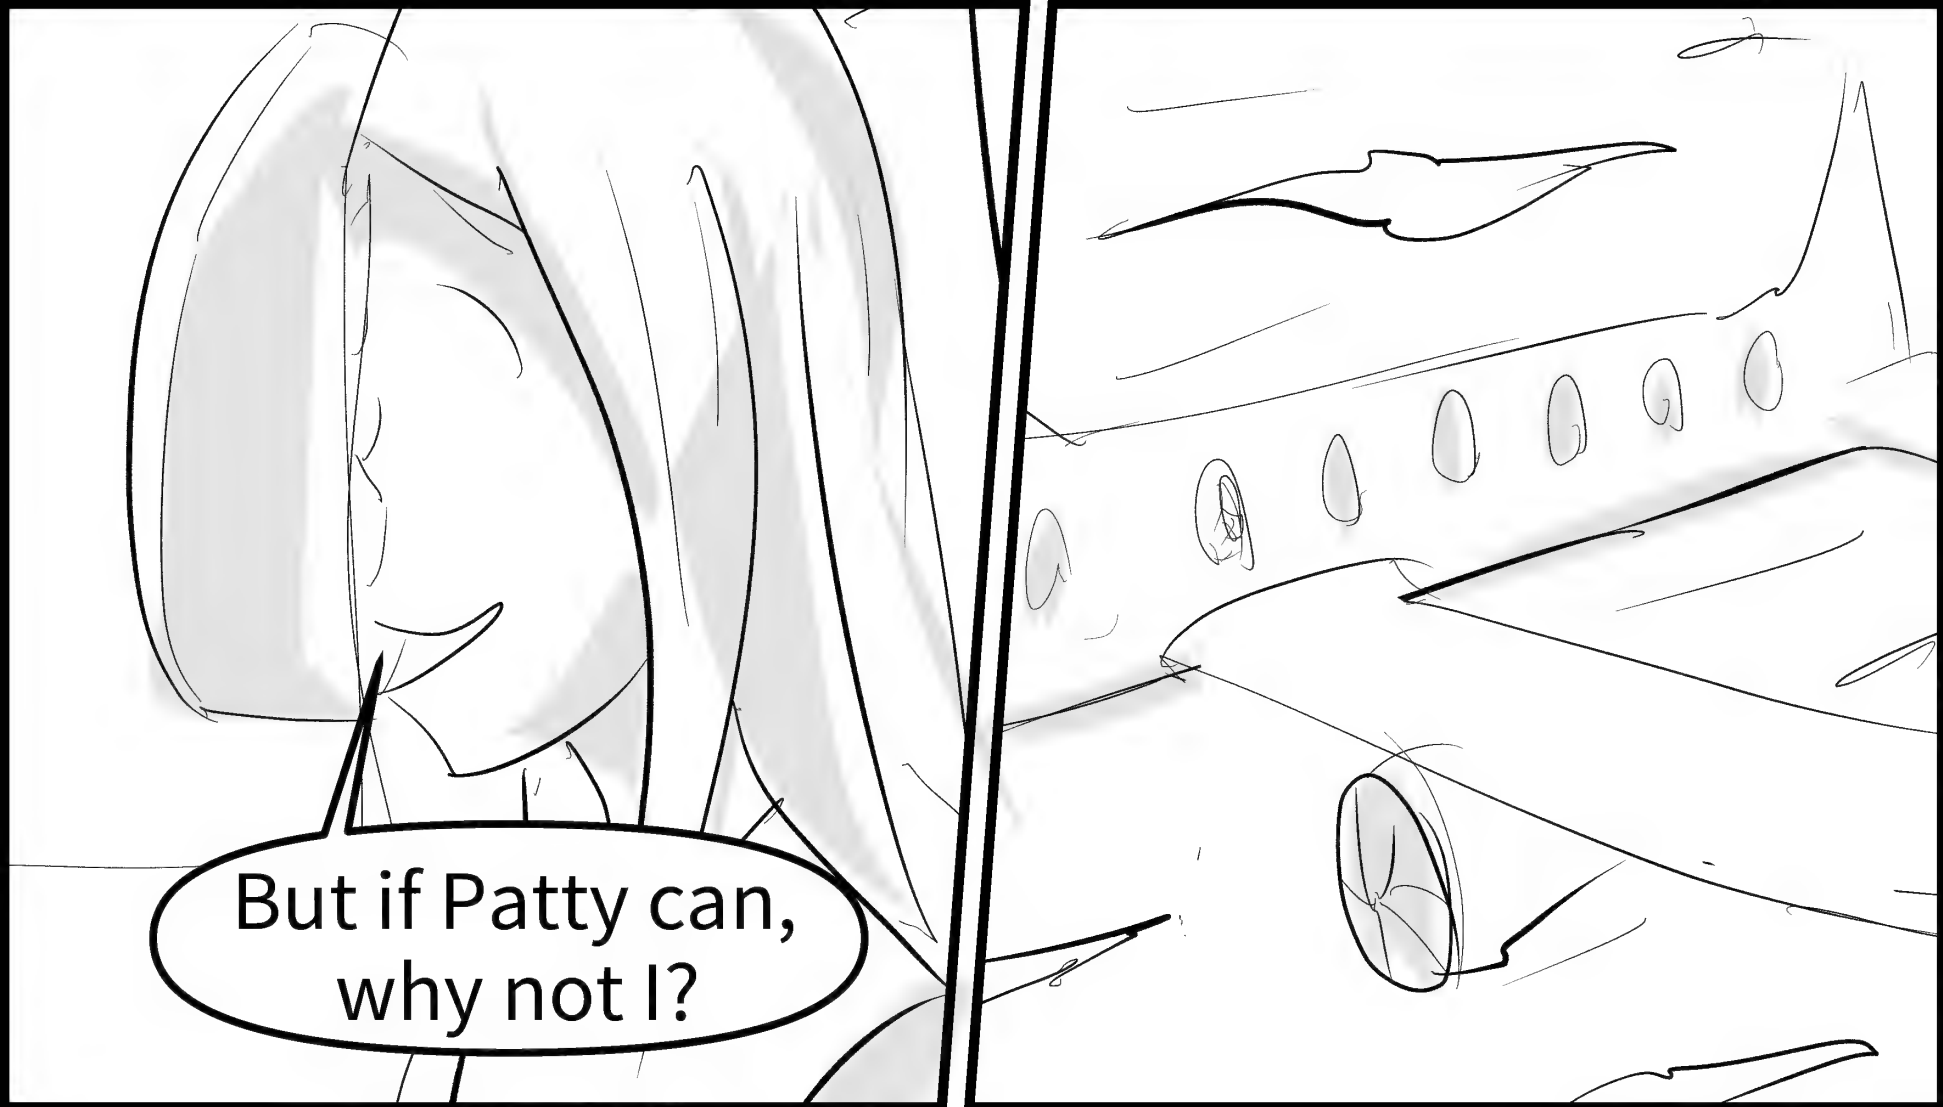

Upps, yeah, you're right, but I'm kinda the exception

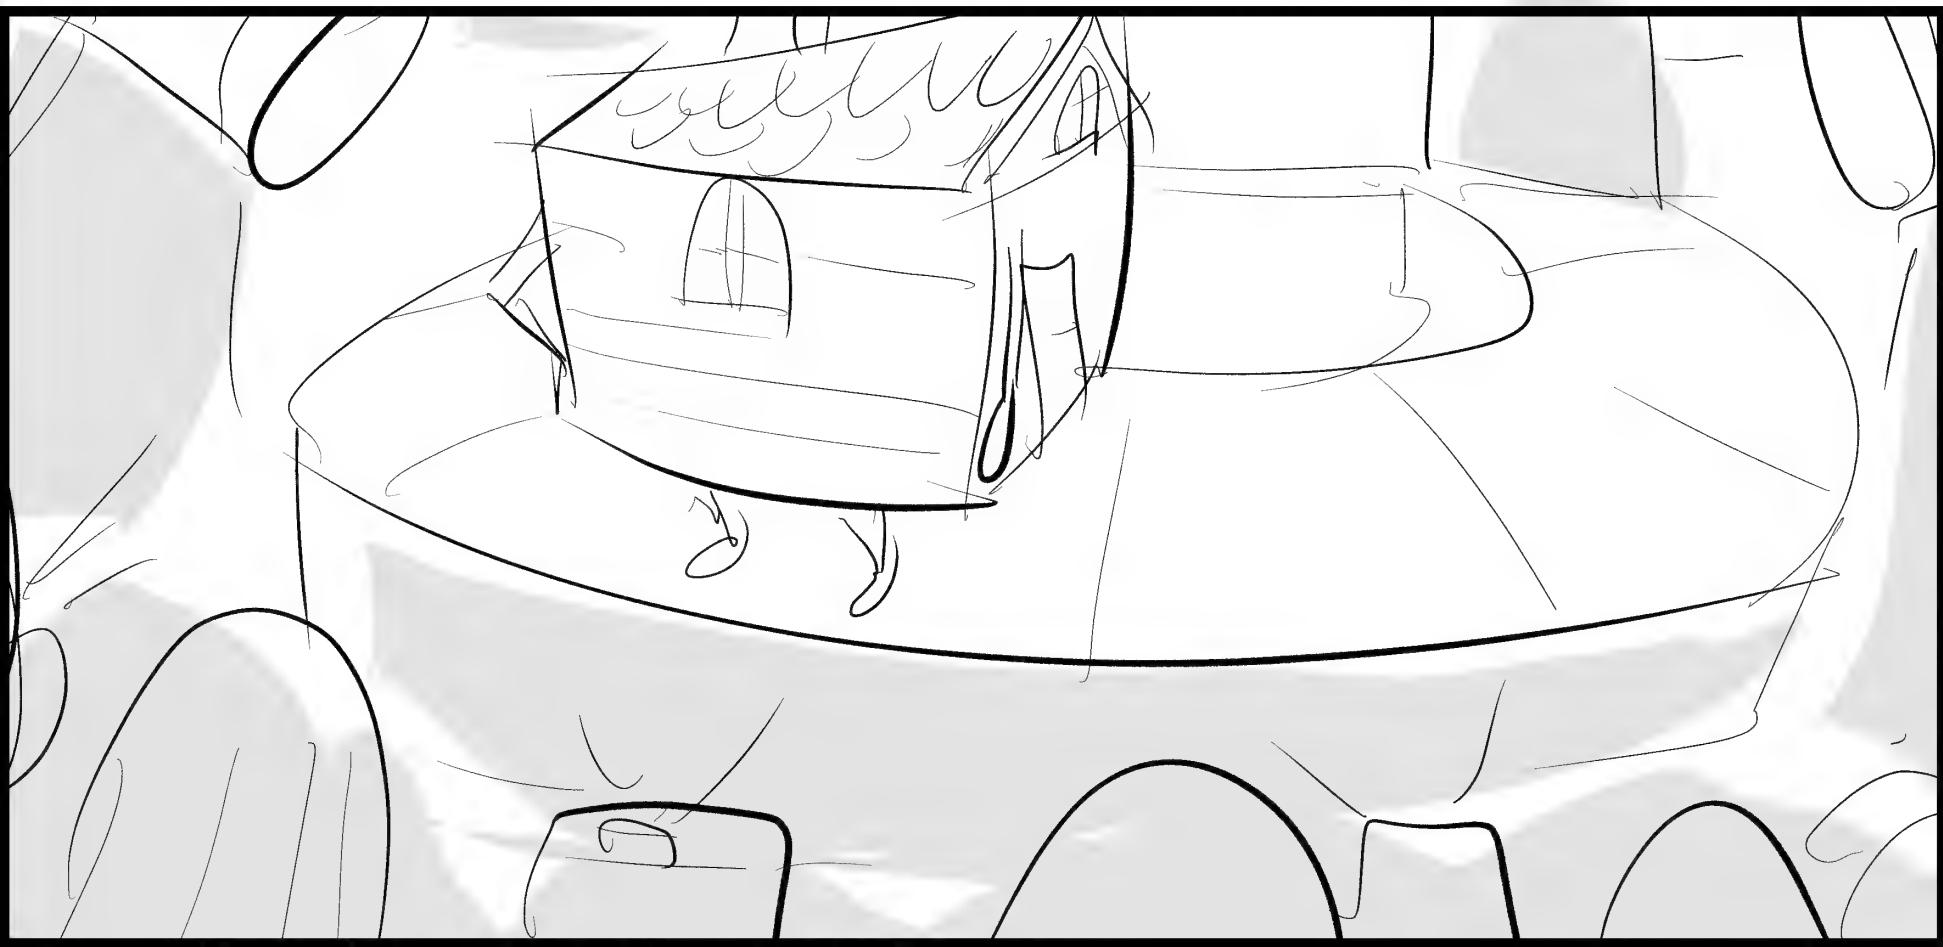

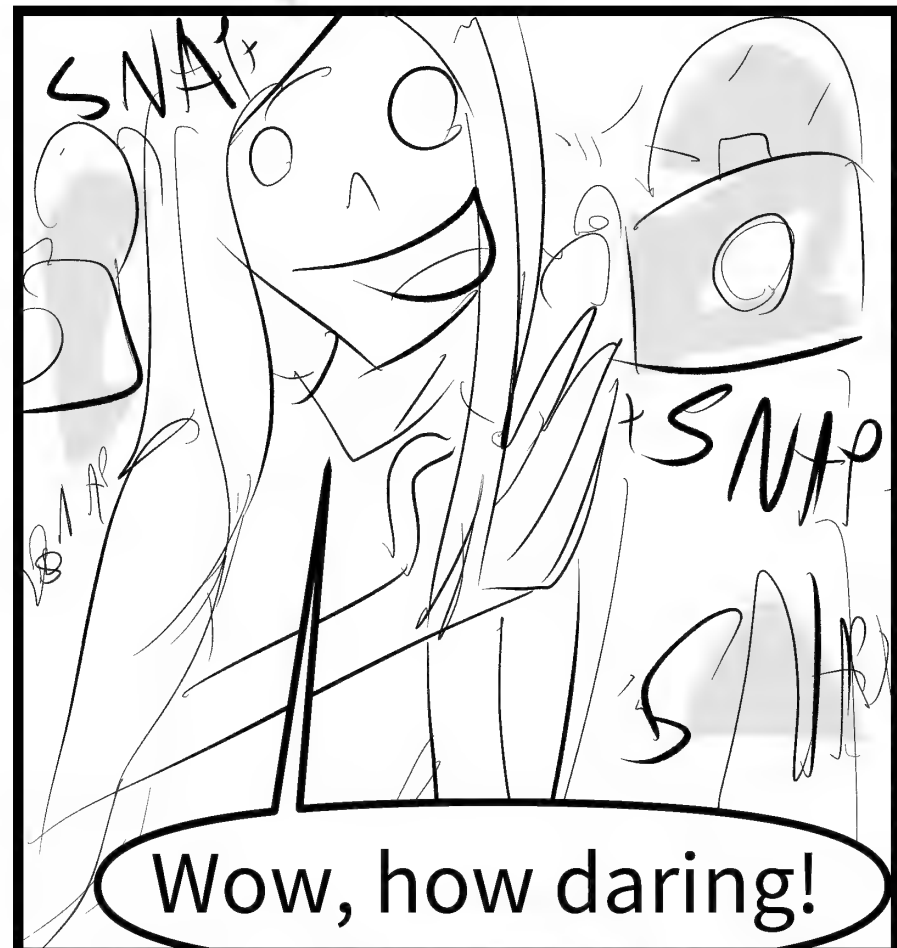

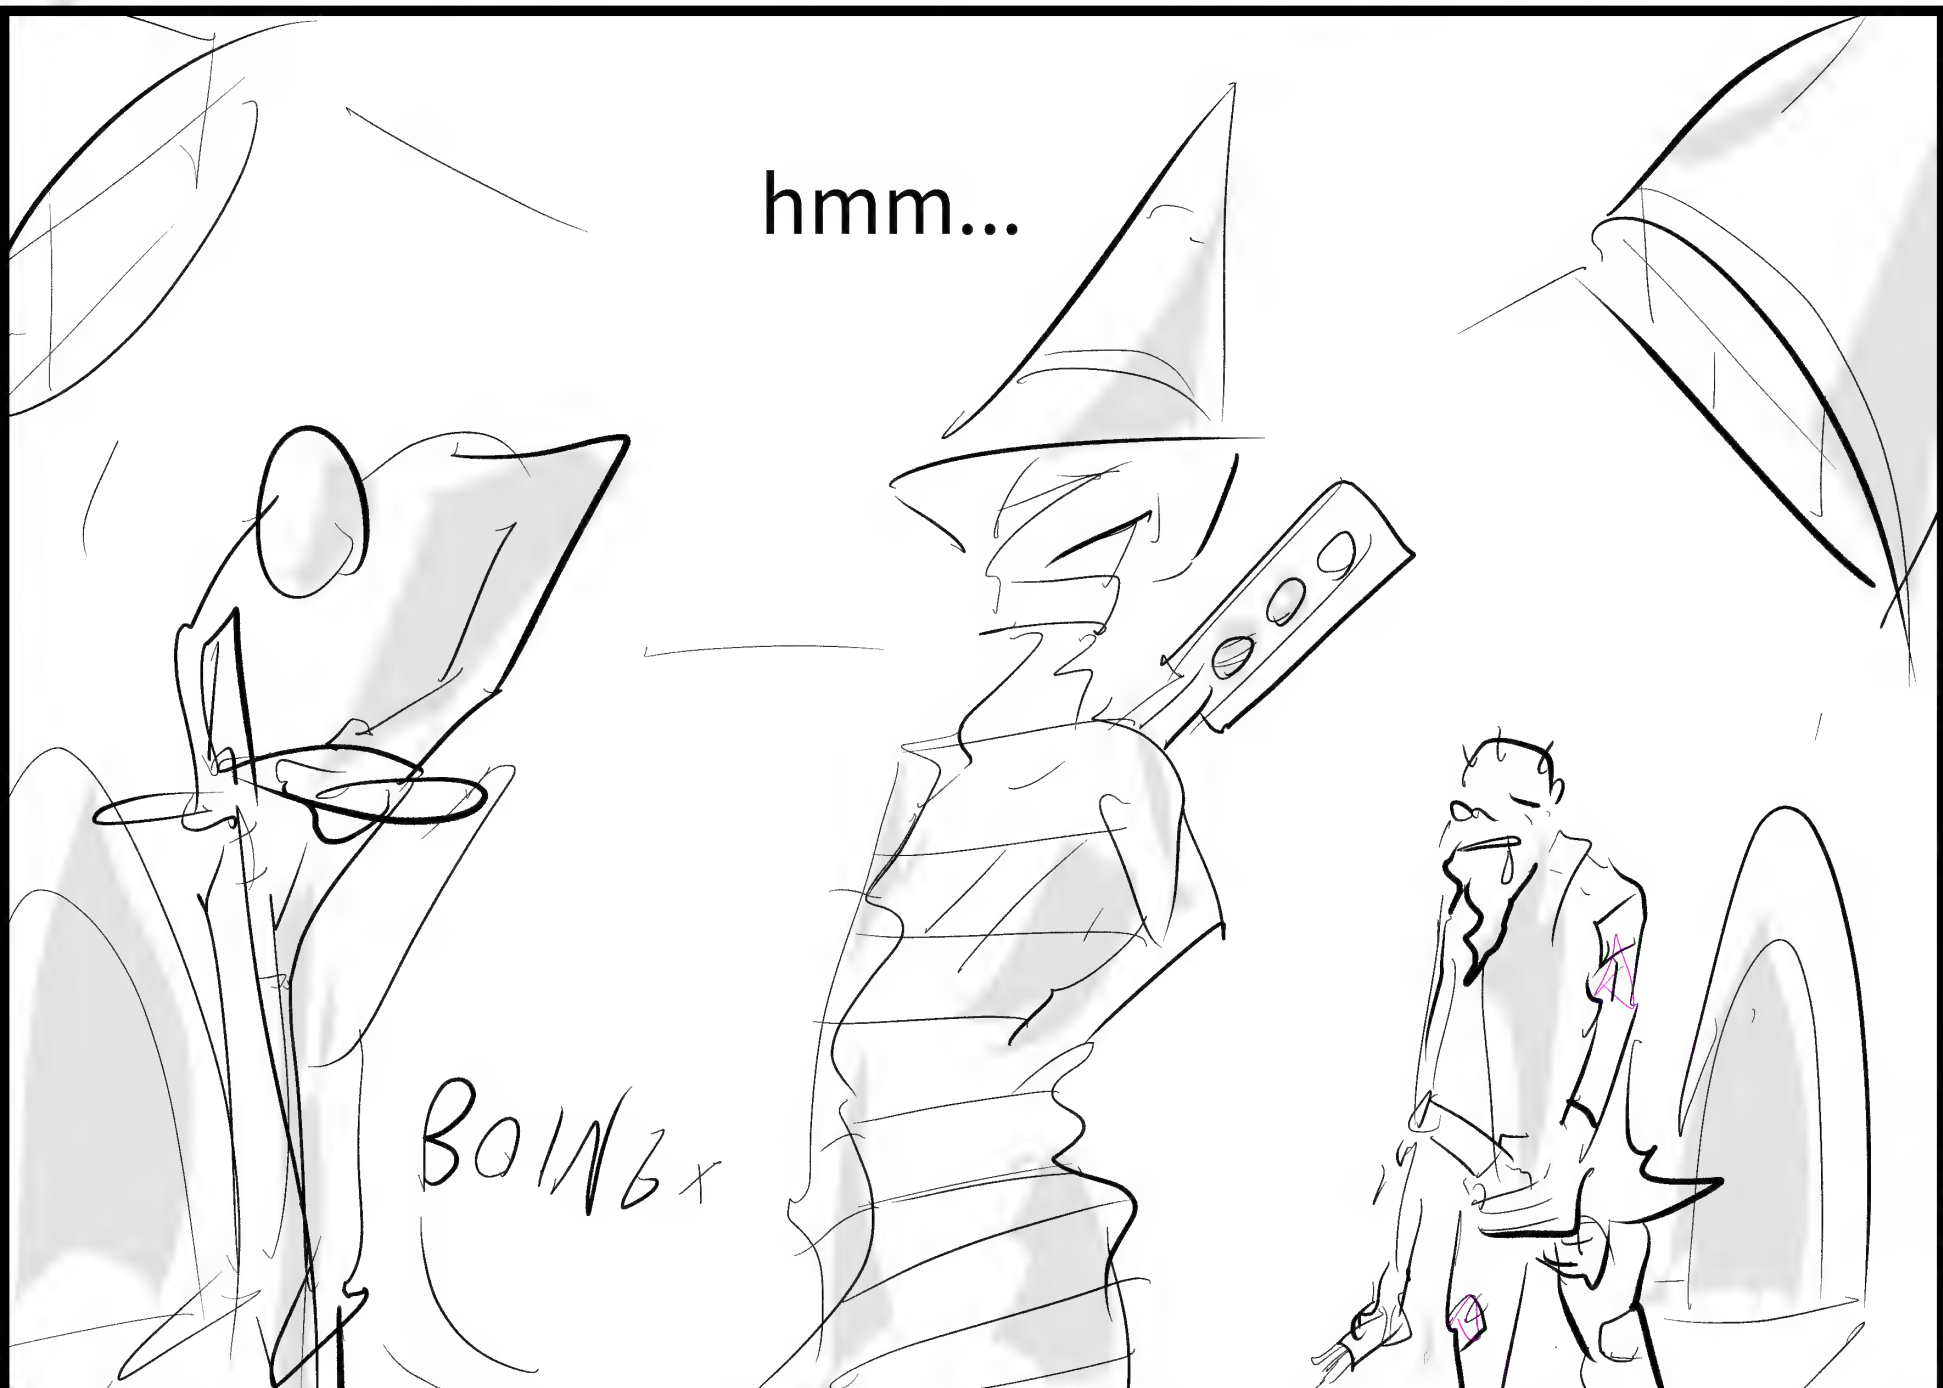

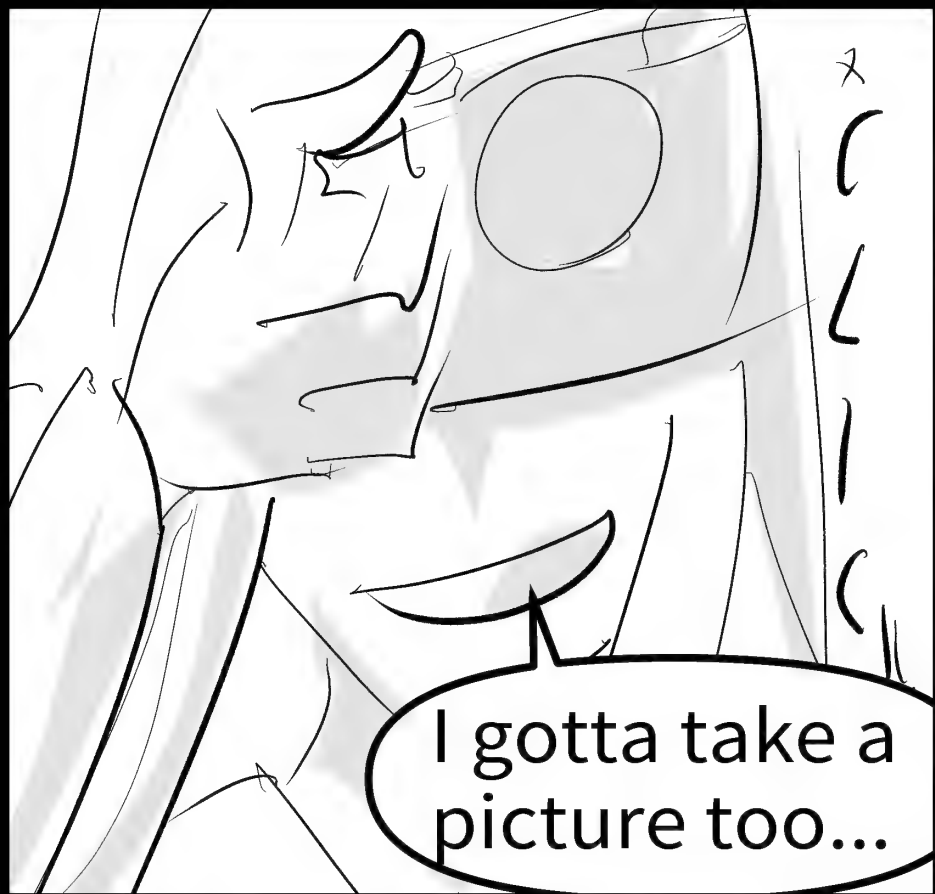

Oh, also your picture book came in the mail

that symbol

Did Balenciaga have  
a logo redesign?

No I wouldn't have  
missed that, but why  
is it so familiar then...

Your goin'  
somewhere?

Milan

Oh, that rhymes  
with villain!

No it doesn't

But speaking  
of villains

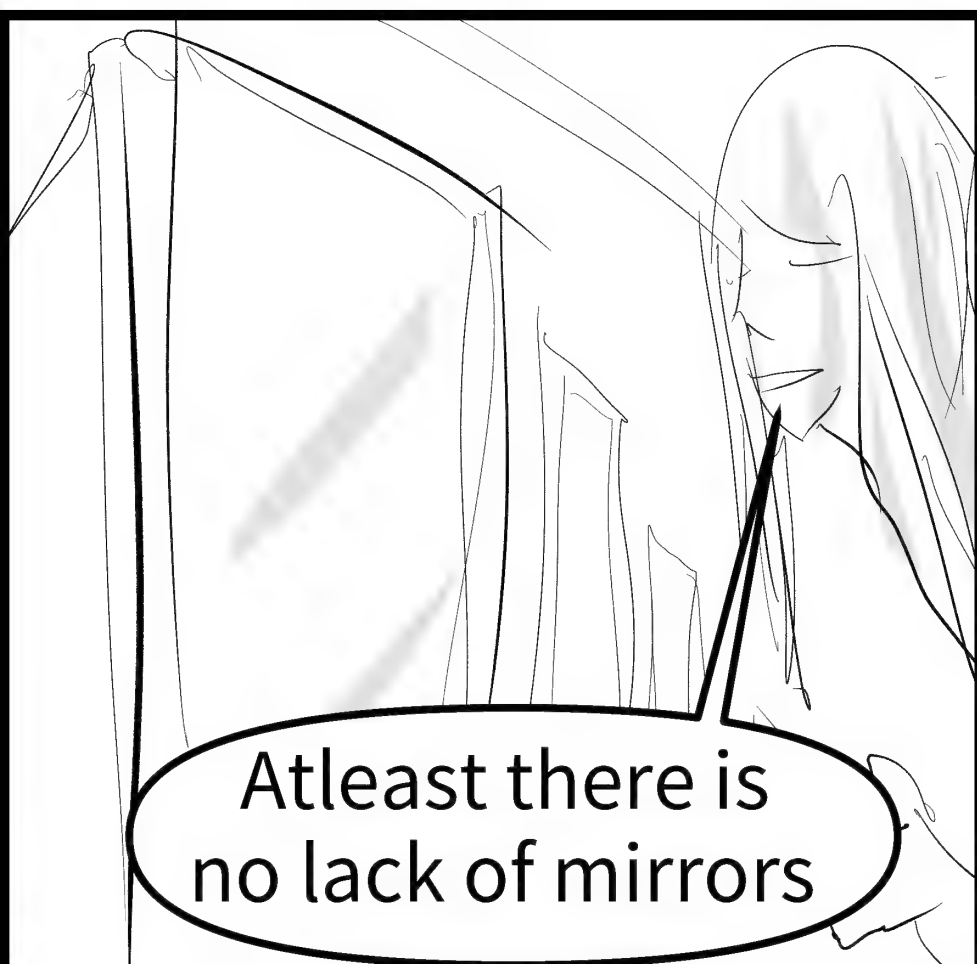

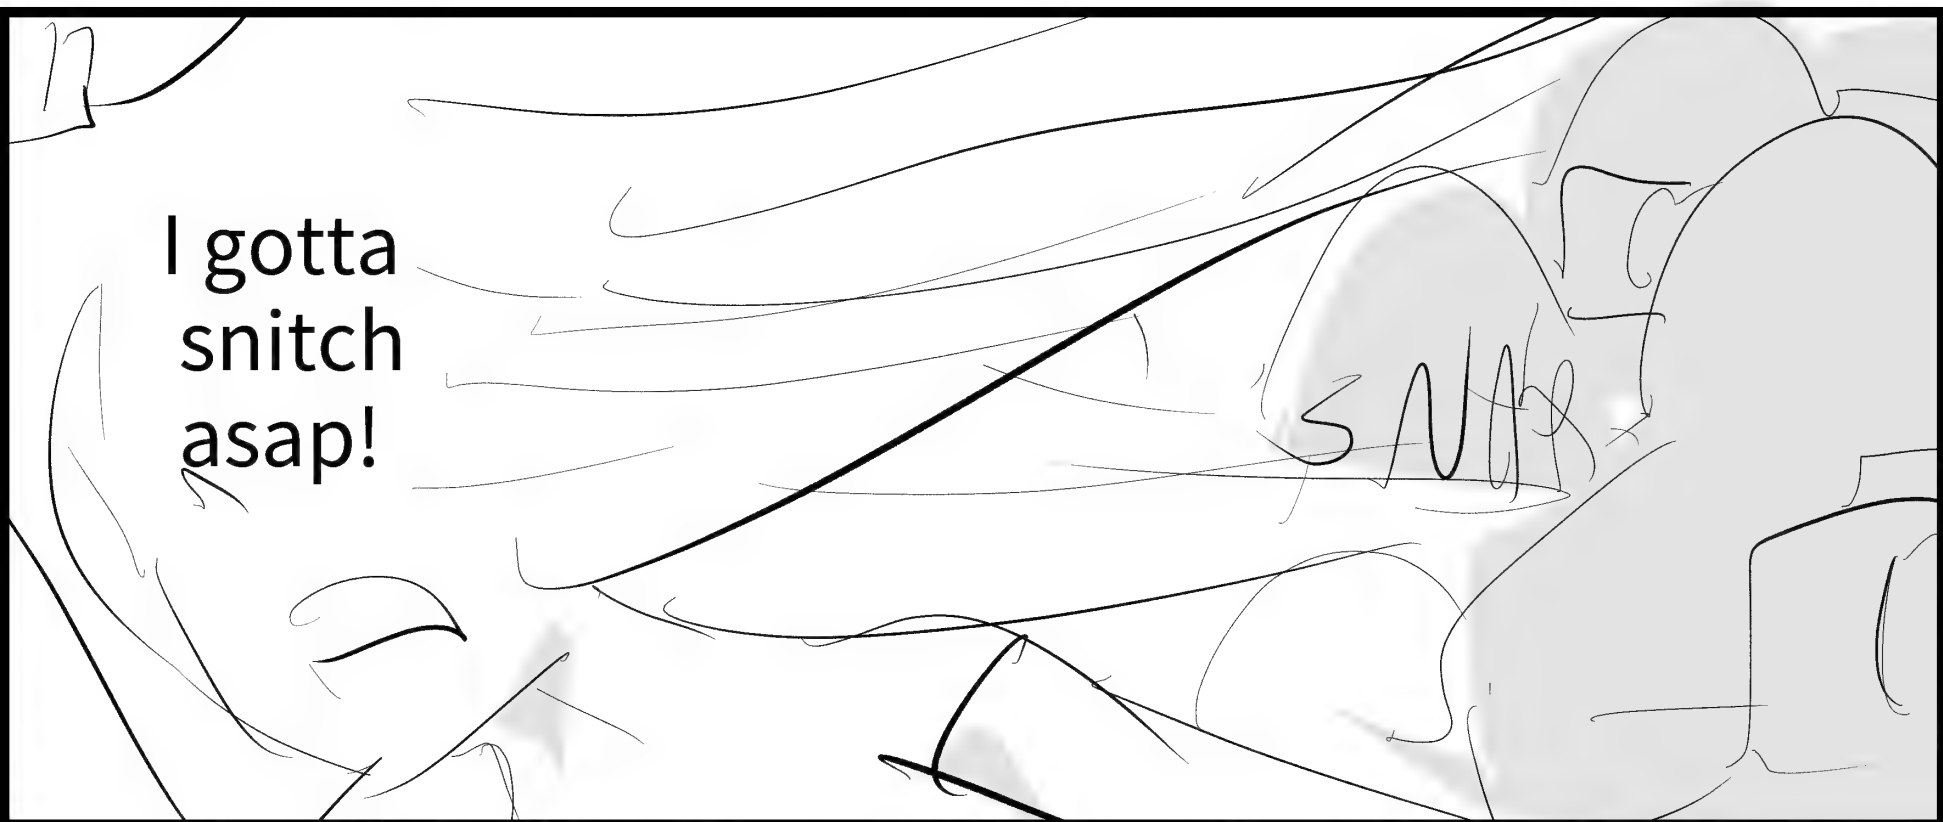

Stein said that he saw this funny spiral too

He thinks it's some big bad organization

So contact the  
DWMA if you see it

Not like you  
would at your  
costume parade  
or whatever

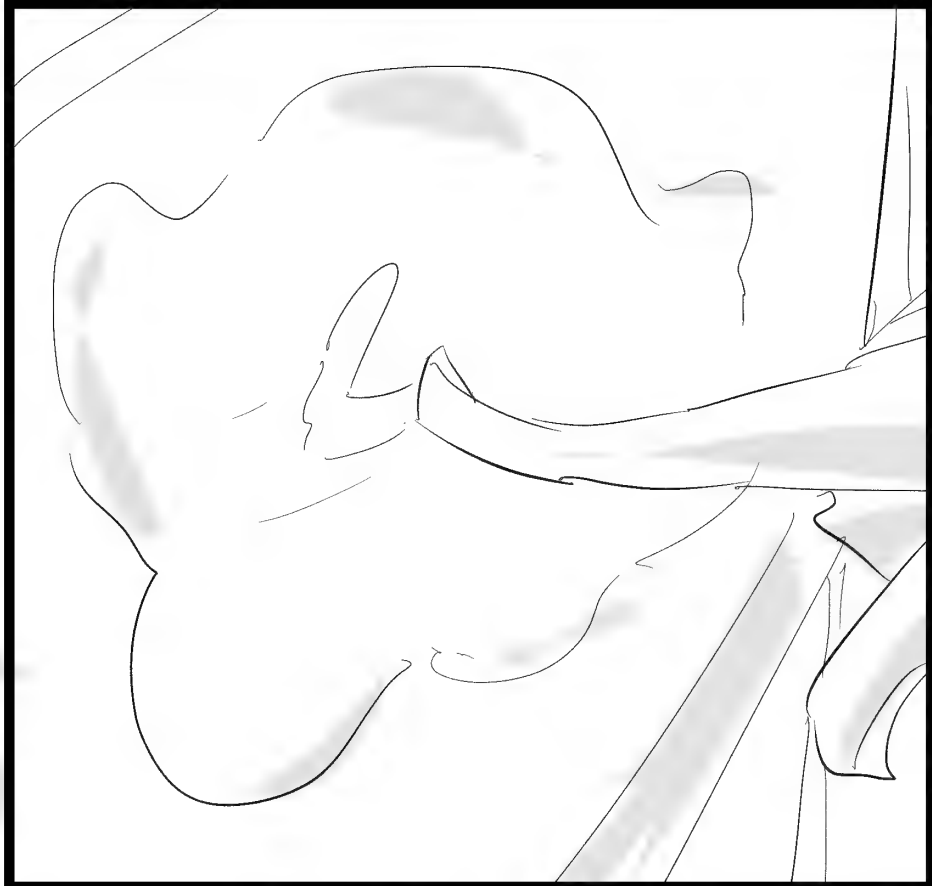

Look, his one  
jus ripped open!

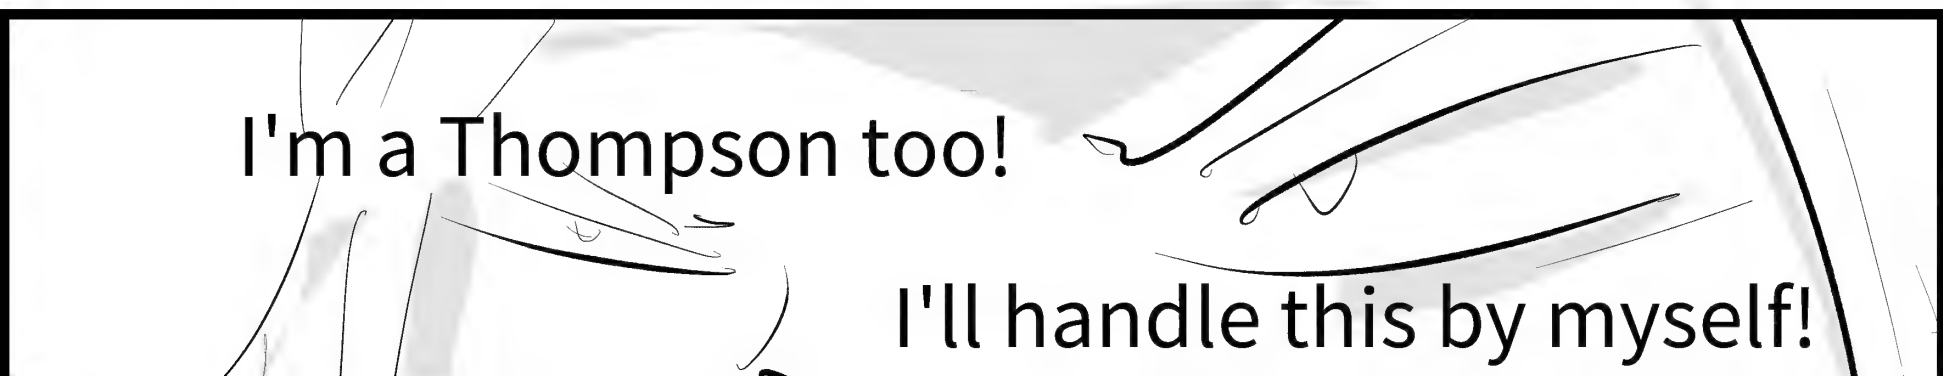

\*sigh\*

Who am I kidding...

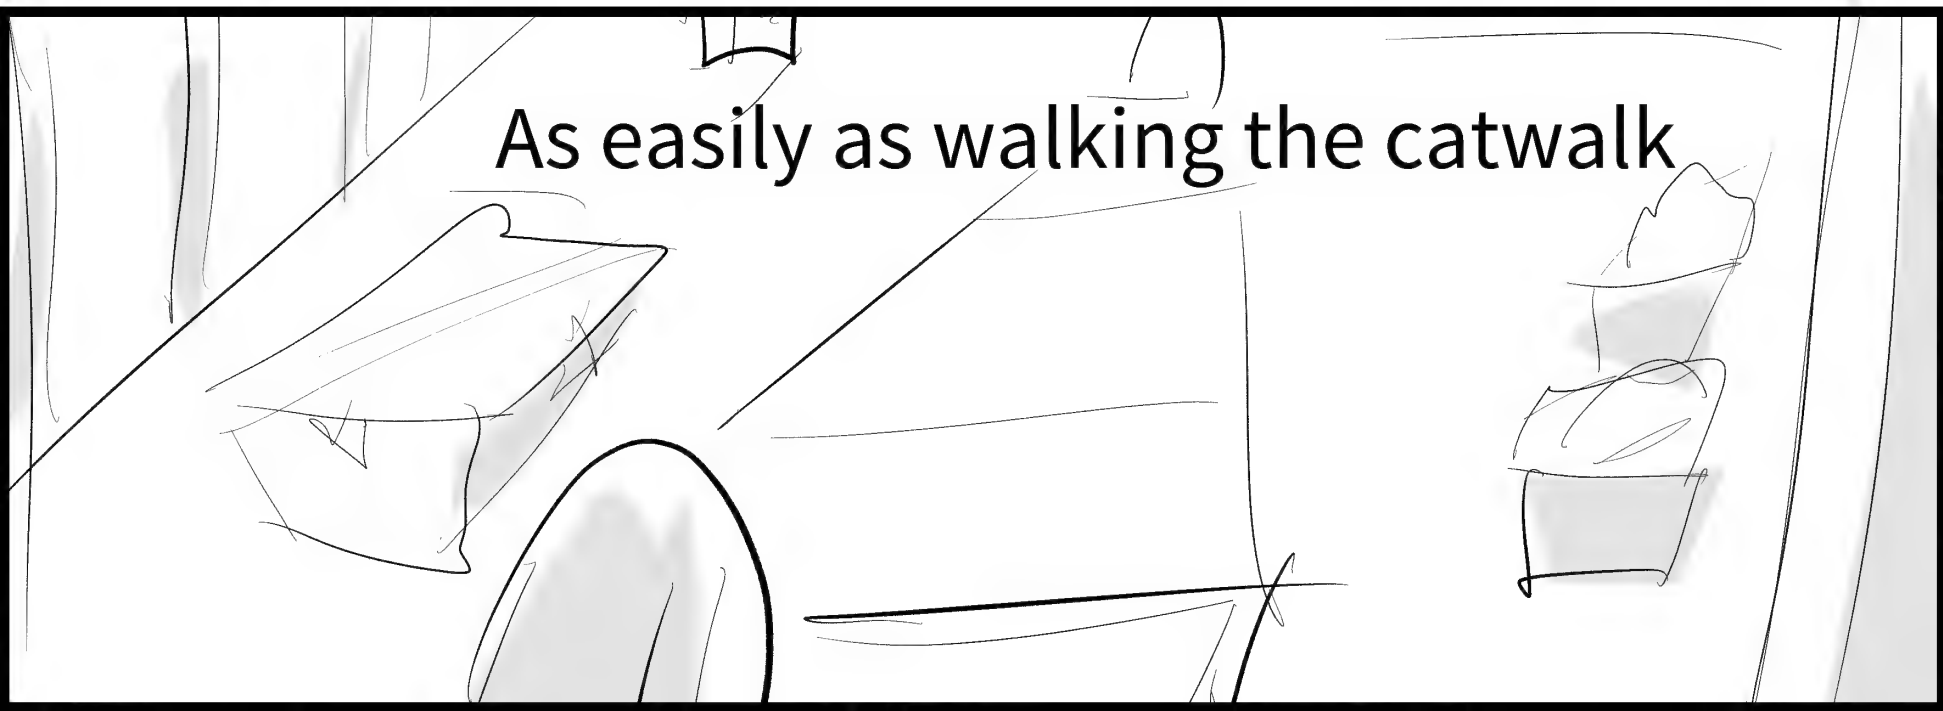

\*wish\*

**No!**

I'm a Thompson too!

I'll handle this by myself!

As easily as walking the catwalk

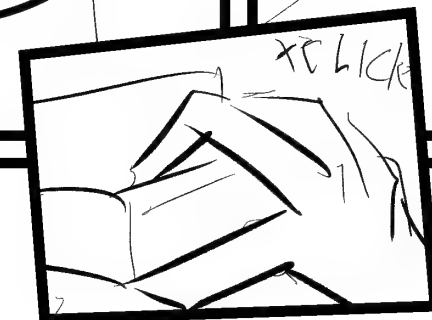

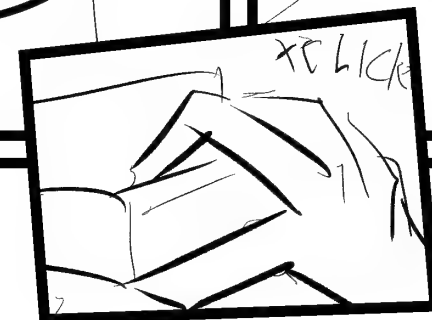

Just gotta  
find a way  
backstage

Oh

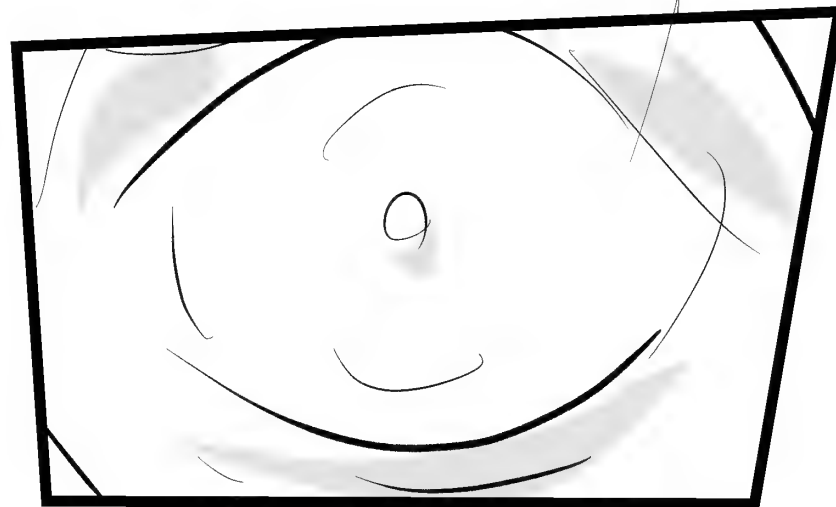

BACKSTAGE

The hardest  
part done

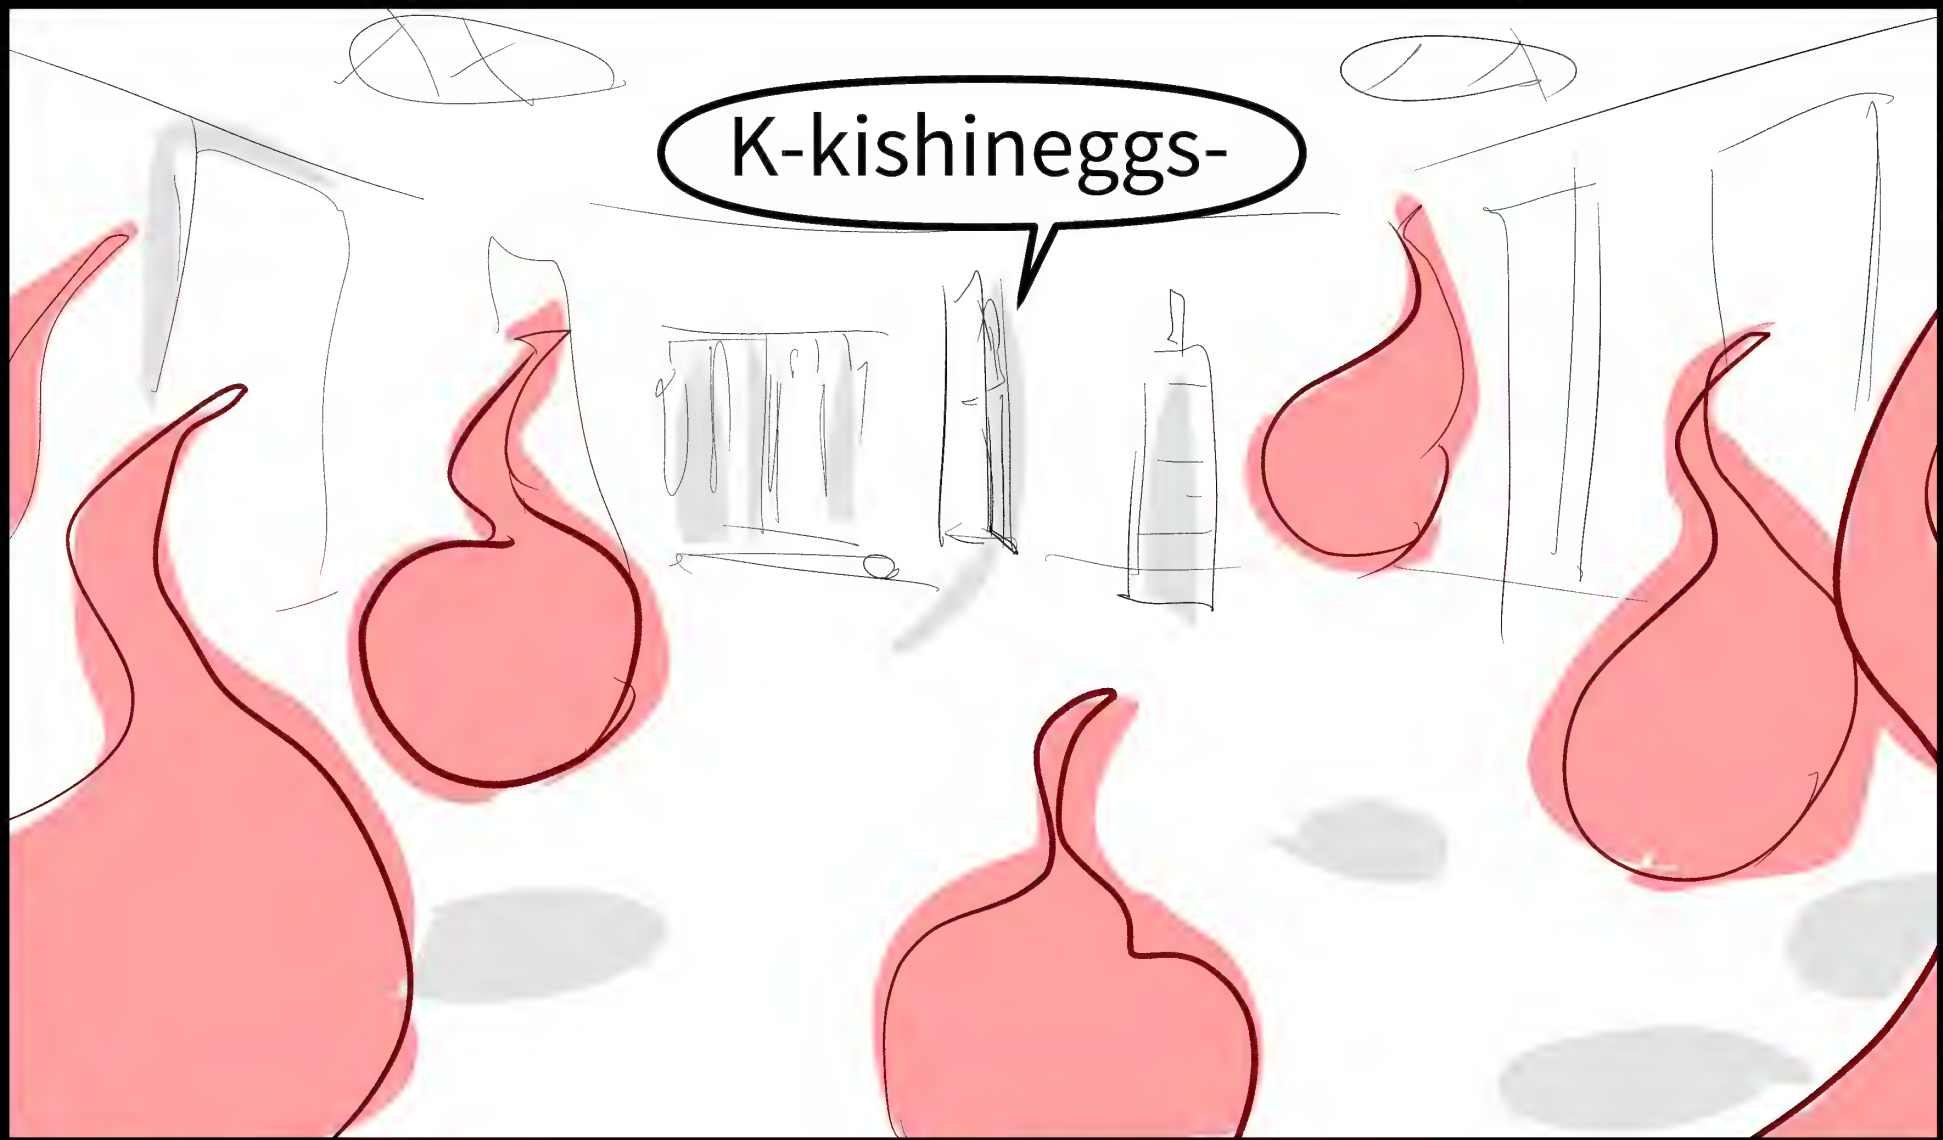

Now only to  
check if it wasn't  
all in my head-

CRASH

K-kishineggs-

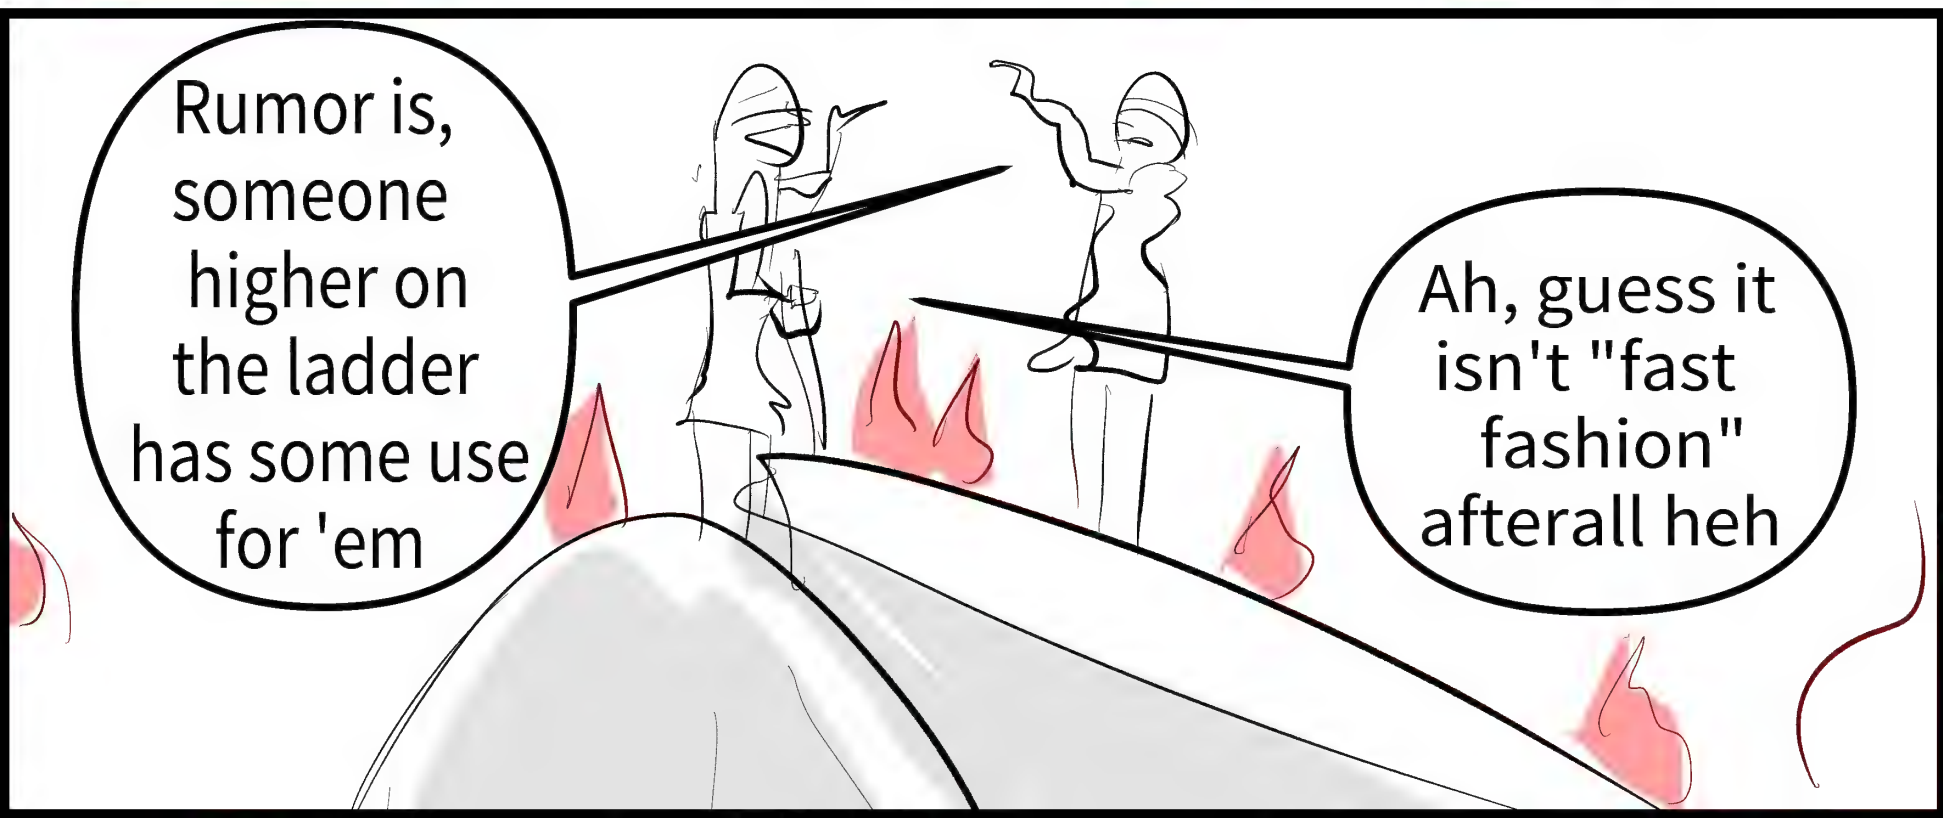

Another batch!

Man that freak got high standards

At this rate we're doing the DWMA's job for them...

Rumor is, someone higher on the ladder has some use for 'em

Ah, guess it isn't "fast fashion" afterall heh

Anyways lets just go and drink on company time, they ain't even paying us enough to afford socks of their brand!

Are they really leaving?

It's my lucky day

Now I just-

But wait... To take out that many enemies so easily

How strong is this person...

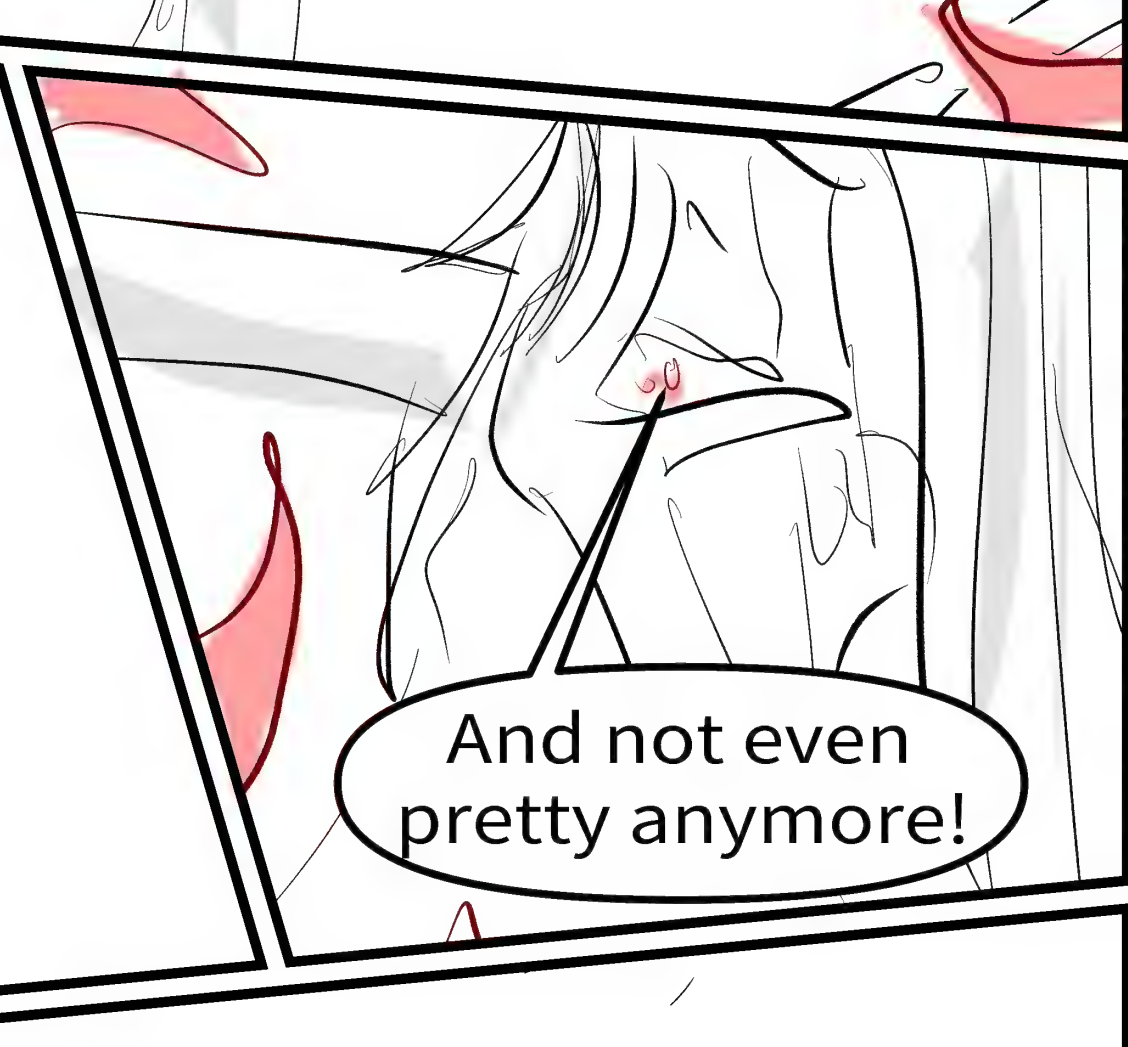

Wah!

What chance  
do I have against a  
monster like that!

I'm just  
weak and  
stupid!

And not even  
pretty anymore!

Especially after all  
this stress eating...

*LONE*

Kishineggs better  
be low carb or else-

I knew this was  
a stupid idea...

I'm no  
Patty,  
I can't do  
something  
like this  
on my  
own

Patty...

Remember how  
I kept her safe...

And now  
I only  
endangered  
her...

They will notice  
the missing kishineggs  
and track us all down  
if I try to run away...

So I have to  
finish this

Even if totally  
out of my element

DRESSING  
ROOM

"A fish can swim an entire lifetime  
without ever knowing what water is"

Finally I get what this qoute means

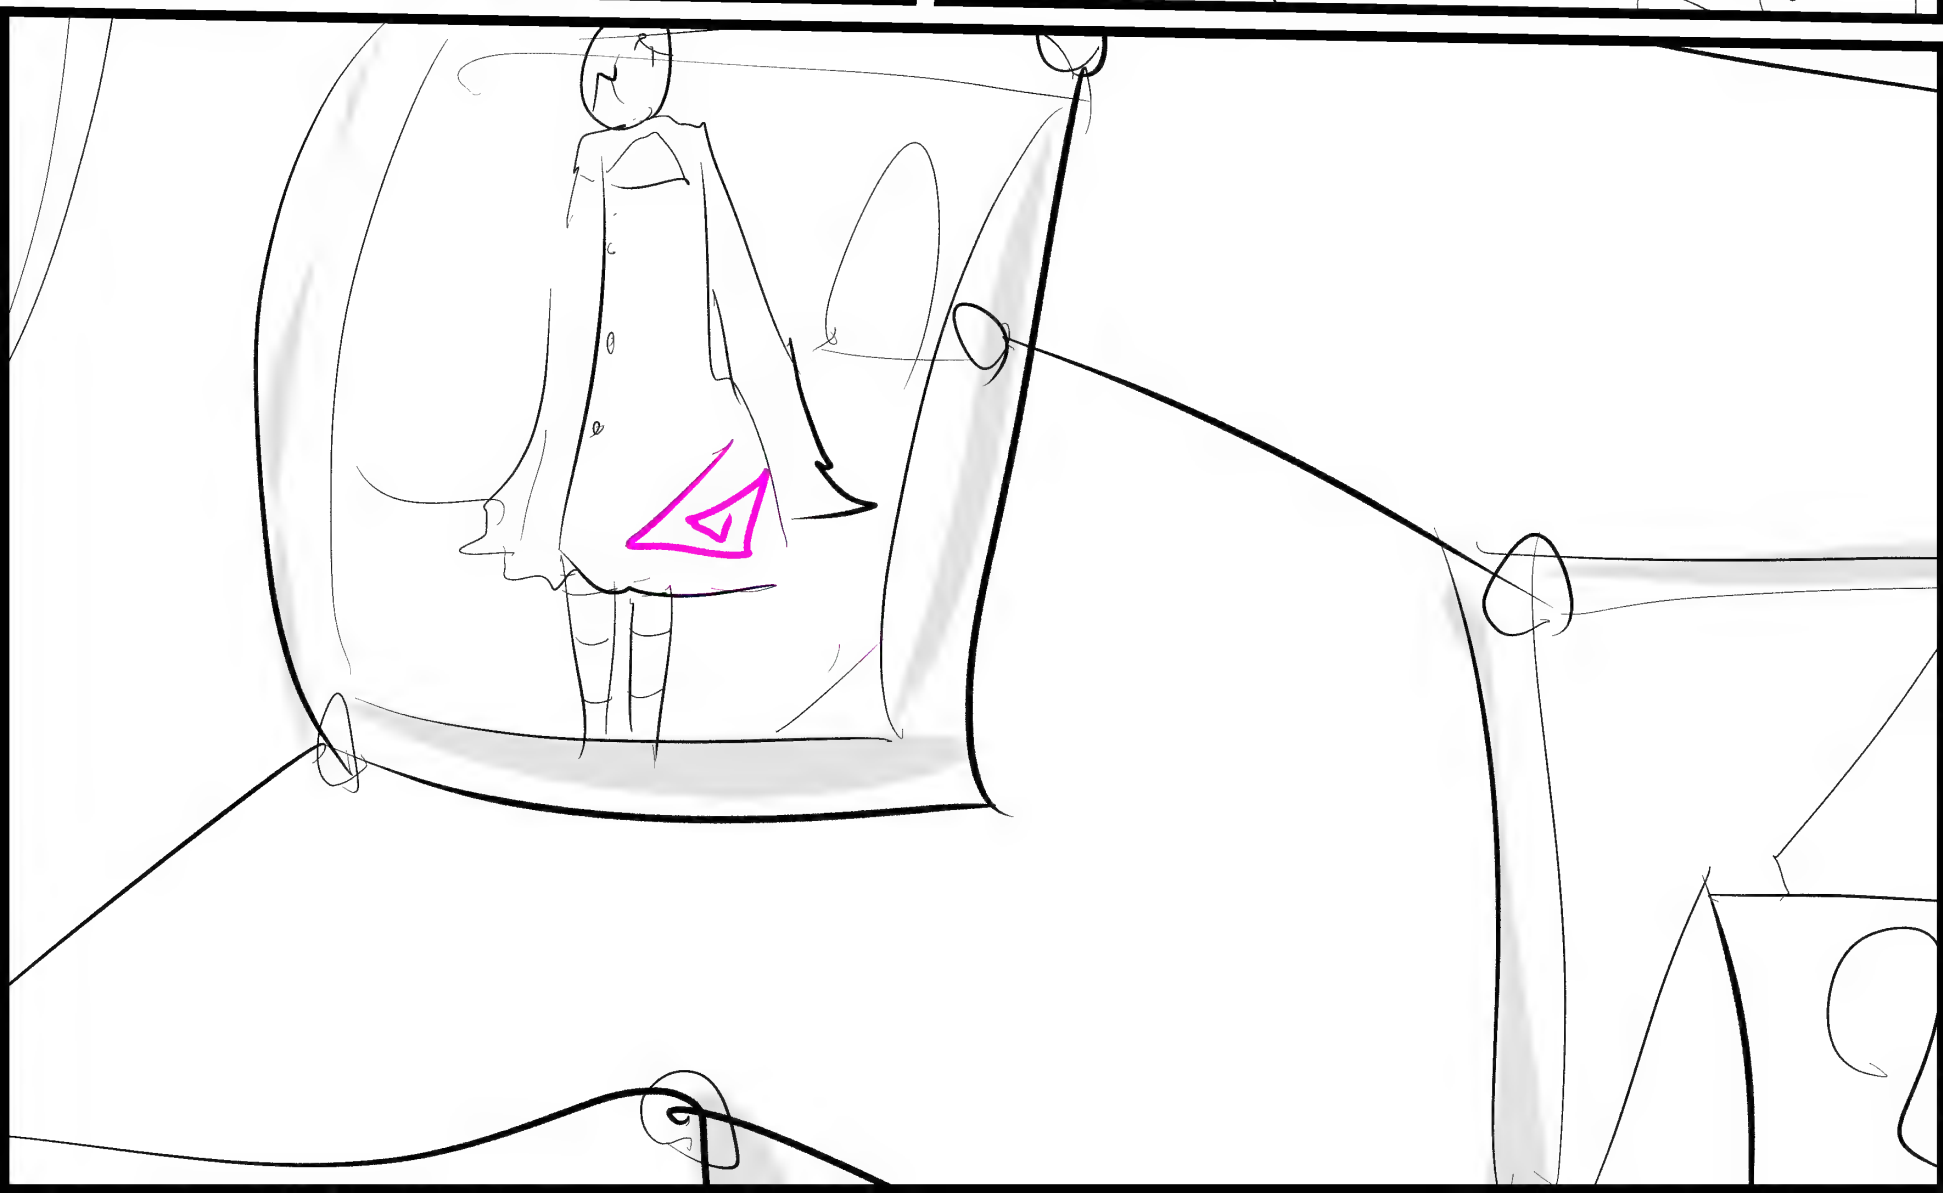

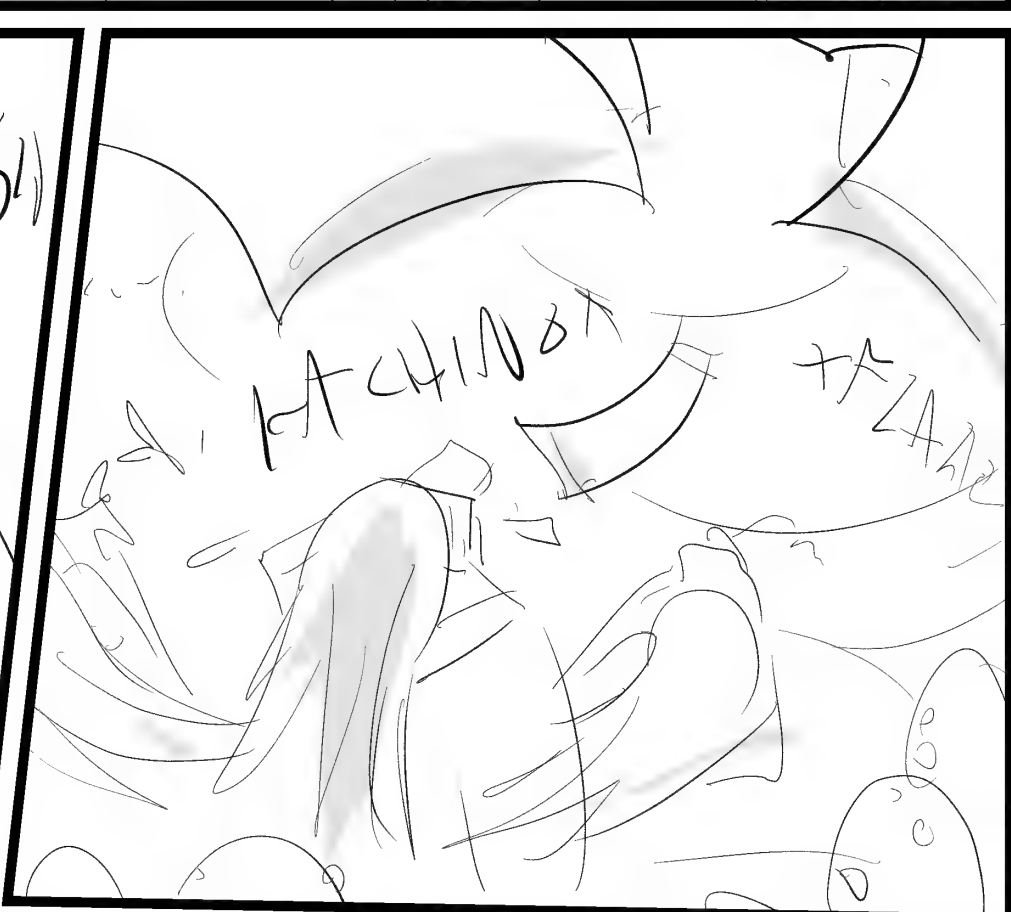

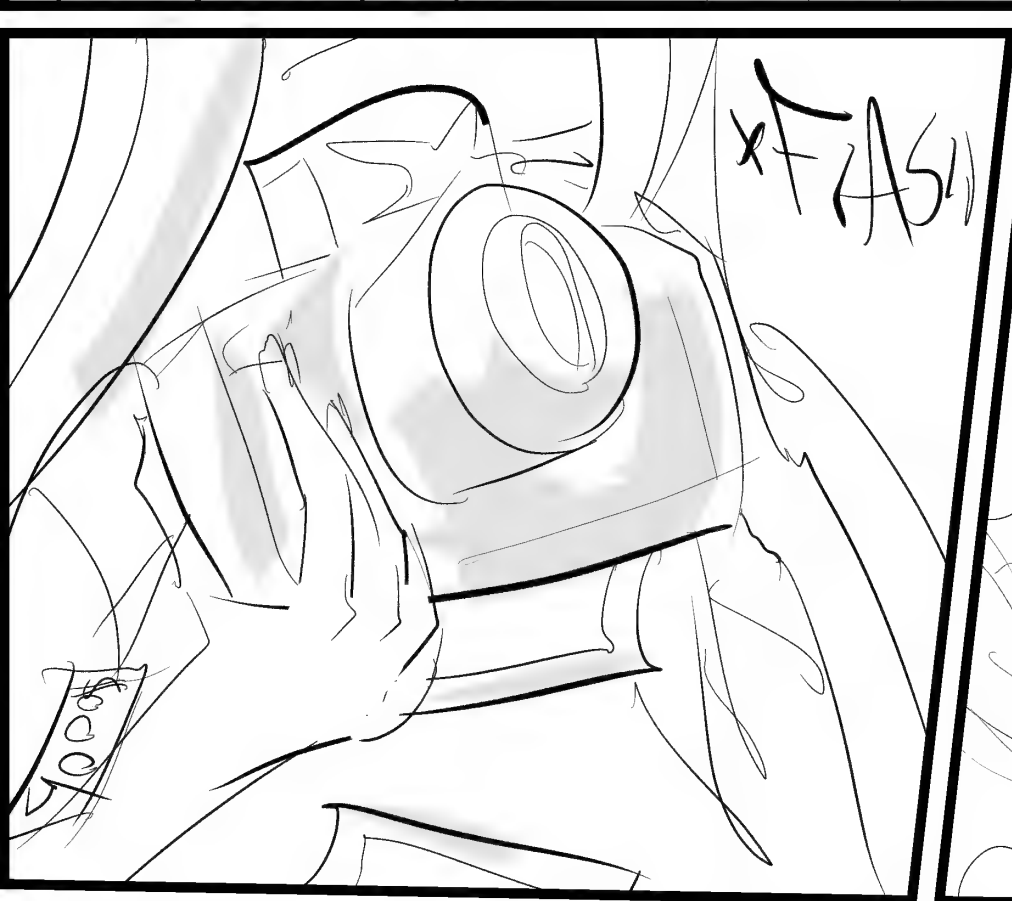

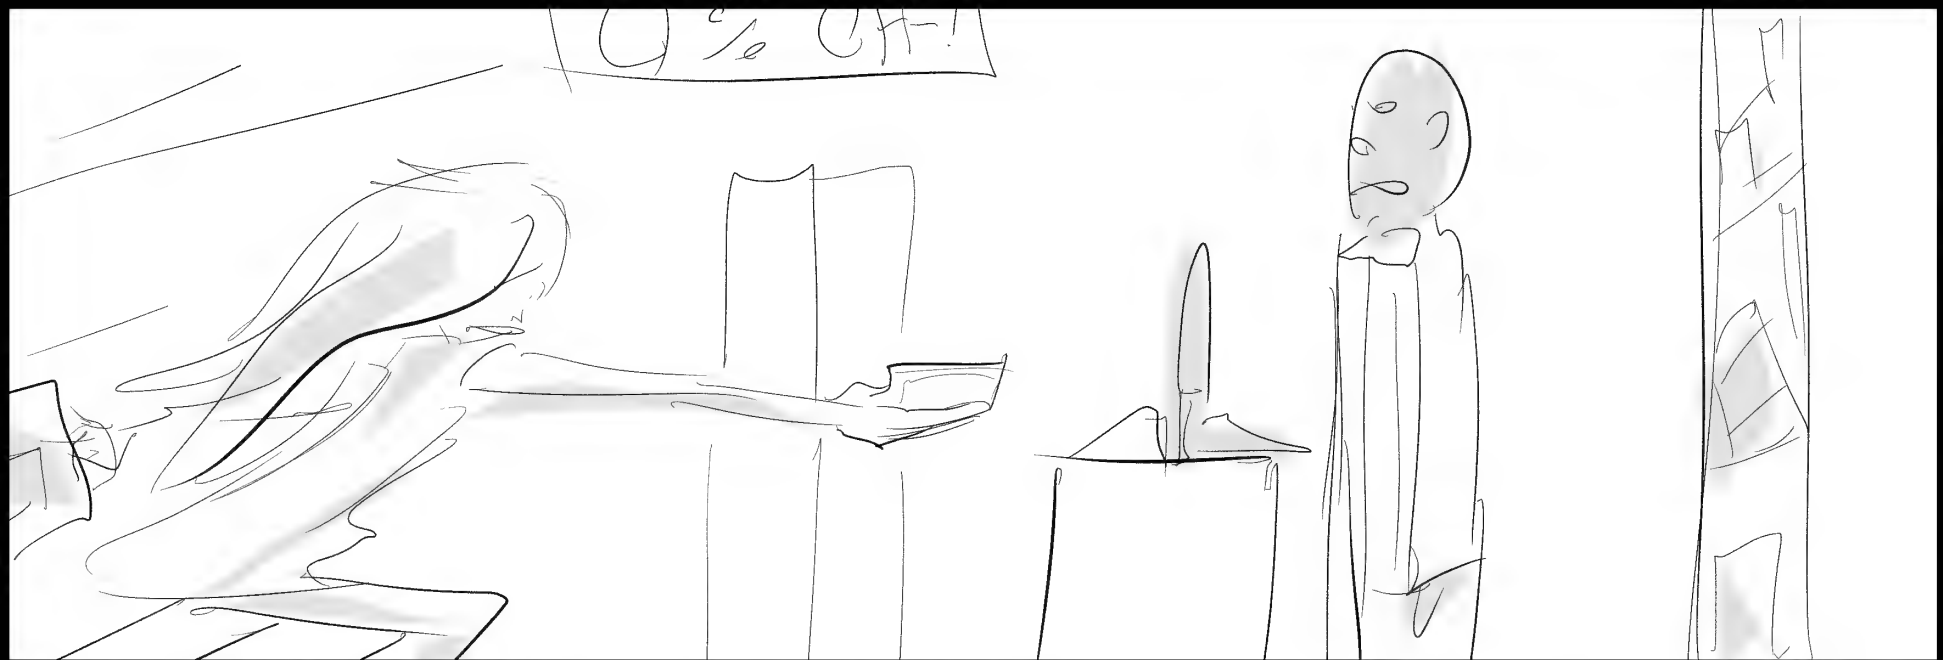

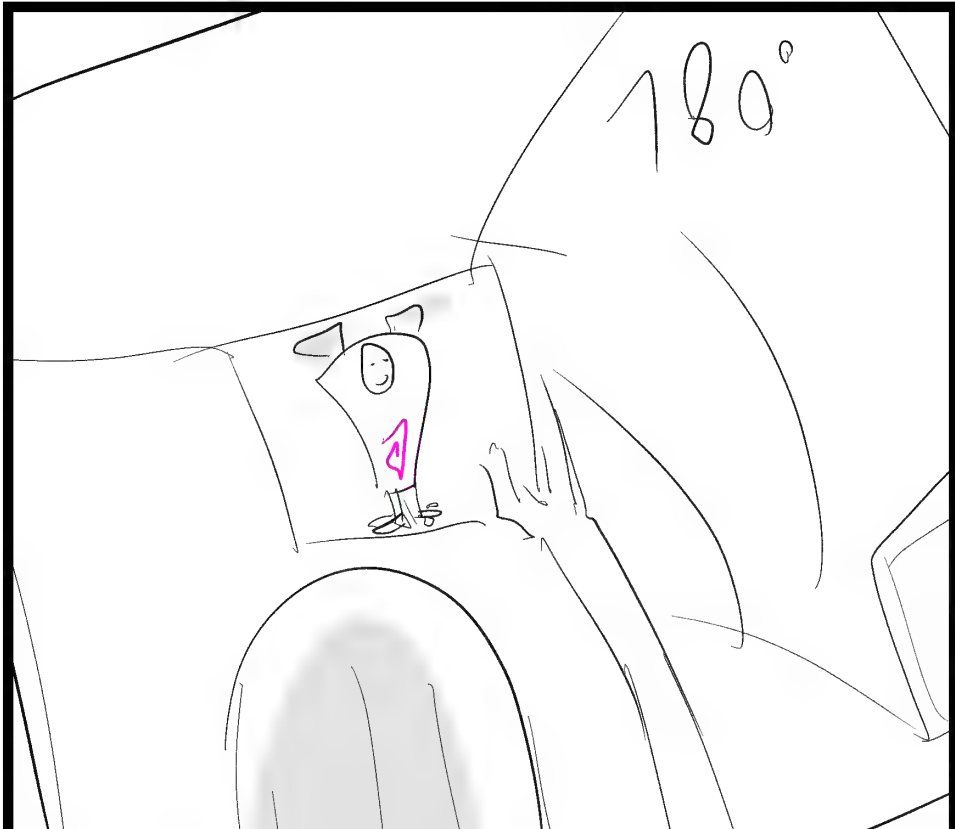

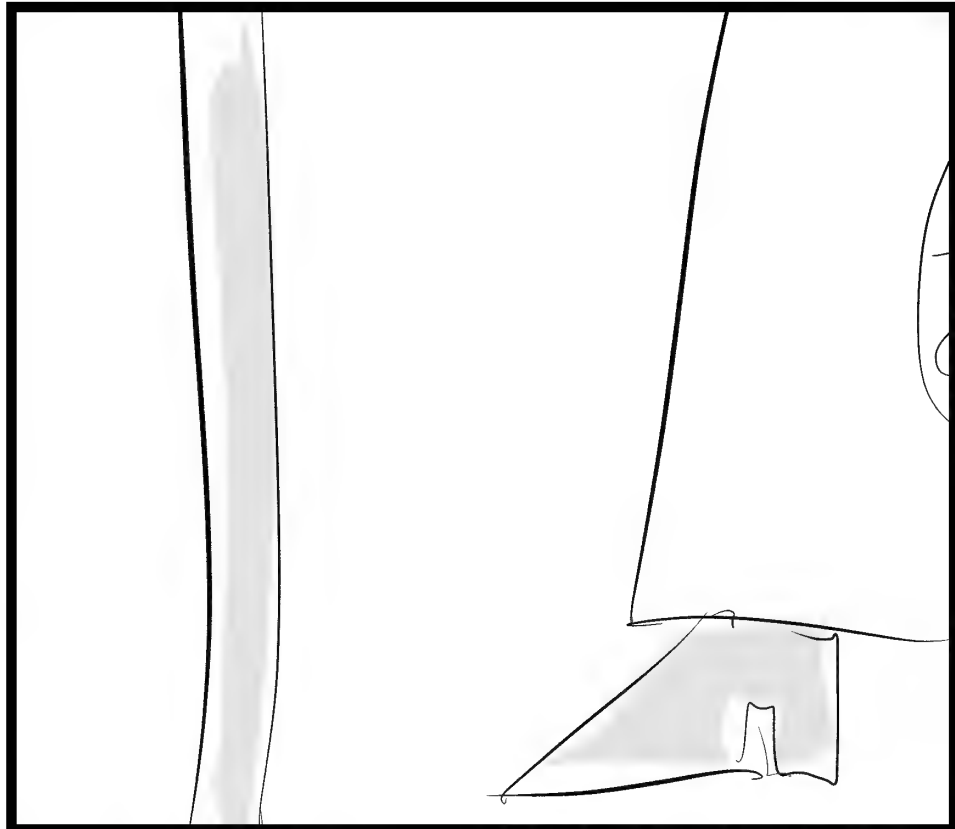

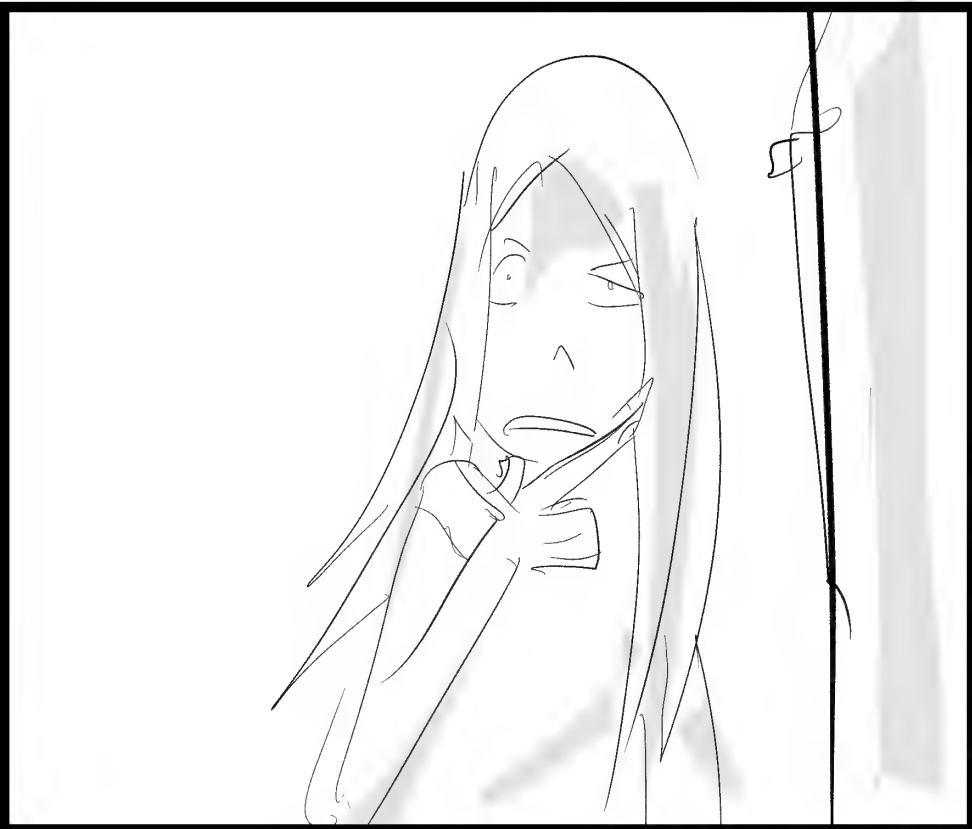

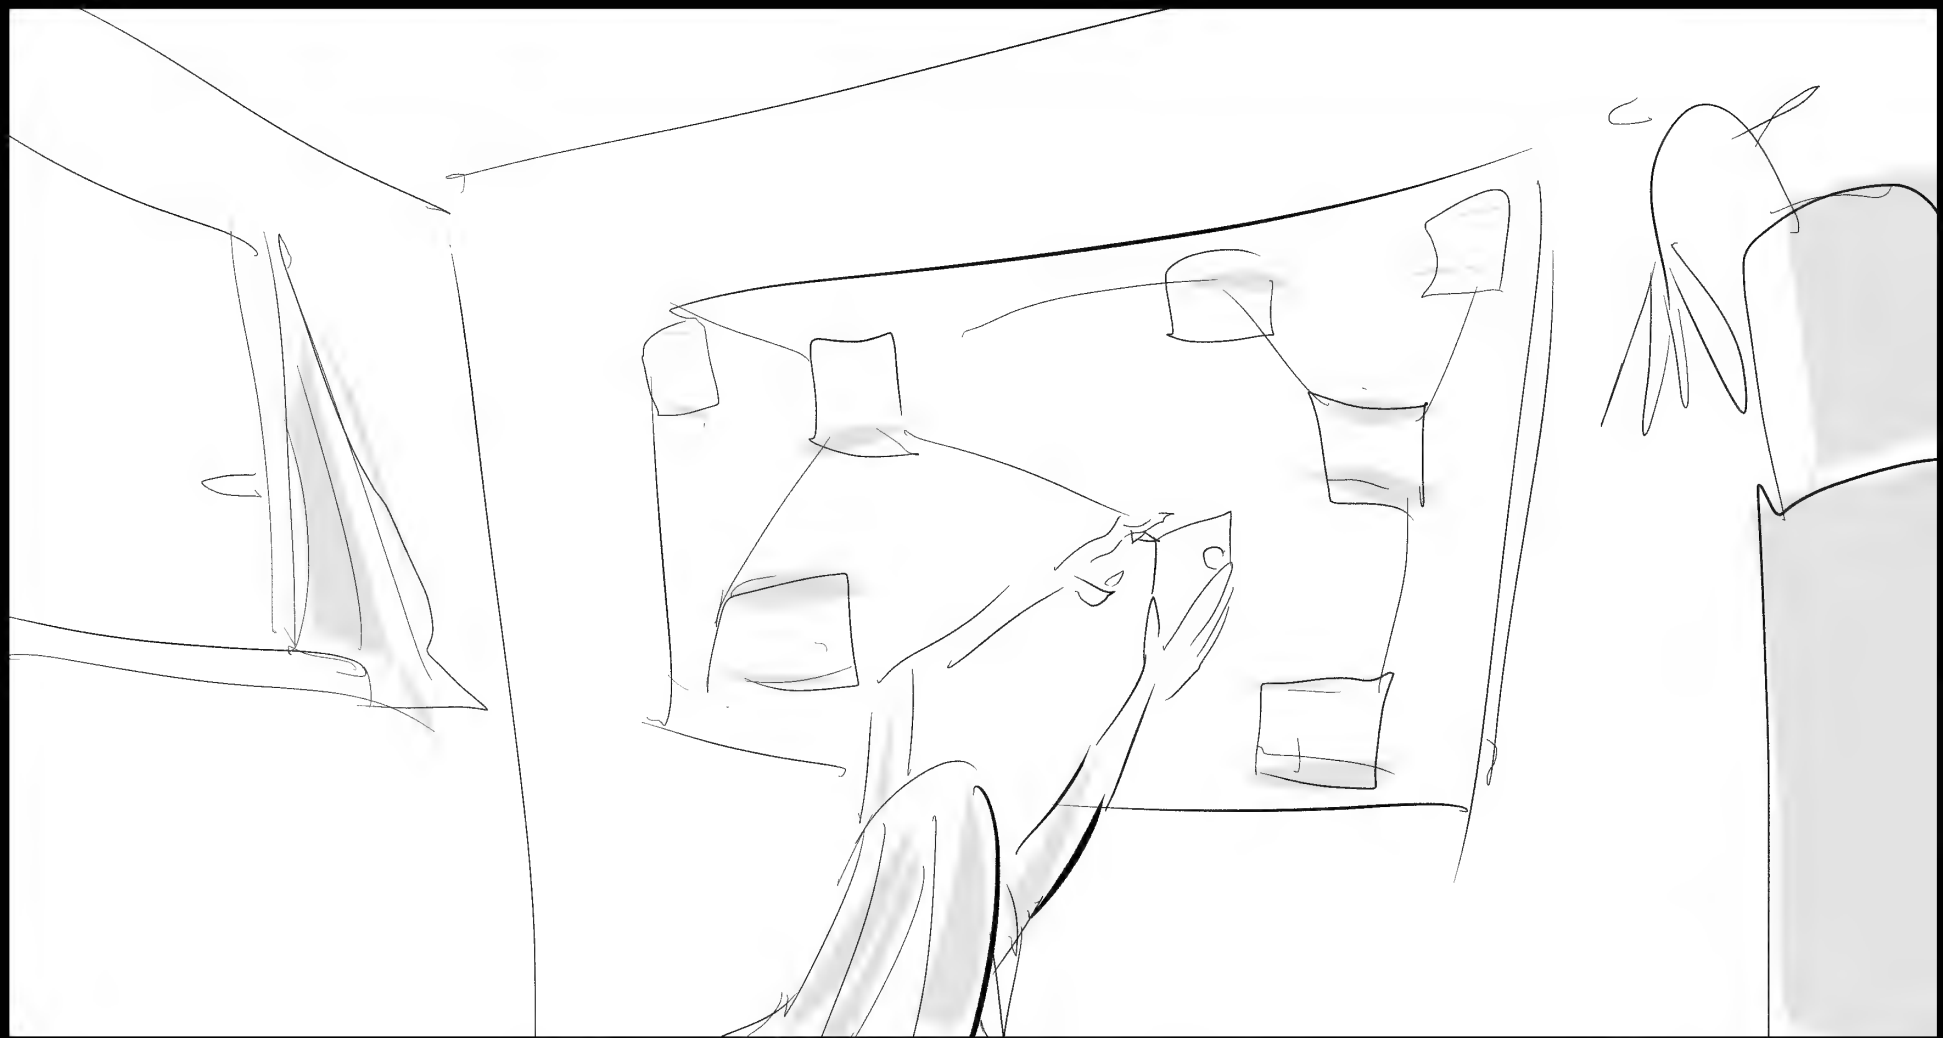

Fashion  
week

So I got seven days huh?

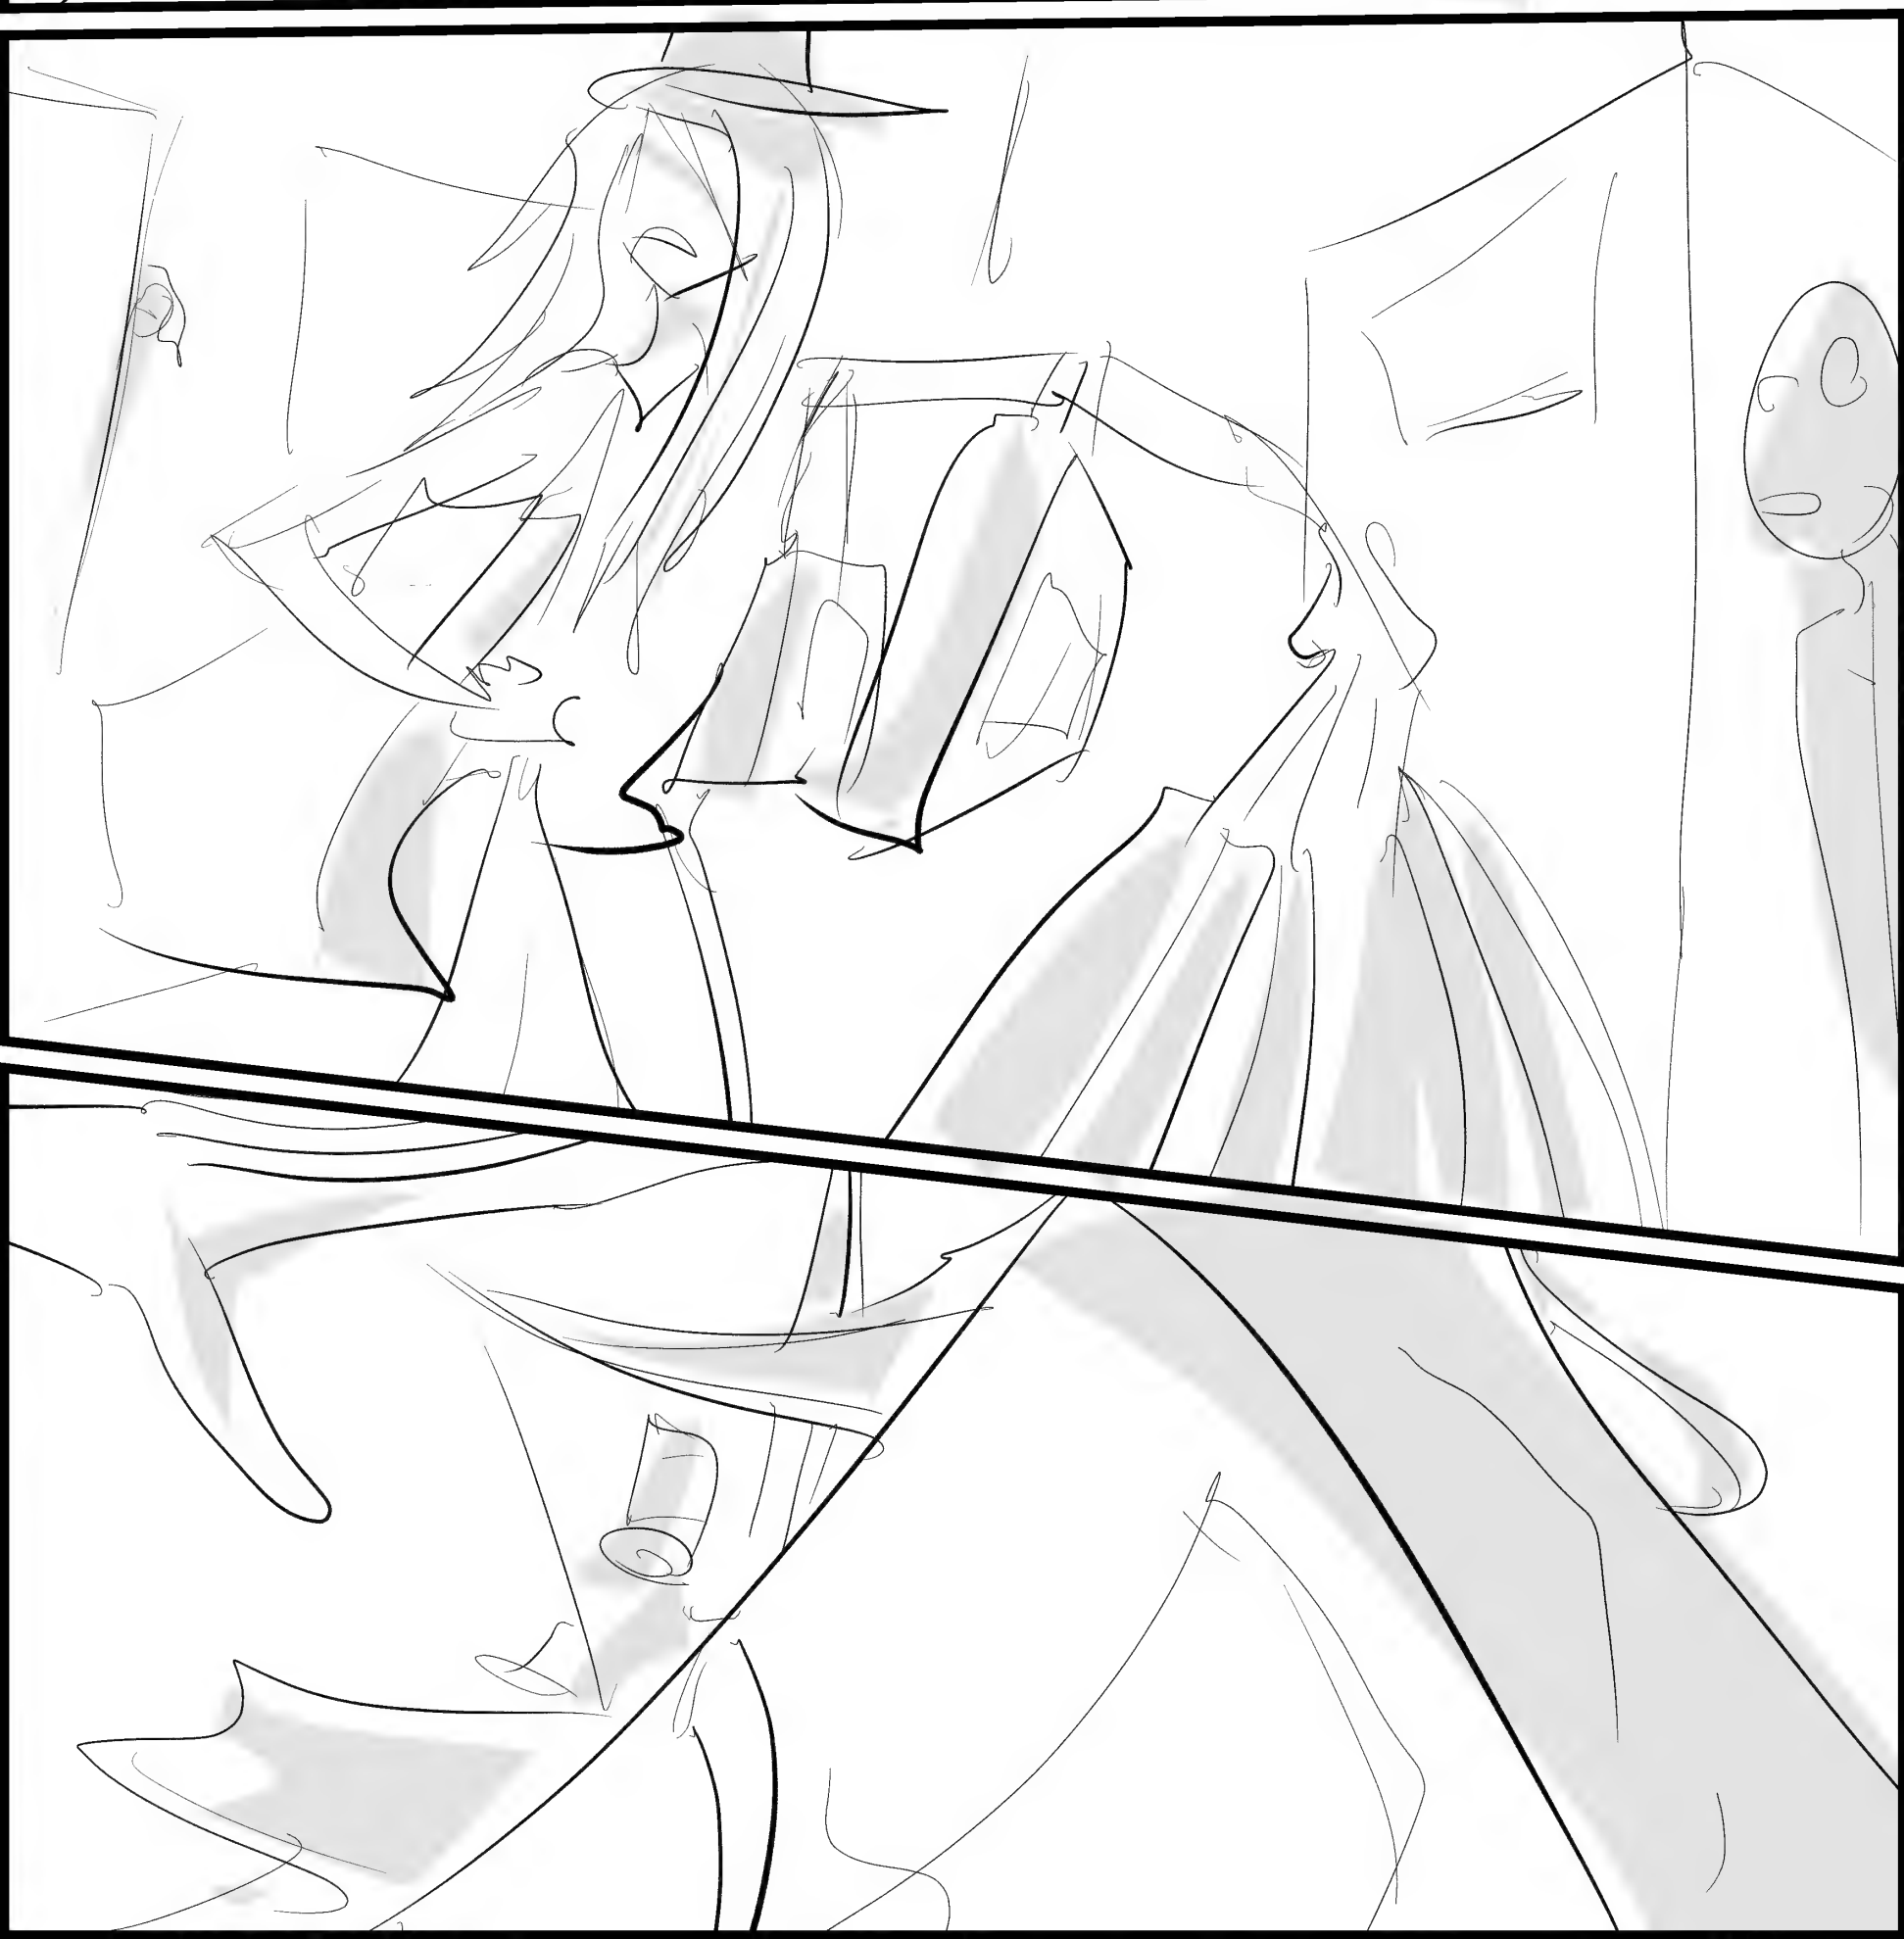

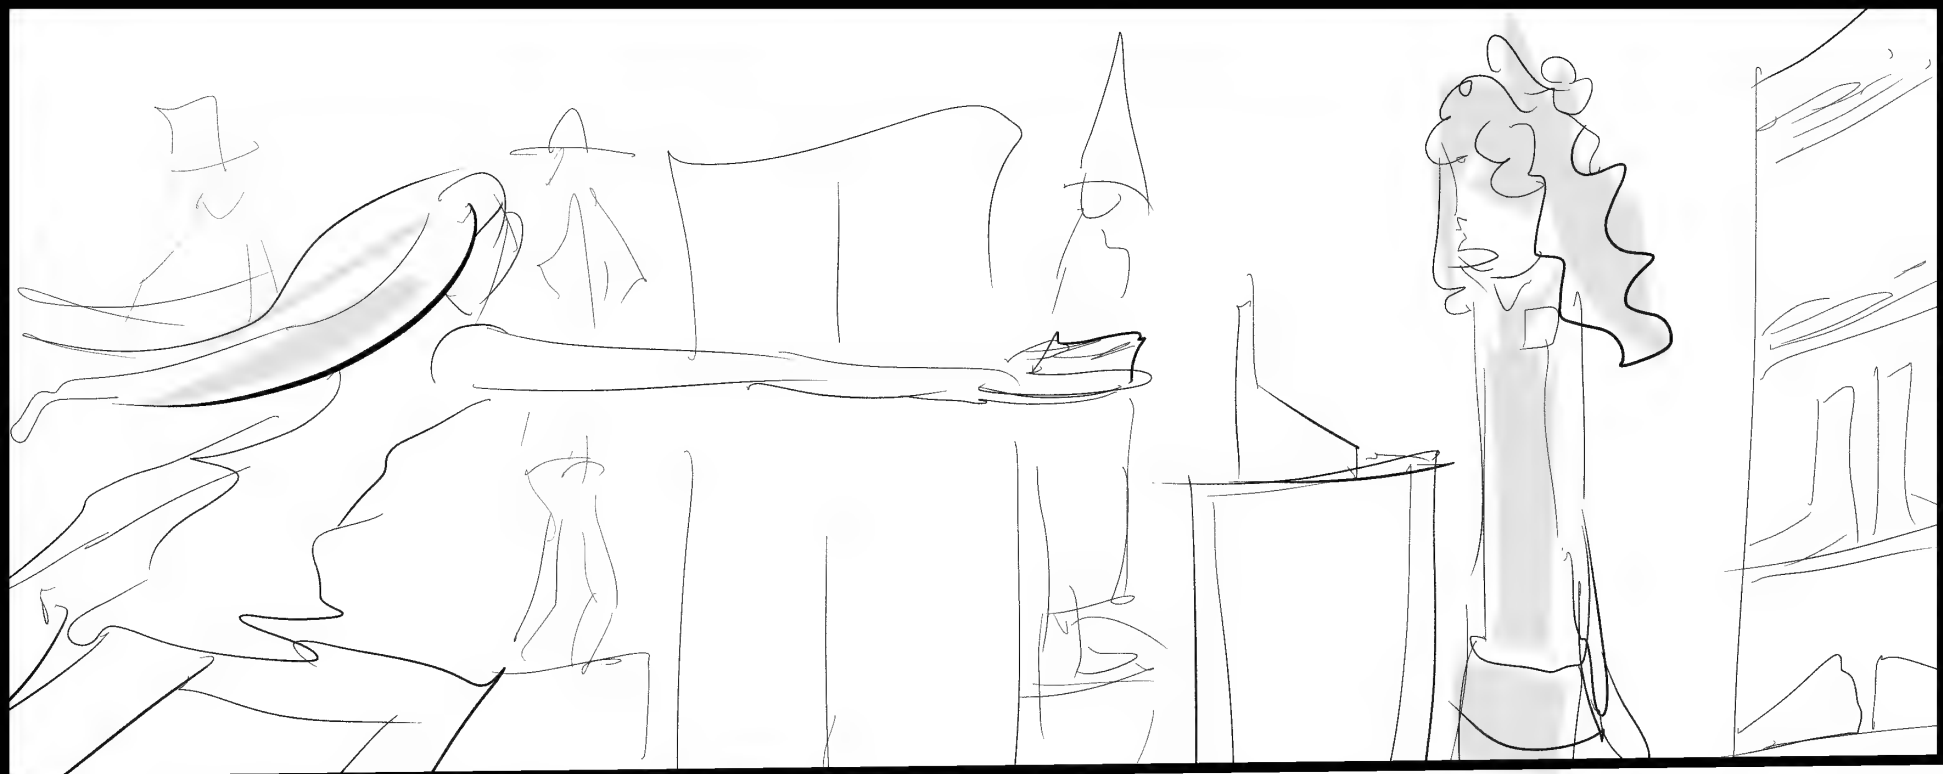

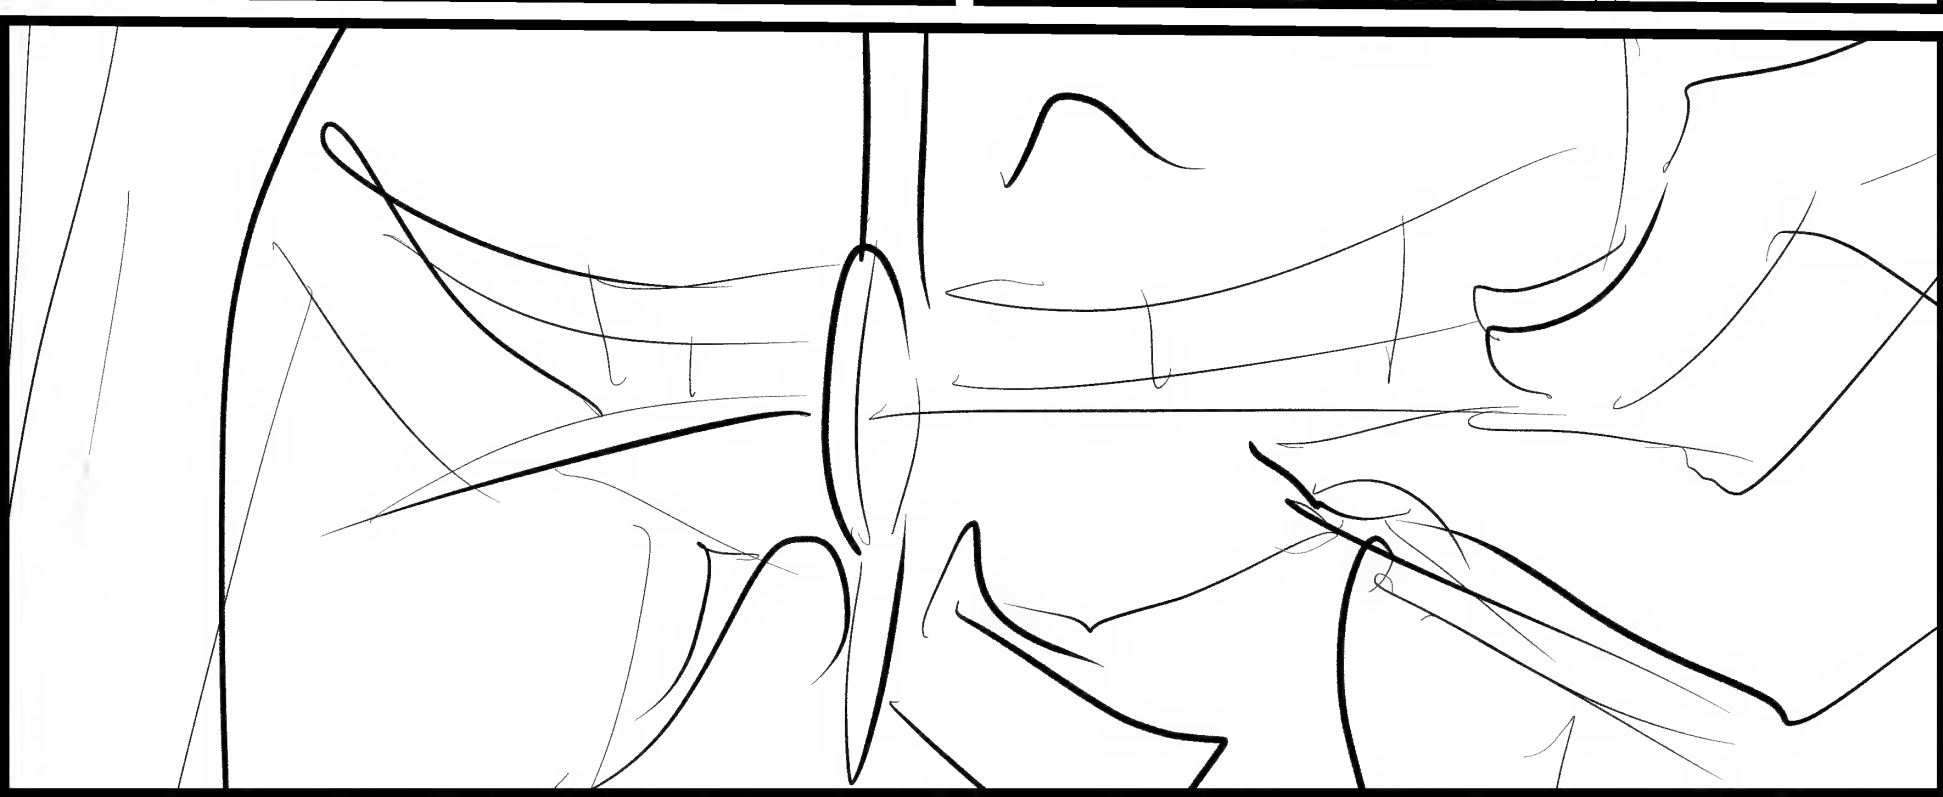

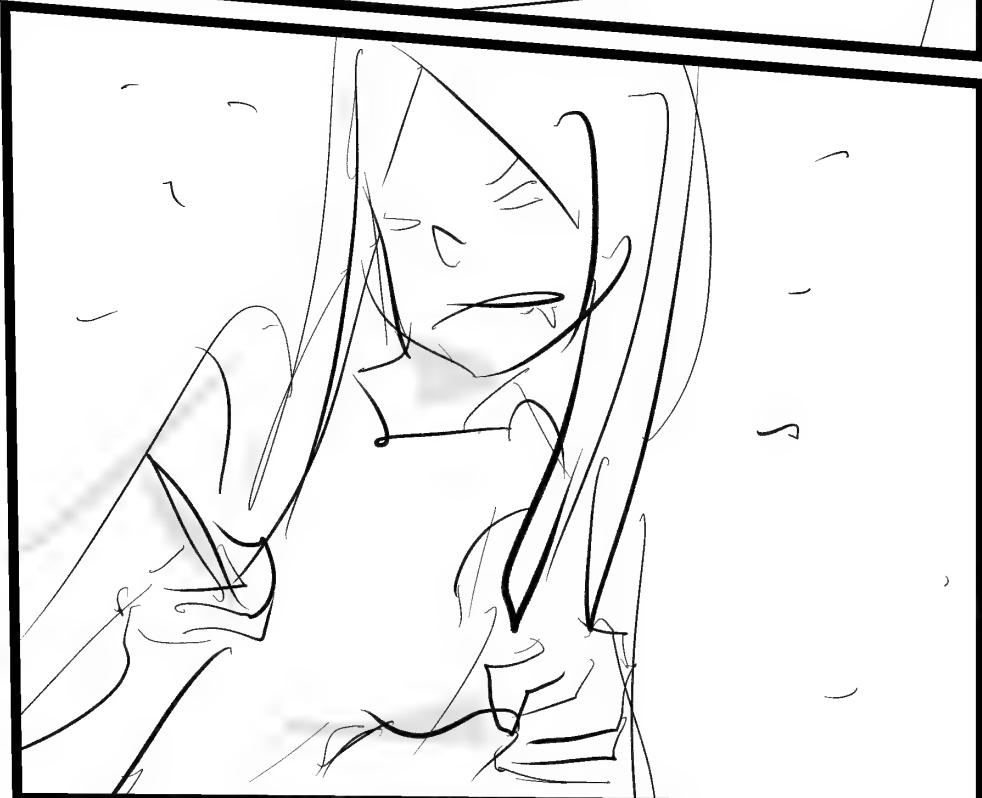

Time to prepare

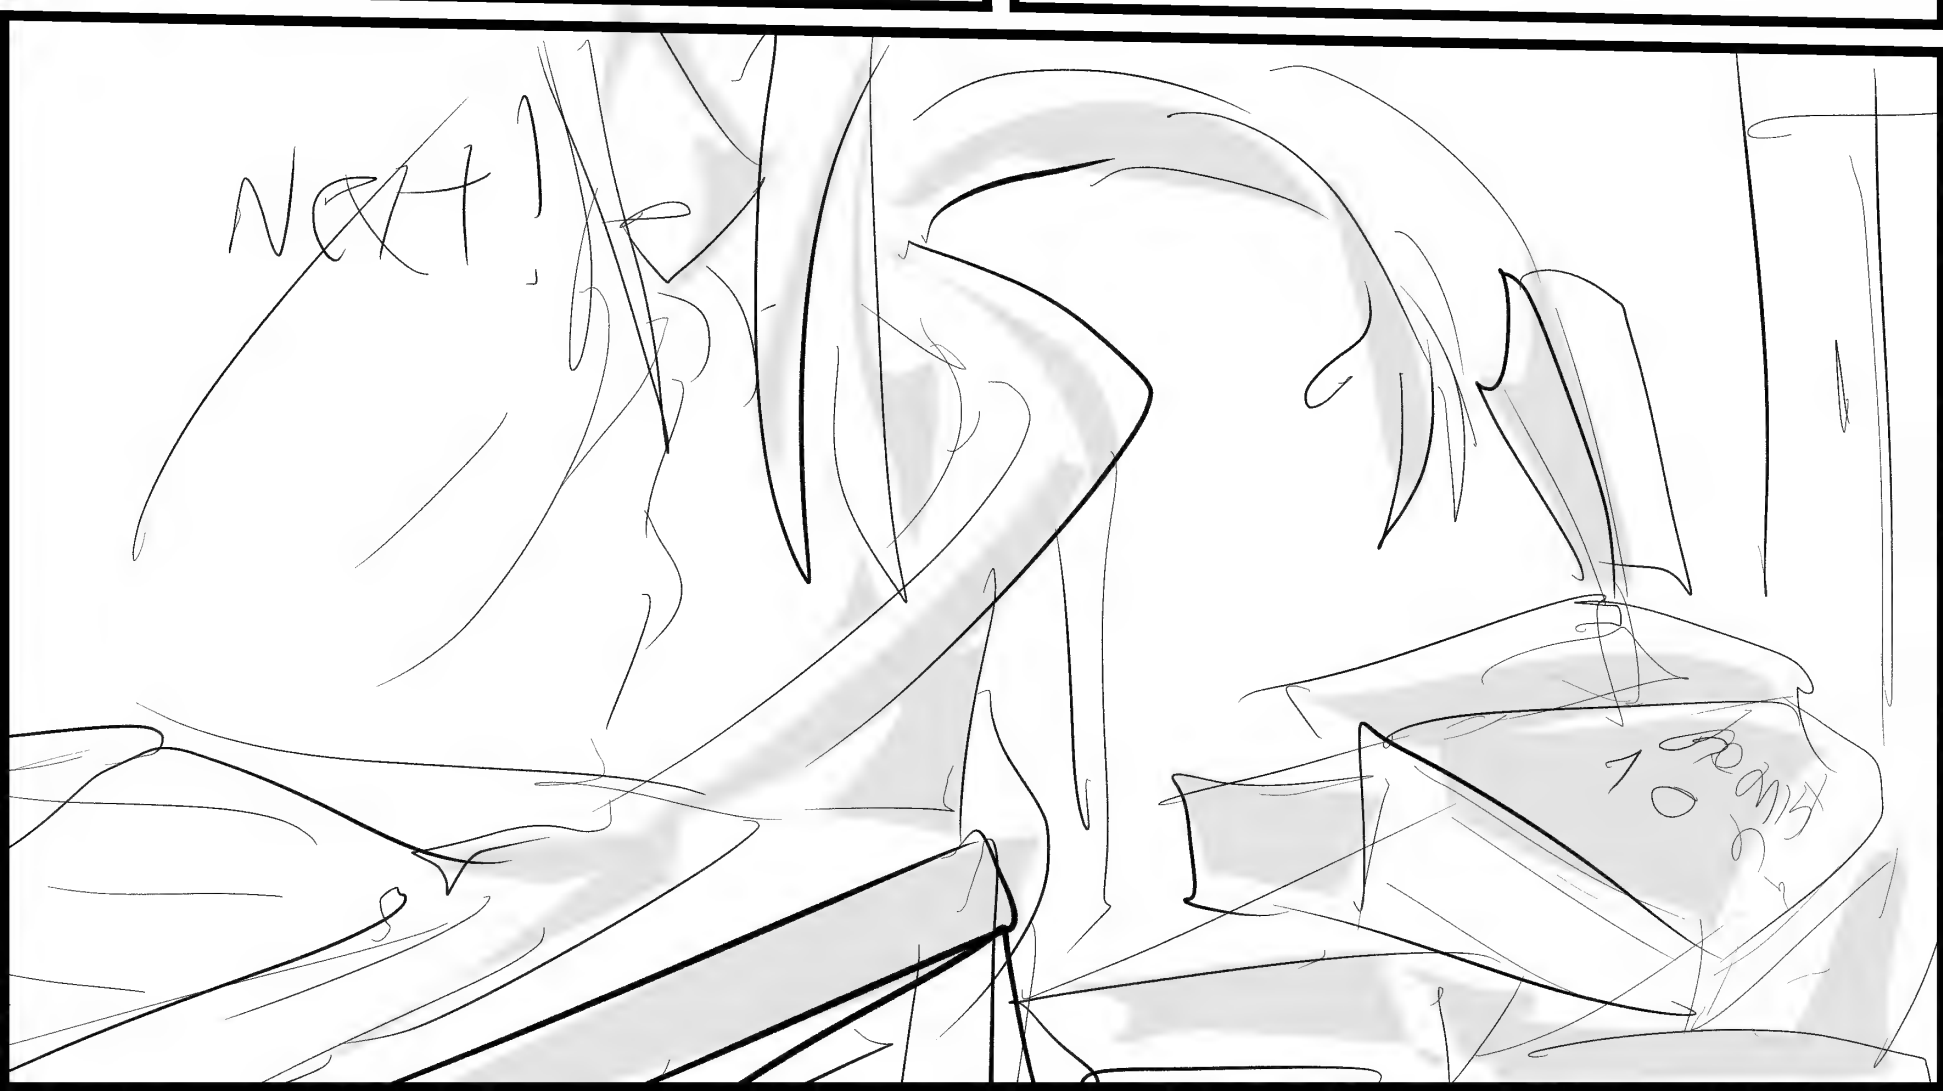

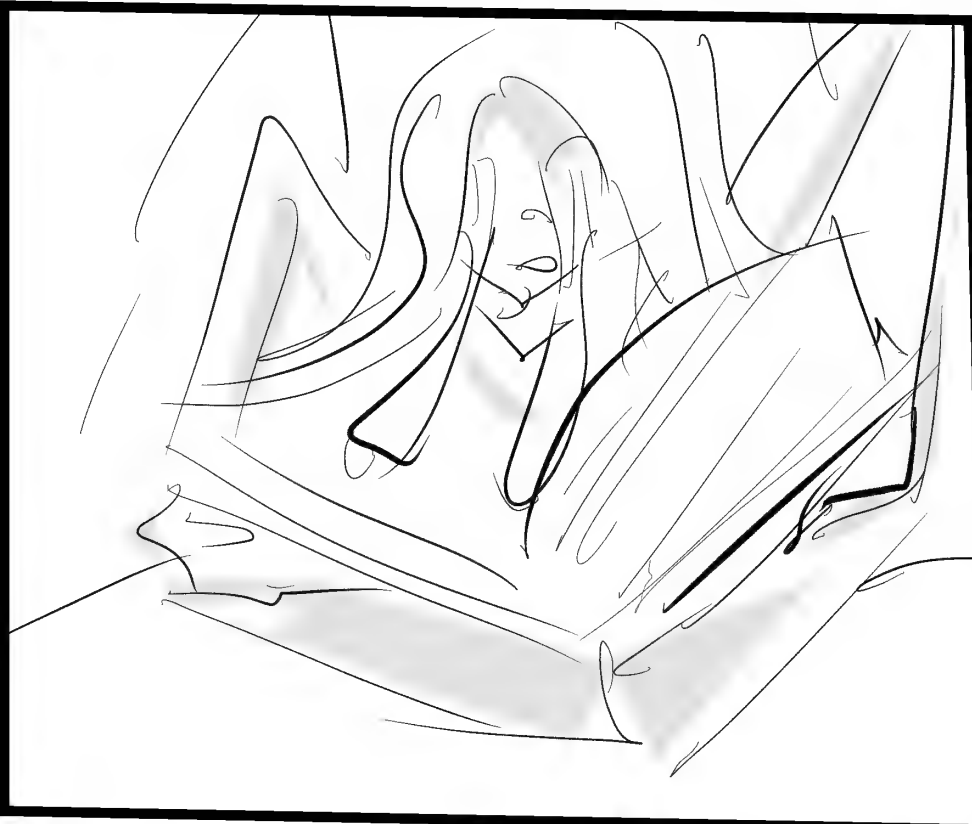

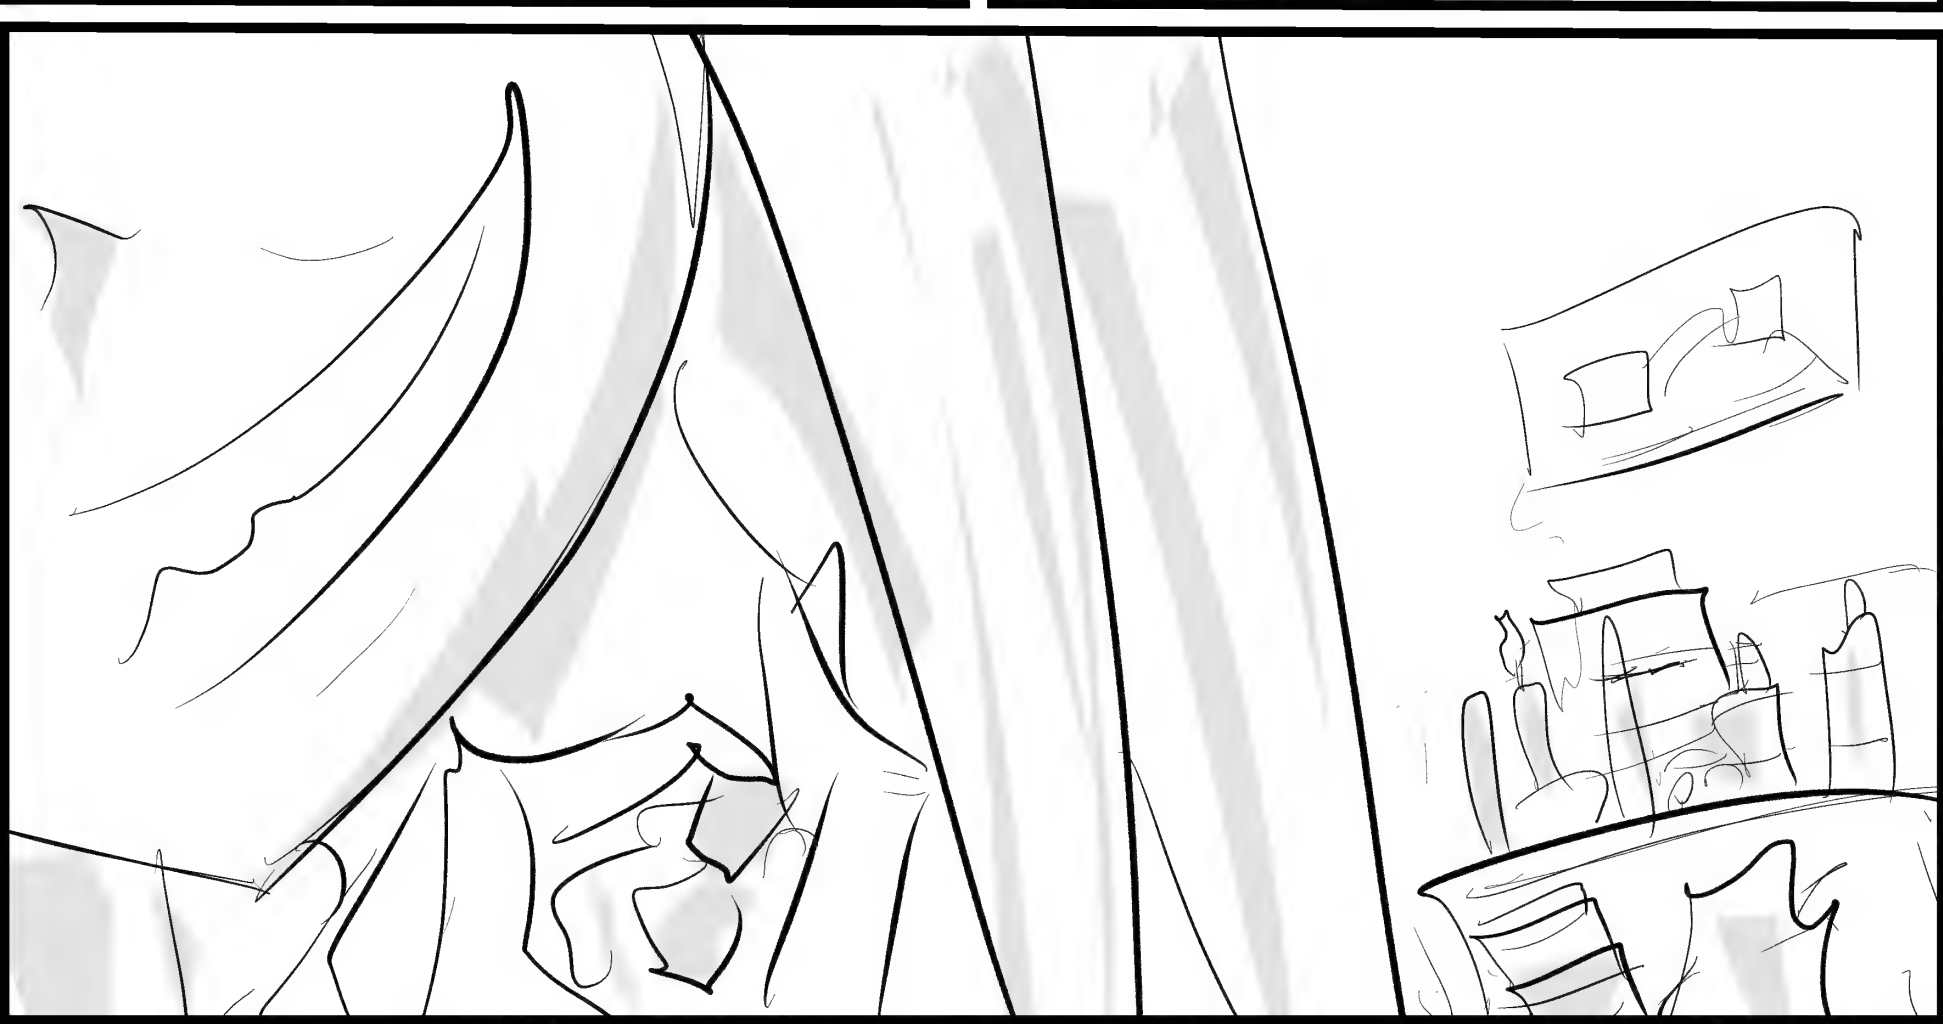

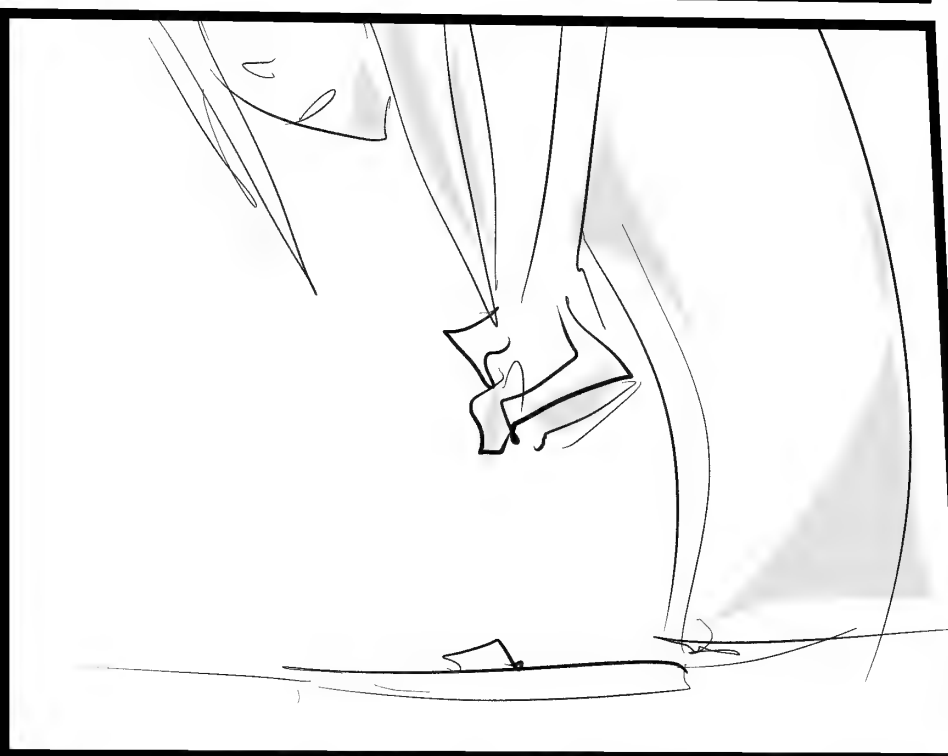

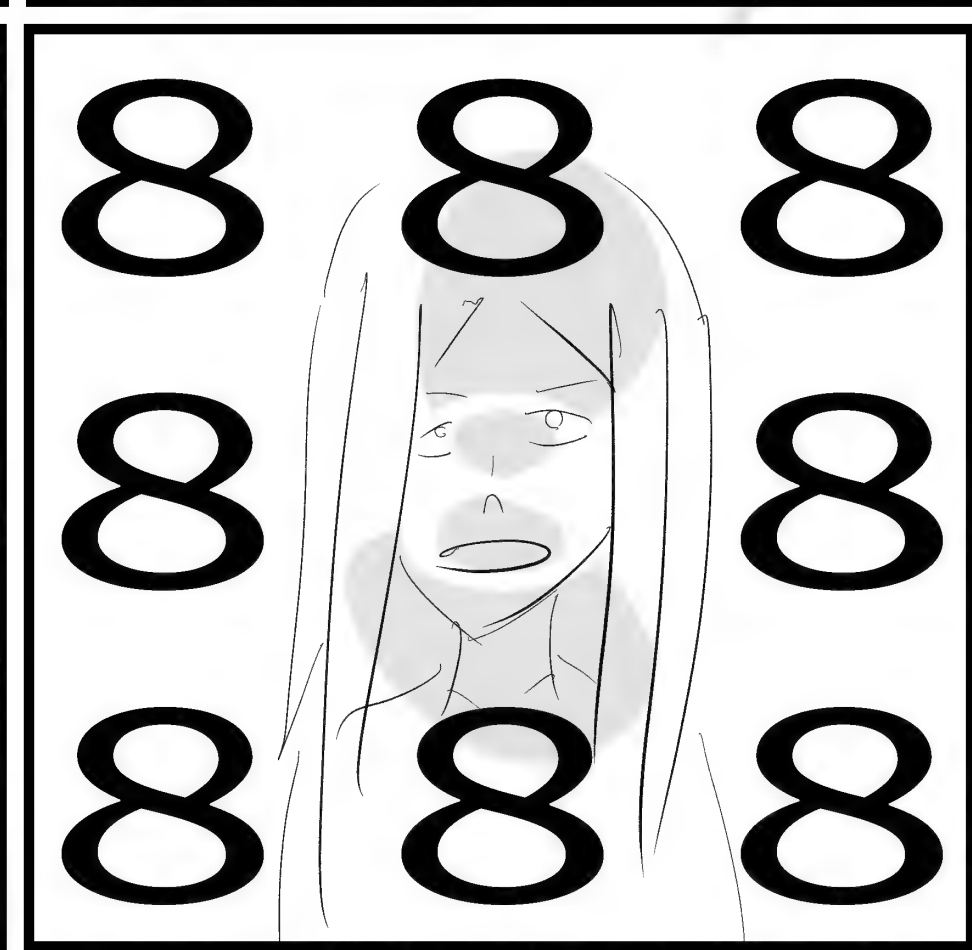

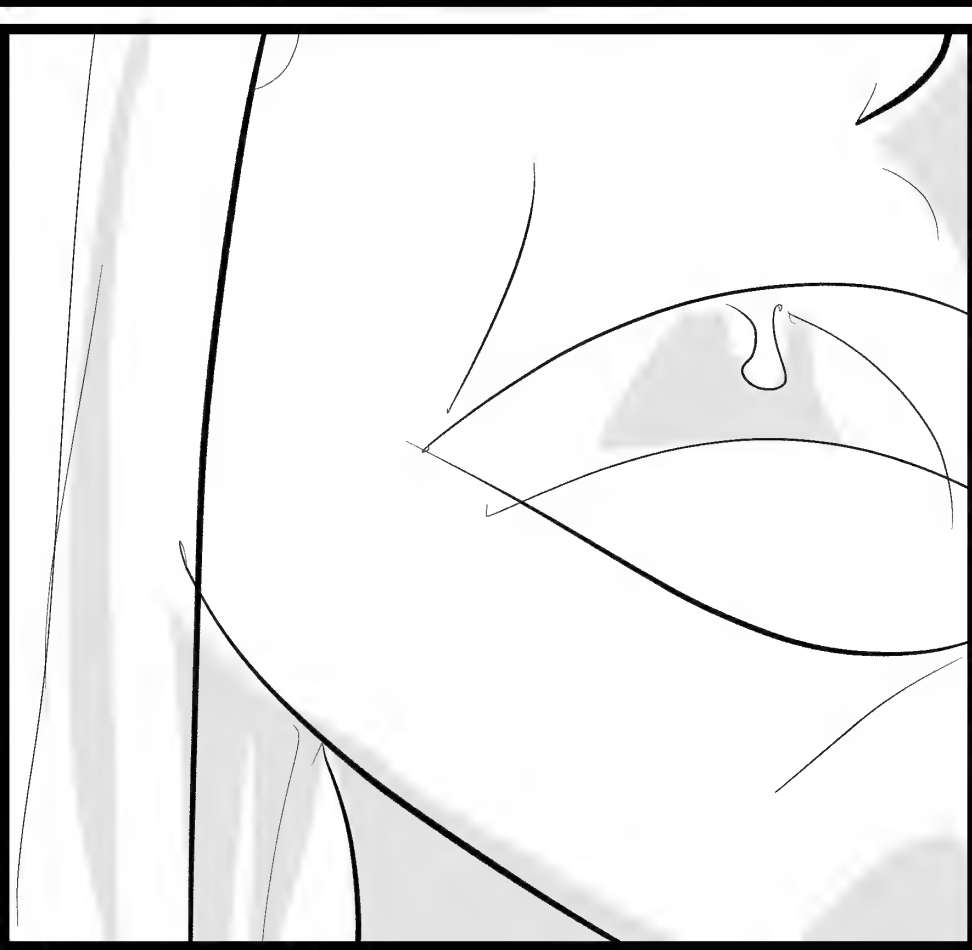

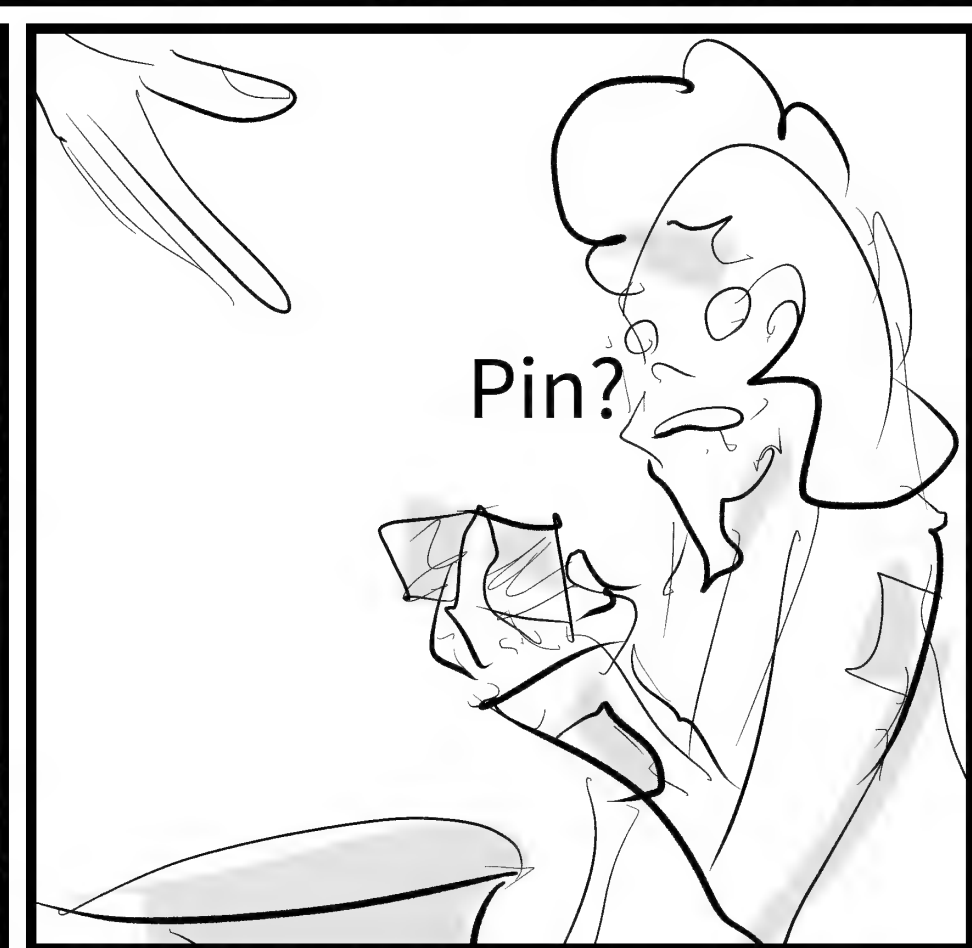

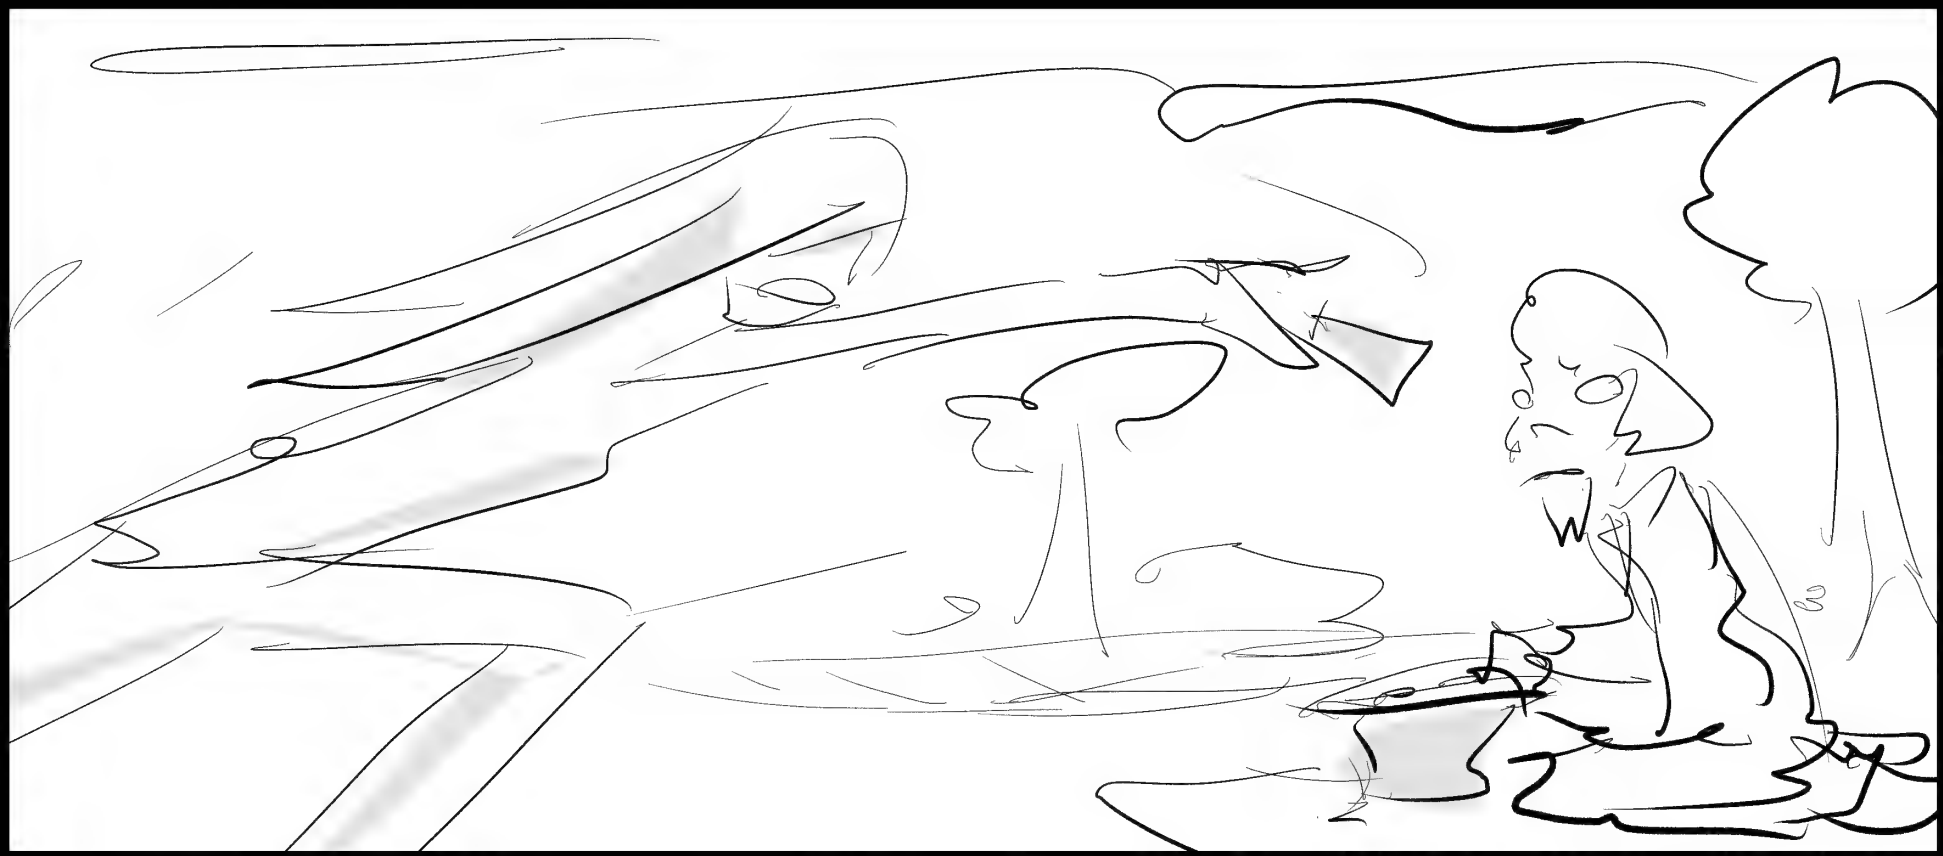

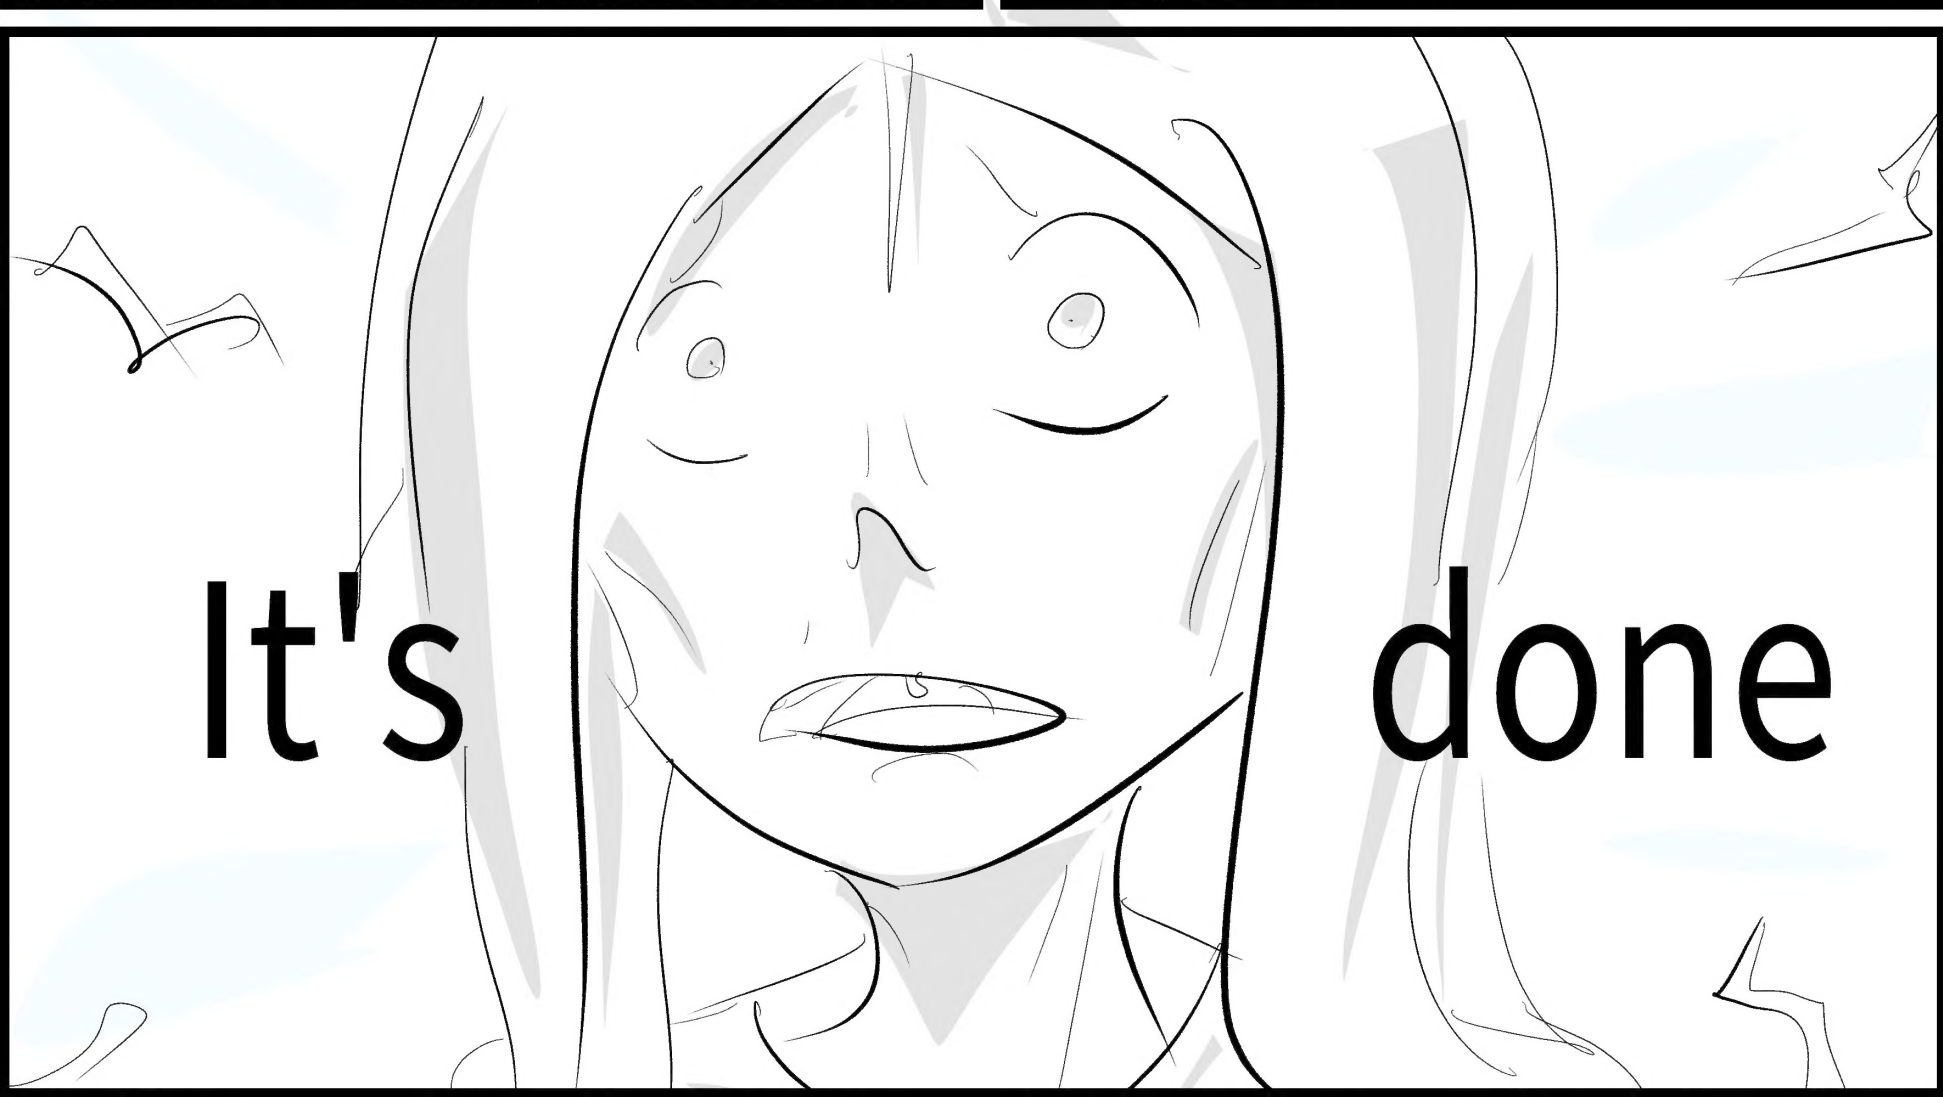

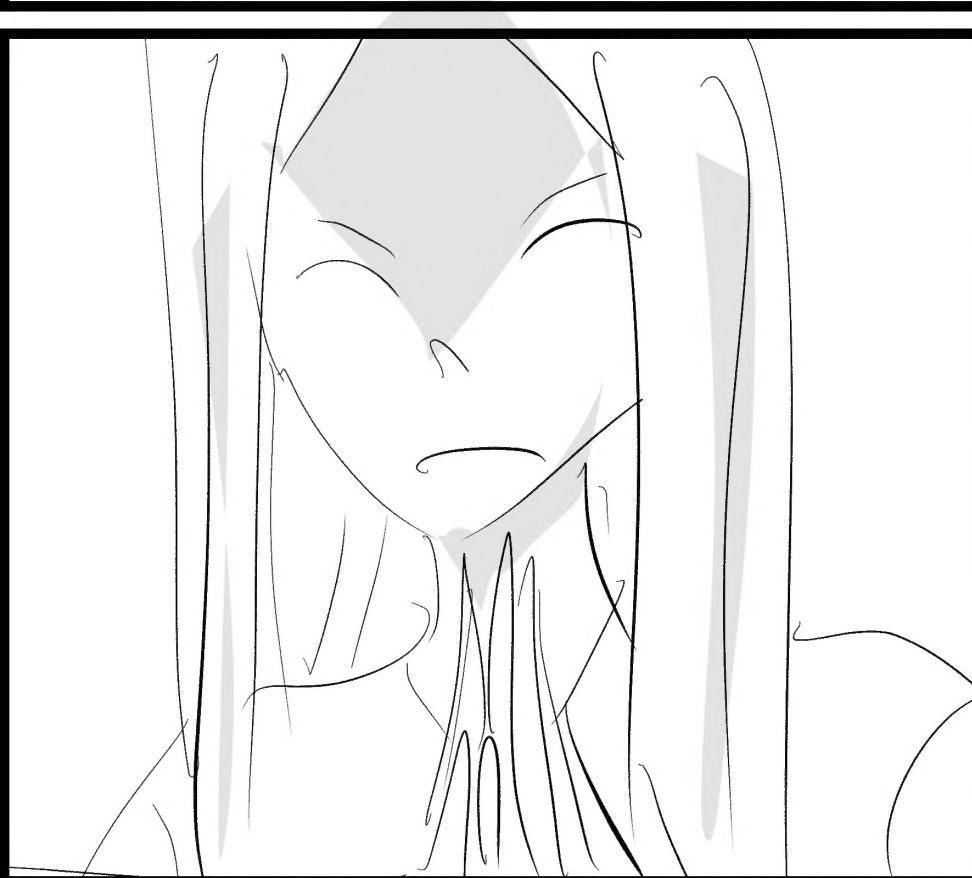

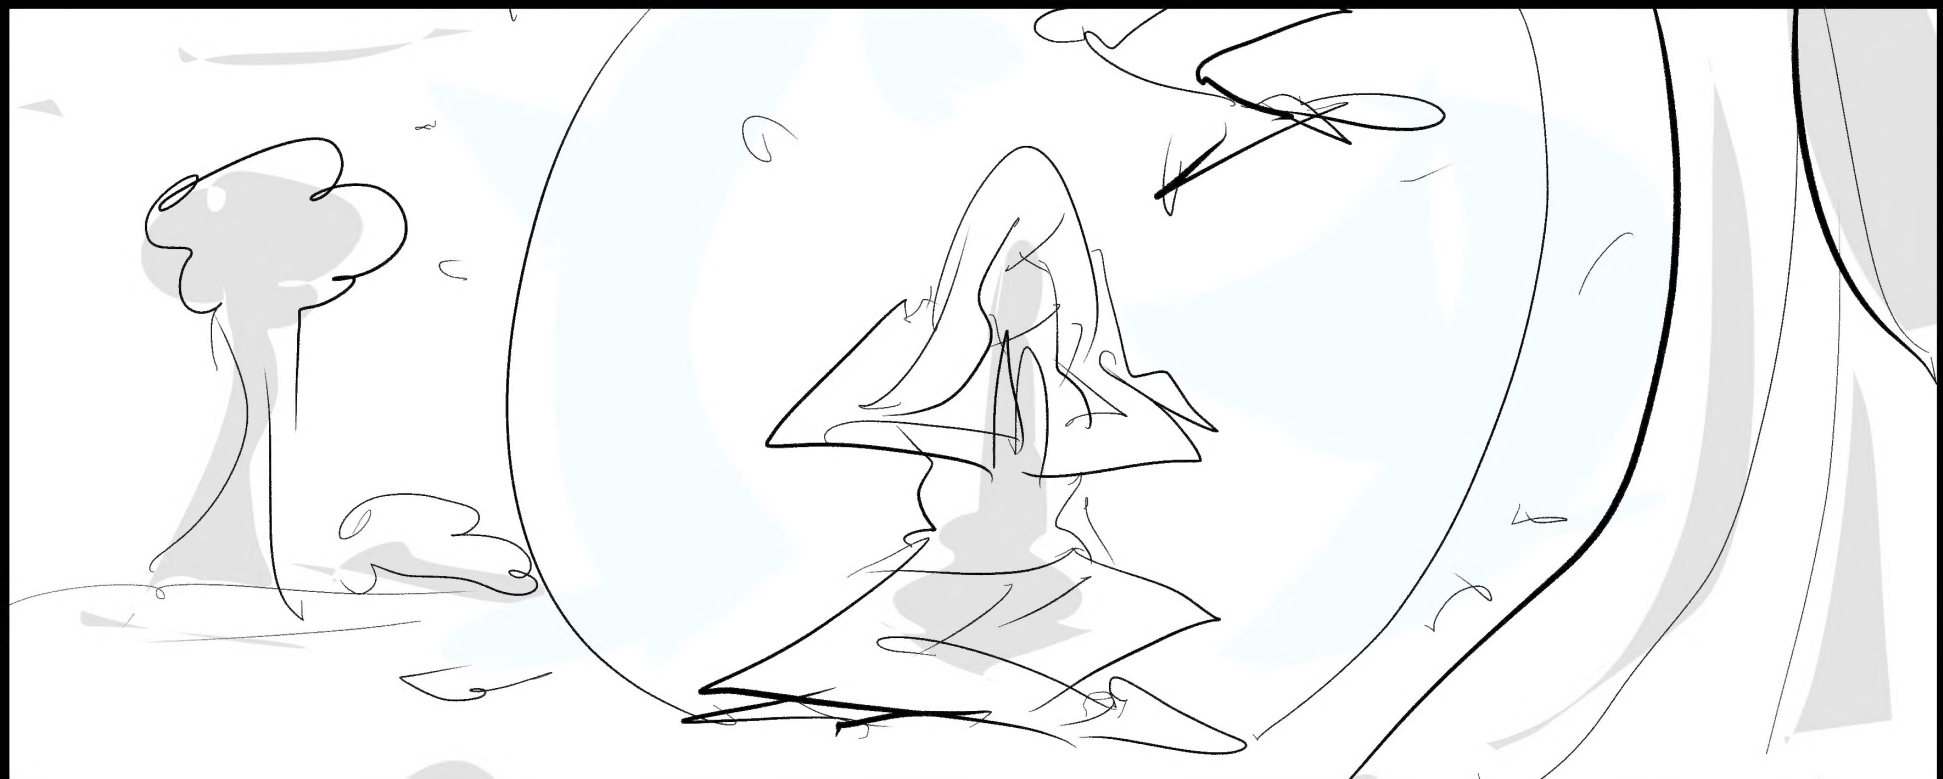

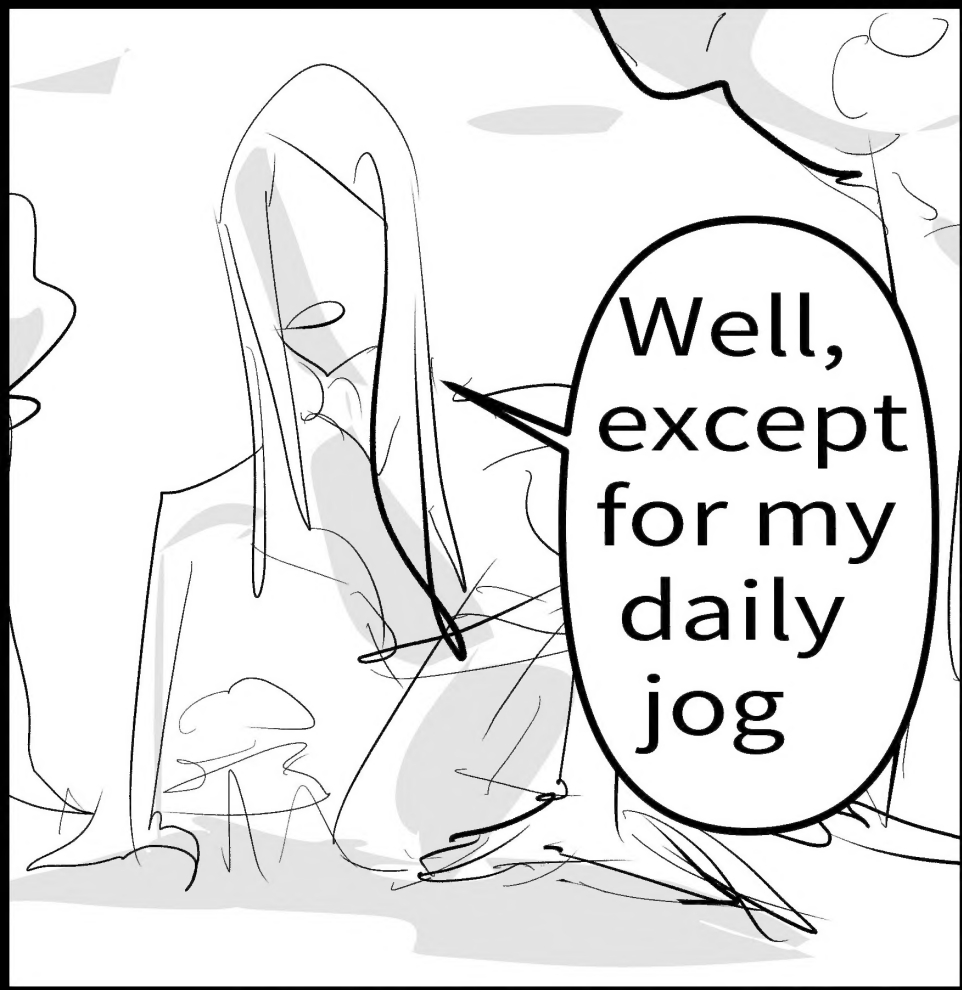

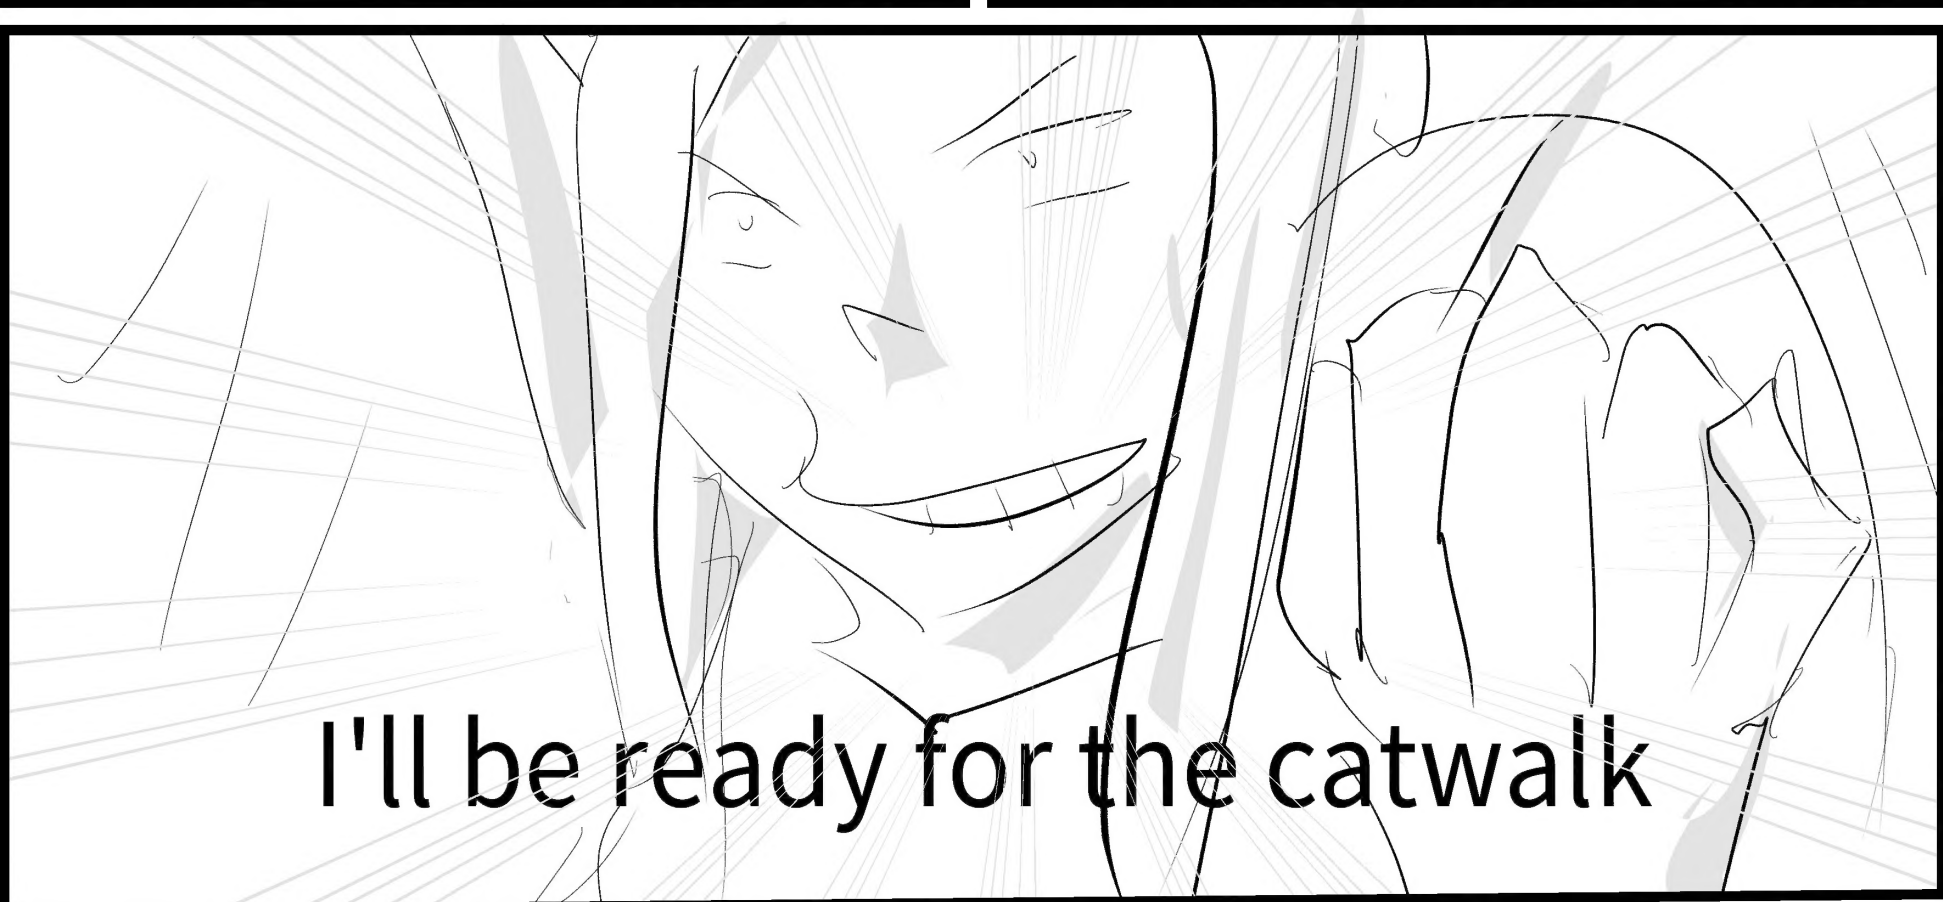

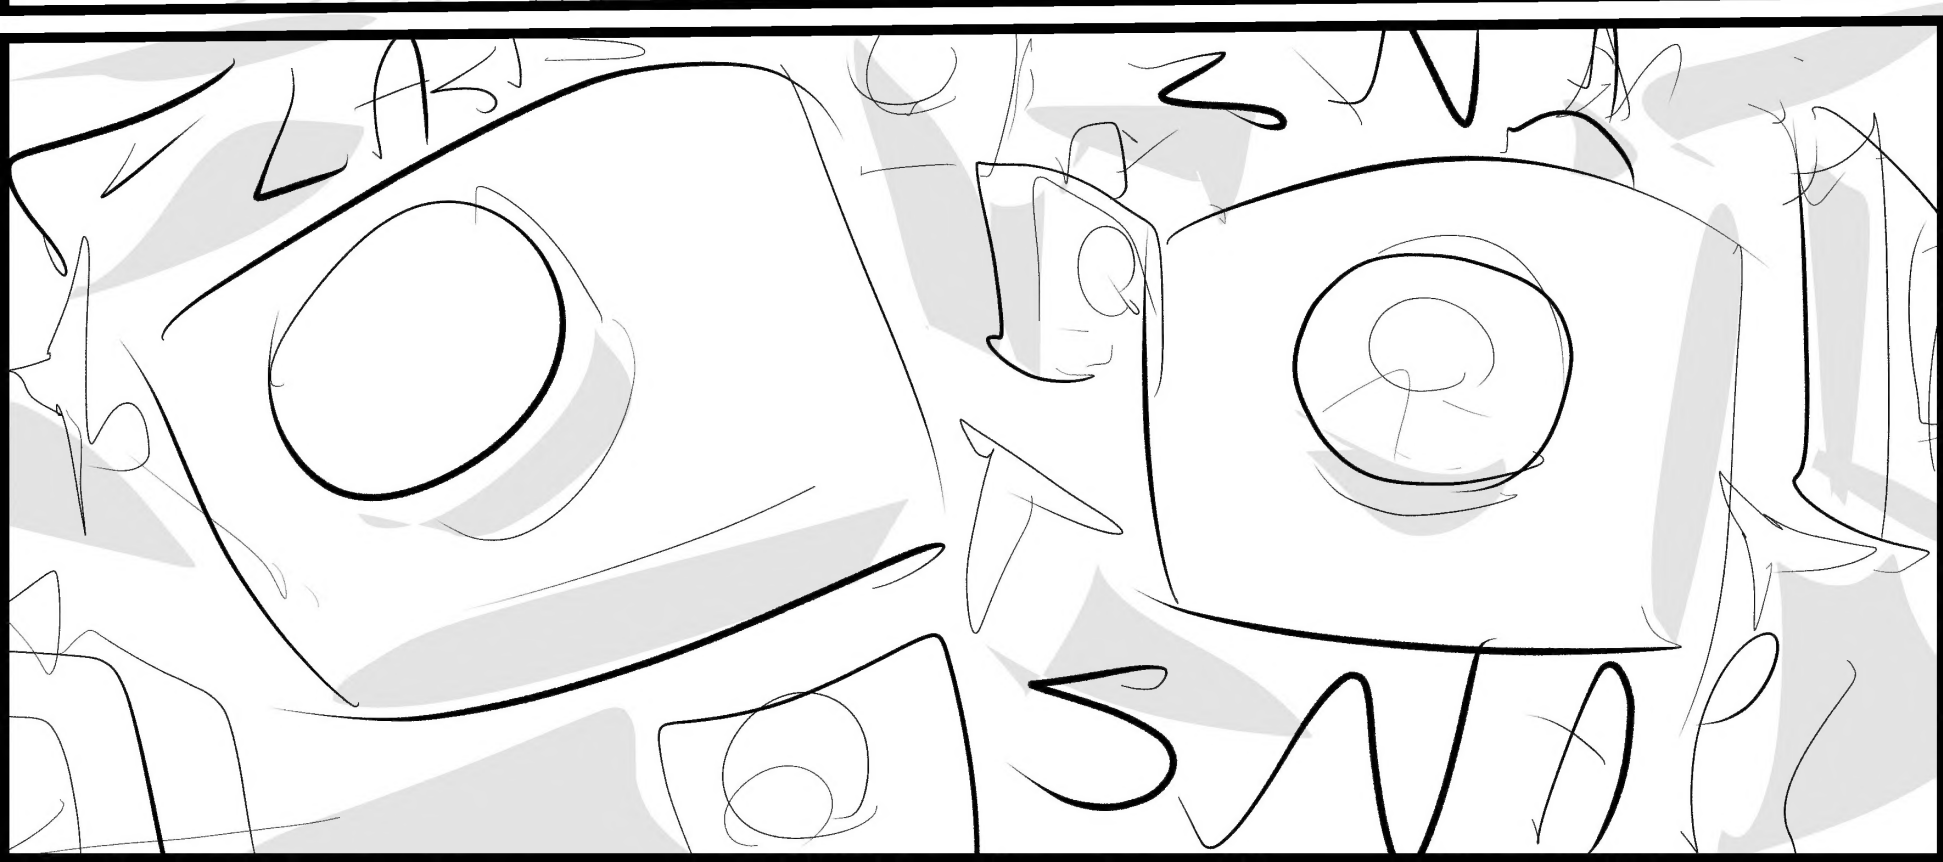

Well,  
except  
for my  
daily  
jog

But after that

I'll be ready for the catwalk

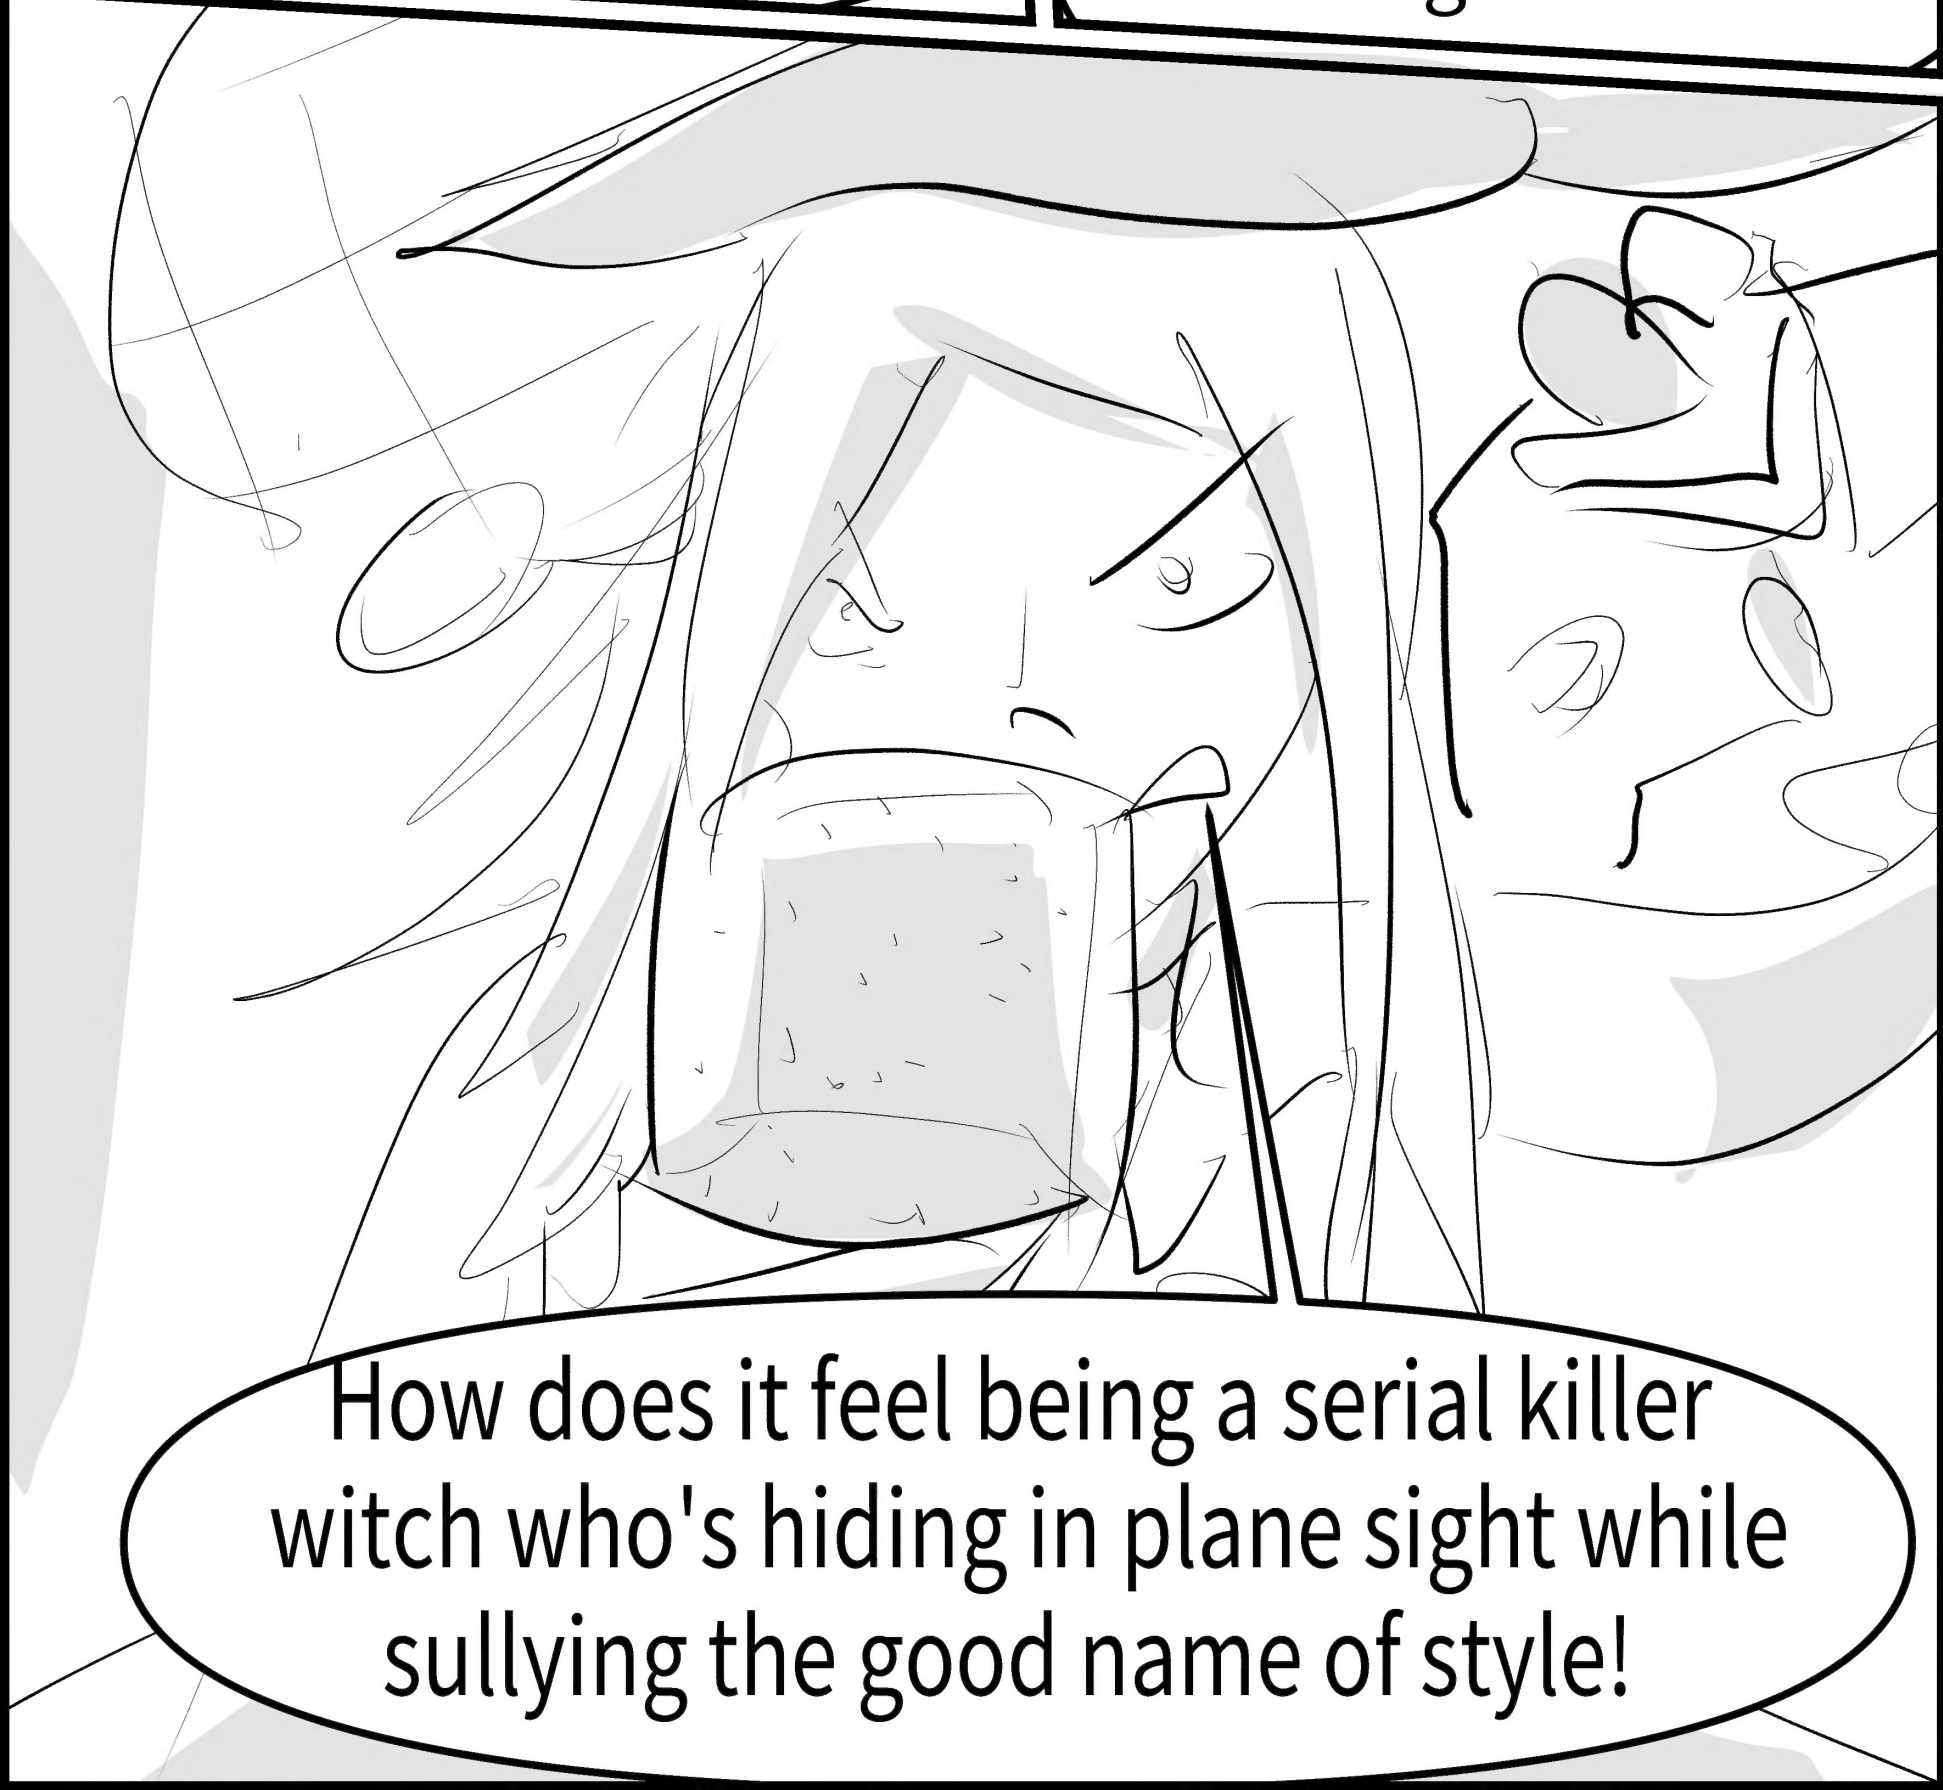

So miss Pardi, with  
another fashion week  
coming to a close

Many of our readers  
are asking themselves

How does it feel being a serial killer  
witch who's hiding in plane sight while  
sullyng the good name of style!

A character wearing a helmet with several circular sensors or lights on the top and front. They have a slight smile and are looking towards the right. A speech bubble is positioned above their head.

Well...

A character with long, dark hair is shown from the chest up, looking towards the left. A speech bubble is positioned to their right.

xSNAP x

A character with long, dark hair is shown from the chest up, looking towards the left. A speech bubble is positioned below their head.

Isn't that the  
question  
of the day?
